Young Bob

Robinson tells the warm and comic story of her father's peculiar obsession as a gerbil farmer, and of her own life growing up as one of the "employees" in his oddly thriving, sometimes exasperating, often humorous venture.

Shut Your Eyes Tight (Dave Gurney, No. 2)

Bob Dylan is the prince of self-reinvention and deflection. Whether it's the folkies of Greenwich Village, the student movement of the 1960s and 1970s, Born Again Christians, the Chabad Lubavitch community, or English Department postmodernists, specific intellectual and sociopolitical groups have repeatedly claimed Bob Dylan as their spokesperson.

But in the words of filmmaker Todd Haynes, who cast six actors to depict different facets of Dylan's life and artistic personae in his 2009 film *I'm Not There*, "The minute you try to grab hold of Dylan, he's no longer where he was." In *Light Come Shining*, writer Andrew McCarron uses psychological tools to examine three major turning points - or transformations - in Bob Dylan's life: the aftermath of his 1966 motorcycle "accident," his Born Again conversion in 1978, and his recommitment to songwriting and performing in 1987. With fascinating insight, McCarron reveals how a common script undergirds Dylan's self-explanations of these changes; and, at the heart of this script, illuminates a fascinating story of spiritual death and rebirth that has captivated us all for generations.

The Gerbil Farmer's Daughter

Accompanied by a vast array of photographs and paintings, this tribute to Greenwich village features 60 stories written by artists, writers, musicians, restaurateurs and other neighborhood dwellers who share a memory of this beloved place.

Positively 4th Street

A fascinating journey into the hidden psychological influences that derail our decision-making, *Sway* will change the way you think about the way you think. Why is it so difficult to sell a plummeting stock or end a doomed relationship? Why do we listen to advice just because it came from someone "important"? Why are we more likely to fall in love when there's danger

Acces PDF A Freewheelin Time Greenwich Village In The Sixties Bob Dylan And Me Suze Rotolo

involved? In *Sway*, renowned organizational thinker Ori Brafman and his brother, psychologist Rom Brafman, answer all these questions and more. Drawing on cutting-edge research from the fields of social psychology, behavioral economics, and organizational behavior, Sway reveals dynamic forces that influence every aspect of our personal and business lives, including loss aversion (our tendency to go to great lengths to avoid perceived losses), the diagnosis bias (our inability to reevaluate our initial diagnosis of a person or situation), and the “chameleon effect” (our tendency to take on characteristics that have been arbitrarily assigned to us). Sway introduces us to the Harvard Business School professor who got his students to pay \$204 for a \$20 bill, the head of airline safety whose disregard for his years of training led to the transformation of an entire industry, and the football coach who turned conventional strategy on its head to lead his team to victory. We also learn the curse of the NBA draft, discover why interviews are a terrible way to gauge future job performance, and go inside a session with the Supreme Court to see how the world’s most powerful justices avoid the dangers of group dynamics. Every once in a while, a book comes along that not only challenges our views of the world but changes the way we think. In *Sway*, Ori and Rom Brafman not only uncover rational explanations for a wide variety of irrational behaviors but also point readers toward ways to avoid succumbing to their pull.

These are just a few of the hilariously human animals you'll meet in *Animals Talking in All Caps*. Cultural commentator John Strausbaugh's *The Village* is the first complete history of Greenwich Village, the prodigiously influential and infamous New York City neighborhood. From the Dutch settlers and Washington Square patricians, to the Triangle Shirtwaist fire and Prohibition-era speakeasies; from Abstract Expressionism and beatniks, to Stonewall and AIDS, the connecting narratives of *The Village* tell the story of America itself. Illustrated with historic black-and-white photographs, *The Village* features lively, well-researched profiles of many of the people

who made Greenwich Village famous, including Thomas Paine, Walt Whitman, Edna St. Vincent Millay, Mark Twain, Margaret Sanger, Eugene O'Neill, Marcel Duchamp, Upton Sinclair, Willa Cather, Jack Kerouac, Allen Ginsberg, Jackson Pollock, Anais Nin, Edward Albee, Charlie Parker, W. H. Auden, Woody Guthrie, James Baldwin, Maurice Sendak, E. E. Cummings, and Bob Dylan.

The Ferrari in the Bedroom

From John Strausbaugh, author of *City of Sediton* and *The Village*, comes the definitive history of Gotham during the World War II era. New York City during World War II wasn't just a place of servicemen, politicians, heroes, G.I. Joes and Rosie the Riveters, but also of quislings and saboteurs; of Nazi, Fascist, and Communist sympathizers; of war protesters and conscientious objectors; of gangsters and hookers and profiteers; of latchkey kids and bobby-soxers, poets and painters, atomic scientists and atomic spies. While the war launched and leveled nations, spurred economic growth, and saw the rise and fall of global Fascism, New York City would eventually emerge as the new capital of the world. From the Gilded Age to VJ-Day, an array of fascinating New Yorkers rose to fame, from Mayor Fiorello La Guardia to Franklin and Eleanor Roosevelt, Langston Hughes to Joe Louis, to Robert Moses and Joe DiMaggio. In *Victory City*, John Strausbaugh returns to tell the story of New York City's war years with the same richness, depth, and nuance he brought to his previous books, *City of Sediton* and *The Village*, providing readers with a

groundbreaking new look into the greatest city on earth during the most transformative -- and costliest -- war in human history.

Jean Shepherd was one of America's favorite humorists, his most notable achievement being the creation of the indefatigable Ralphie Parker and his quest for a BB gun in the holiday classic A Christmas Story. But he was so much more, a comic Garrison Keillor-like figure whose unique voice transcended the airwaves and affected a whole generation of nostalgic Americans. The Ferrari in the Bedroom is Shepherd's wry, affectionate look at the hang-ups and delusions of Americans in the 1970s. From his sardonic

assessment of fads such as the nostalgia craze (“Thinking that the old days were good is a terrible sickness. Everything was just as bad then as it is now.”) to a modest proposal for the foundation of S.P.L.A.T. (The Society for the Prevention of the Leaving of Animal Turds), Jean Shepherd provides a generous measure of his special brand of wise and warm humor as an antidote for some of America’s more ridiculous obsessions.

Another Side of Bob Dylan

What Hemingway's *A Moveable Feast* did for Paris in the 1920s, this charming yet undecipherable memoir does for Greenwich Village in the late 1940s. In 1946, Anatole Broyard was a dapper, earnest, fledgling avant-gardist, intoxicated by books, sex, and the neighborhood that offered both in such abundance. Stylishly written, mercurially witty, imbued with insights that are both affectionate and astringent, this memoir offers an indelible portrait of a lost bohemia. We see Broyard setting up his used bookstore on Cornelia Street—indulging in a dream that was for him as romantic as “living off the land or sailing around the world” while exercising his libido with a protegee of Anais Nin and taking courses at the New School, where he deliberates on “the new trends in art, sex, and psychosis.” Along the way he encounters Delmore Schwartz, Caitlin and Dylan Thomas, William Gaddis, and other writers at the start of their careers. Written with insight and mercurial wit, *Kafka Was the Rage* elegantly captures a moment and place and pays homage to a lost bohemia as it was experienced

by a young writer eager to find not only his voice but also his place in a very special part of the world.

Set against the drama of the Great Depression, the conflict of American race relations, and the inquisitions of the House Un-American Activities Committee, Cafe Society tells the personal history of Barney Josephson, proprietor of the legendary interracial New York City night clubs Cafe Society Downtown and Cafe Society Uptown and their successor, The Cookery. Famously known as "the wrong place for the Right people," Cafe Society featured the cream of jazz and blues performers--among whom were Billie Holiday, Big Joe Turner, Lester Young, Buck Clayton, Big Sid Catlett, and Mary Lou Williams--as well as comedy stars Imogene Coca, Zero Mostel, and Jack Gilford, the boogie-woogie pianists, and legendary gospel and folk artists. A trailblazer in many ways, Josephson welcomed black and white artists alike to perform for mixed audiences in a venue whose walls were festooned with artistic and satiric murals lampooning what was then called "high society." Featuring scores of photographs that illustrate the vibrant cast of characters in Josephson's life, this exceptional book speaks richly about Cafe Society's revolutionary innovations and creativity, inspired by the vision of one remarkable man.

Presents a memoir by the well-known singer and songwriter which discusses his life among the folk musicians who lived and performed in the Greenwich Village of the 1950s and 1960s.

Late Nights With Bob Dylan

Named one of the 50 best memoirs of the past 50 years by The New York Times Winner of the National Book Critics Circle Award “Among the great American literary memoirs of the past century . . . a riveting portrait of an era . . . Johnson captures this period with deep clarity and moving insight.” – Dwight Garner, The New York Times In 1954, Joyce Johnson’s Barnard professor told his class that most women could never have the kinds of experiences that would be worth writing about. Attitudes like that were not at all unusual at a time when “good” women didn’t leave home or have sex before they married; even those who broke the rules could merely expect to be minor characters in the dramas played by men. But secret rebels, like Joyce and her classmate Elise Cowen, refused to accept things as they were. As a teenager, Johnson stole down to Greenwich Village to sing folksongs in Washington Square. She was 21 and had started her first novel when Allen Ginsberg introduced her to Jack Kerouac; nine months later she was with Kerouac when the publication of *On the Road* made him famous overnight. Joyce had longed to go on the road with him; instead she got a front seat at a cultural revolution under attack from all sides; made new friends like Hettie and LeRoi Jones, and found herself fighting to keep the shy, charismatic,

tormented Kerouac from destroying himself. It was a woman's adventure and a fast education in life. What Johnson and other Beat Generation women would discover were the risks, the heartache and the heady excitement of trying to live as freely as the rebels they loved.

Time Off for Good Behavior

If the twentieth century was the American century, it can be argued that it was more specifically the New York century, and Greenwich Village was the incubator of every important writer, artist, and political movement of the period. From the century's first decade through the era of beatniks and modern art in the 1950s and '60s, Greenwich Village was the destination for rebellious men and women who flocked there from all over the country to fulfill their artistic, political, and personal dreams. It has been called the most significant square mile in American cultural history, for it holds the story of the rise and fall of American socialism, women's suffrage, and the commercialization of the avant-garde. One Villager went so far as to say that "everything started in the Village except Prohibition," and in the 1940s, the young actress Lucille Ball said, "The Village is the greatest place in the world." What other community could claim a spectrum ranging from Henry James to Marlon Brando, from Marcel Duchamp to Bob Dylan, from Gertrude Vanderbilt Whitney to Abbie Hoffman? The story of the Village is, in large part, the stories old Villagers have told new Villagers about former Villagers, and to tell its story is in large part to tell its

legends. Republic of Dreams presents the remarkable, outrageous, often interrelated biographies of the giants of American journalism, poetry, drama, radical politics, and art who flocked to the Village for nearly half a century, among them Eugene O'Neill, whose plays were first produced by the Provincetown Players on Macdougall Street, for whom Edna St. Vincent Millay also wrote; Jackson Pollock, who moved to the Village from Wyoming in 1930 and was soon part of the group of 8th Street painters who would revolutionize Western painting; E. E. Cummings, who lived for years on Patchin Place, as did Djuna Barnes; Max Eastman, who edited the groundbreaking literary and political journal *The Masses*, which introduced Freud to the American public and also published Sherwood Anderson, Amy Lowell, Upton Sinclair, Maksim Gorky, and John Reed's reporting on the Russian Revolution. Republic of Dreams is beautifully researched, outspoken, wise, hip, exuberant, a monumental, definitive history that will endure for decades to come.

Republic of Dreams

Have you ever fantasized about taking time away from your overworked life? Nights uninterrupted by email? Days to pursue set-aside dreams? Do you promise yourself that "someday" you will get a break? Mary Lou Quinlan had those "someday" thoughts. But her hard-earned job as CEO of a New York advertising agency claimed most of her waking hours. Exhausted and losing motivation, she was so desperate she perversely imagined breaking her leg to get some

Acces PDF A Freewheelin Time Greenwich Village In The Sixties Bob Dylan And Me Suze Rotolo

time alone. Then, she declared a brief timeout. During her time off, she slept late, took walks, danced the salsa, kept a journal and ultimately, uncovered the roots of a new business. In the process, she rediscovered herself. Time Off for Good Behavior is the result of listening to women like her, who realized enough was enough. Quinlan tells no-holds-barred stories of dozens of women who sacrificed their health, relationships, their good humor and a good night's sleep until they found the courage to ask themselves if they were happy with the life they were living and made the decisions to take life-saving breaks. Mary Lou Quinlan explores the factors that compel you to work so hard and examines how to take back control of your life. She explores our unwillingness to give ourselves permission to rest so that we can re-imagine our futures. And she shows the powerful, self-fulfilling changes that can occur when we do decide to take that rest. Whether you contemplate leaving a career that took years to build or just need a long vacation to assess what you want next, you'll find practical tools and bolstering advice throughout. Each chapter ends with provocative questions to help you plan your good behavior reprieve. Specific exercises on financial planning, advice for negotiating time off, and tools to uncover your passions make this a must-read for women who are ready for "someday." Time off for Good Behavior ultimately shows that stepping away from everything—even for a short while—often means ending up with so much more.

With two Masters Championships, nineteen career PGA victories, three NCAA Championships, and millions in earnings, Ben Crenshaw is without question one of the most successful golfers of the century. But Crenshaw's claim to fame goes beyond his individual performances. As captain of the 1999 Ryder Cup team, Crenshaw confronted the largest deficit in tournament history—and the skepticism of commentators who suggested that he was the wrong man to manage the team in today's dog-eat-dog, mindgame world of match-play golf. Twenty-four hours later, Crenshaw proved all the critics wrong. In a hard-fought competition that kept viewers glued to their televisions, he brilliantly motivated a team of diverse personalities and, in the most thrilling match in Ryder Cup history, brought the Cup back to American soil. And he did it his way—with grace, honor, dedication, and an encyclopedic knowledge of how the game should be played. *A Feel for the Game* is Crenshaw's warm tribute to golf and its traditions. He describes his early years learning the game from

famed golf guru Harvey Penick, and takes readers through his career as an outstanding amateur to his glorious years on the PGA Tour, culminating in the climactic Ryder Cup victory. He introduces the players and teachers who have inspired him, from Penick and Bobby Jones to Jackie Burke, Tom Kite, and Payne Stewart. His reminiscences, his fascinating glimpses into golf history, and his unparalleled understanding of the nuances of play make this an engaging personal portrait of a man and a game that were made for each other.

“A love song to a lost New York” (New York magazine) from novelist, essayist, and critic Frederic Tuten as he recalls his personal and artistic coming-of-age in 1950s New York City, a defining period that would set him on the course to becoming a writer. Born in the Bronx to a Sicilian mother and Southern father, Frederic Tuten always dreamed of being an artist. Determined to trade his neighborhood streets for the romantic avenues of Paris, he learned to paint and draw, falling in love with the process of putting a brush to canvas and the feeling it gave him. At fifteen, he decided to leave high school and pursue the bohemian life he’d read about in books. But, before he could, he would receive an extraordinary education right in his own backyard. “A stirring portrait...and a wonderfully raw story of city boy’s transformation into a writer” (Publishers Weekly), *My Young Life* reveals Tuten’s early formative years where he would discover the kind of life he wanted to lead. As he travels downtown for classes at the Art Students League, spends afternoons reading in Union Square, and discovers the vibrant scenes of downtown galleries and Lower East Side bars, Frederic finds himself a member of a new community of artists, gathering friends, influences—and many girlfriends—along the way. Frederic Tuten has had a remarkable life, writing books, traveling around the world, acting in and creating films, and even conducting summer workshops with Paul Bowles in Tangiers. Spanning two decades and bringing us from his family’s kitchen table in the Bronx to the cafes of Greenwich Village and back again, *My Young Life* is an intimate and enchanting portrait of an artist’s coming-of-age, set against one of the most exciting creative

The Elements of Style

Dave Van Ronk (1936-2002) was one of the founding figures of the 1960s folk revival, but he was far more than that. A pioneer of modern acoustic blues, a fine songwriter and arranger, a powerful singer, and one of the most influential guitarists of the '60s, he was also a marvelous storyteller, a peerless musical historian, and one of the most quotable figures on the Village scene. Featuring encounters with young stars-to-be like Bob Dylan and Joni Mitchell, *The Mayor of MacDougal Street* is a vivid evocation of a singular time and place--a feast not only for fans of folk music and blues, but for anyone interested in the music, politics, and spirit of a revolutionary period in American culture.

My Young Life

When he was the NYPD’s top homicide investigator, Dave Gurney was never comfortable with the label the press gave him: super detective. He was simply a man who, when faced with a puzzle, wanted to know. He was called to the investigative hunt by the presumptuous arrogance of murderers - by their

Acces PDF A Freewheelin Time Greenwich Village In The Sixties Bob Dylan And Me Suze Rotolo

smug belief that they could kill without leaving a trace. There was always a trace, Gurney believed. Except what if one day there wasn't? Dave Gurney, a few months past the Mellery case that pulled him out of retirement and then nearly killed him, is trying once again to adjust to his country house's bucolic rhythms when he receives a call about a case so seductively bewildering that the thought of not looking into it seems unimaginable—even if his beloved wife, Madeleine, would rather he do anything but. The facts of what has occurred are horrible: a blushing bride, newly wed to an eminent psychiatrist and just minutes from hearing her congratulatory toast, is found decapitated, her head apparently severed by a machete. Though police investigators believe that a Mexican gardener killed the young woman in a fit of jealous fury, the victim's mother—a chilly high-society beauty—is having none of it. Reluctantly drawn in, Dave is quickly buffeted by a series of revelations that transform the bizarrely monstrous into the monstrously bizarre. Underneath it all may exist one of the darkest criminal schemes imaginable. And as Gurney begins deciphering its grotesque outlines, some of his most cherished assumptions about himself are challenged, causing him to stare into an abyss so deep that it threatens to swallow not just him but Madeleine, too. Desperate to protect Madeleine and bring an end to the madness, Gurney ultimately discovers that the killer has left a trace after all. Unfortunately, the revelation may come too late to save his own life. With *Shut Your Eyes Tight*, John Verdon delivers on the promise of his internationally bestselling debut, *Think of a Number*, creating a portrait of evil let loose across generations

The Mayor of MacDougal Street

The story of how four young bohemians on the make - Bob Dylan, Joan Baez, Mimi Baez, and Richard Farina - converged in Greenwich Village, fell into love, and invented a sound and a style that are one of the most lasting legacies of the 1960s When Bob Dylan, age twenty-five, wrecked his motorcycle on the side of a road near Woodstock in 1966 and dropped out of the public eye, he was recognized as a genius, a youth idol, and the authentic voice of the counterculture: and Greenwich Village, where he first made his mark as a protest singer with an acid wit and a barbwire throat, was unquestionably the center of youth culture. So embedded are Dylan and the Village in the legend of the Sixties--one of the most powerful legends we have these days--that it is easy to forget how it all came about. In *Positively Fourth Street*, David Hajdu, whose 1995 biography of jazz composer Billy Strayhorn was the best and most popular music

Acces PDF A Freewheelin Time Greenwich Village In The Sixties Bob Dylan And Me Suze Rotolo

book in many seasons, tells the story of the emergence of folk music from cult practice to popular and enduring art form as the story of a colorful foursome: not only Dylan but his part-time lover Joan Baez - the first voice of the new generation; her sister Mimi - beautiful, haunted, and an artist in her own right; and her husband Richard Farina, a comic novelist (*Been Down So Long It Looks Like Up To Me*) who invented the worldliwise bohemian persona that Dylan adopted--some say stole--and made as his own. The story begins in the plain Baez split-level house in a Boston suburb, moves to the Cambridge folk scene, Cornell University (where Farina ran with Thomas Pynchon), and the University of Minnesota (where Robert Zimmerman christened himself Bob Dylan and swapped his electric guitar for an acoustic and a harmonica rack) before the four protagonists converge in New York. Based on extensive new interviews and full of surprising revelations, *Positively Fourth Street* is that rare book with a new story to tell about the 1960s. It is, in a sense, a book about the Sixties before they were the Sixties--about how the decade and all that it is now associated with it were created in a fit of collective inspiration, with an energy and creativity that David Hajdu captures on the page as if for the first time.

Dreams Die Hard

What's in a name? For Carl Capotorto, everything is in a name. The literal translation from Italian to English of Capotorto is "twisted head." This is no accident. Carl grew up in the Bronx in the 1960s and '70s with

Acces PDF A Freewheelin Time Greenwich Village In The Sixties Bob Dylan And Me Suze Rotolo

the Mangialardis ("eat fat") and Mrs. Sabella ("so beautiful"), incessant fryers and a dolled-up glamour queen. Carl's father, Philip Vito Capotorto, was the obsessive, tyrannical head of the family--"I'm not your friend, I'm the father" was a common refrain in their household. The father ran Cappi's Pizza and Sangwheech Shoppe, whose motto was "We Don't Spel Good, Just Cook Nice." It was a time of great upheaval in the Bronx, and Carl's father was right in the middle of it, if not the cause of it, much to the chagrin of his long-suffering mother. Twisted Head is the comedic story of a hardscrabble, working-class family's life that represents the real legacy of Italian-Americans--labor, not crime. It is also the poignant memoir of the author's struggle to become himself in a world that demanded he act like someone else. Tragic and funny in equal measure, Carl's story is propelled by a cast of only-in-New-York characters: customers at the family pizza shop, public school teachers, nuns and priests at church, shop owners and merchants--all wildly entertaining and sometimes frightening. Somewhere in all the rage and madness that surrounded Carl in his youth, he found the bottom line: he loved his family, but he had to let them go. Twisted Head is an exorcism of sorts. With plenty of laughs.

Farewell, Godspeed is a remarkable collection of eulogies for some of the most notable figures of our time, delivered by the people who knew them best. In the words used to eulogize the great and celebrated men and women of the world—sometimes reverential, sometimes funny, always poignant—we come as close as perhaps we ever will to seeing the warm humanity beneath their public personas. Cyrus M. Copeland has gathered some of the greatest of these writings about artists, scientists, authors, public servants, entertainers, and others who have captured our attention by making the world a better, or at least a livelier, place. Here is Andy Warhol's close friend describing Warhol's hidden spirituality. Albert Einstein's assistant recounting his humanism. Edward Kennedy remembering with a brother's tenderness the life of Jacqueline Kennedy Onassis. Larry McMurtry's lively and loving tribute to Irving "Swifty" Lazar. And Robert Bernstein, longtime publisher and friend of Dr. Seuss, memorializing him with special,

Cafe(c) to WNYC Radio and Folkways Records, New York City's cultural, artistic, and commercial assets helped to shape a distinctively urban breeding ground for the famous folk music revival of the 1950s and '60s. 'Folk City', by Stephen Petrus and Ronald Cohen, explores New York's central role in fueling the nationwide craze for folk music in postwar America. The musical form blossomed particularly in Greenwich Village, the famed neighborhood that had long nurtured unconventional art, progressive politics, and countercultural trends. But the phenomenon was not inevitable. After all, folk music was largely rural in origins, the songs of peasants in the Old World and then of sailors, cowboys, lumberjacks, coal miners, chain gangs, and others across the United States. How it became urban and modern is a fascinating story, one that involves the efforts of record company producers and executives, club owners, concert promoters, festival organizers, musicologists, agents and managers, editors and writers-not to mention the musicians and their audiences.0In this account, Petrus and Cohen capture the exuberance of the times and introduce readers to a host of characters who brought a new style to the biggest audience in the history of popular music. Among the savvy New York entrepreneurs committed to promoting folk music were Izzy Young of the Folklore Center, Mike Porco of Gerde's Folk City, and John Hammond of Columbia Records. While these and other businessmen developed commercial networks for musicians, the performance venues provided the artists spaces to test their mettle. The authors portray Village coffee houses not simply as lively venues but as incubators of a burgeoning counterculture, where

artists from diverse backgrounds honed their performance techniques and challenged social convention in the era of Eisenhower, Kennedy, and Johnson.

Bob Dylan in America

First published in 1987, New York Times bestseller, *I'm With The Band* has been reprinted throughout the years, all over the world. This is the stylish, exuberant and sweetly innocent tale of one of the most famous groupies of the 1960s and 70s. Beginning with Pamela Des Barres' early obsession with Elvis, her own Beatlemania madness, and her fierce determination to meet the musicians who rocked her world, *I'm With The Band* illuminates the glory days of scintillating encounters with musical gods including Jim Morrison, Jimi Hendrix, Mick Jagger and Keith Moon. A girl just wanting to have fun, Des Barres immersed herself in the drugs, danger and ecstasy of the freewheeling 1960s. As a member of The GTOs (Girls Together Outrageously), an all-female group masterminded by Frank Zappa, Des Barres was in the thick of the most revolutionary renaissance in the history of modern popular music. She travelled with Led Zeppelin; lived in sin with Don Johnson; turned down a date with Elvis Presley; and was close friends with Robert Plant, Gram Parsons and Ray Davies. She had affairs with Mick Jagger, Jimmy Page, Keith Moon, Waylon Jennings, Chris Hillman, Noel Redding, and Jim Morrison, among others. A woman in possession of her own destiny, Des Barres blazed a trail for women's life-writing, standing up for female voices

and experience everywhere. From original diaries, told with great warmth, chutzpah and joie de vivre, this is a frank memoir that wears its heart on its sleeve, and recalls one of rock 'n' roll's most thrilling eras. This edition contains new material from the author, including her response to the vitriolic shaming of groupies, and a foreword by Roisin O'Connor, rock journalist and music correspondent for the Independent.
