Since 1968, Bernie Krause has traveled the world recording the sounds of remote landscapes, endangered habitats, and rare animal species. Through his organization, Wild Sanctuary, he has collected the soundscapes of more than 2,000 different habitat types, marine and terrestrial. With powerful illustrations and compelling stories, Krause provides a manifesto for the appreciation and protection of natural soundscapes. In his previous book, *The Great Animal Orchestra*, Krause drew readers' attention to what Jane Goodall described as "the harmonies of nature . . . [that are being] one by one by one, snuffed out by human actions." He now explains that the secrets hidden in the natural world's shrinking sonic environment must be preserved, not only for our scientific understanding, but for our cultural heritage and humanity's physical and spiritual welfare. Krause's narrative—supplemented by exclusive access to field recordings from the wild—draws on a compelling range of personal anecdotes, histories, and examples to document his early exploration of this field and to lay the groundwork for future generations.

Everything you need to make your next talk a resounding success is right here-even if you dread the thought of approaching a podium! In Presentation S.O.S., renowned communications expert Mark Wiskup gives you a quick, concise, and (yes!) fun way to confidently sell your ideas to any audience. Packed with unique tips and featuring nine easy, painless steps that will transform you into a great presenter, this book shows you how to: Develop a "Power Sound Bite" to grab your listeners' attention and focus your message. Get the most out of PowerPoint-and dodge its pitfalls. Avoid seemingly harmless words and expressions that can turn the audience against you. Finish big with a knock-'em-dead "Power Close." Win the Q&A battle-learn how to handle even the toughest questions and most difficult members of your audience. Book jacket.

A young Indian seaman sets out on a hazardous voyage from Hong Kong aboard the M.T. Aiwa Maru-a blacklisted vessel that has been banned from sailing. Although wary of the risks involved in his new assignment, Anant is mesmerized by the ship. But the terrors of the open sea are not the only perils that beset the multiracial crew of the Aiwa Maru. With the arrival of the Second Engineer's beautiful young wife Ujjwala, Anant finds himself irresistibly drawn to her even as matters aboard this bewitching vessel spin dangerously out of control. A cult novel in the original Marathi, Aiwa Maru is a dark and thrilling tale of passion, greed, obsession and adventure.

Build the skills needed to compete in the highly competitive global business environment! This incisive book is a comprehensive introduction to contemporary multinational strategic leadership and management. A vital guide to business policy, *Multinational Strategic Management: An Integrative Entrepreneurial Context-Specific Process* combines basic strategic management with a distinctive international business perspective. The result is invaluable as a preparatory overview for novices and as a guidebook for business practitioners. Mixing basic management and leadership perspectives with a study of international business, *Multinational Strategic Management* takes a comprehensive approach to subjects that traditionally require multiple texts. Designed for use as a textbook for undergraduate and graduate course work, the book fills an educational void in a rapidly growing field. The in-depth text provides you with a thorough understanding of how to lead and manage enterprises that operate within and across national borders. *Multinational Strategic Management* helps professionals, students, and educators: acquire and enhance skills in entrepreneurial contingency thinking and action integrate those skills to creatively handle specific situations learn more about management processes (and possibly develop new ones) Ideal for use in support of executive training workshops and as a text in advanced university business programs, *Multinational Strategic Management* introduces you to all levels of integrative decision-making from the entrepreneurial perspective of the leading multinational firms like General Electric and Intel. Perfect for educational use, the book provides more than the standard textbook descriptions and case studies. It will inspire the kind of creative entrepreneurial thought and action needed to compete in today's highly competitive global environment.
