The Ancient Egyptian Books of the Earth

The Egyptian Book of Living & Dying

NEW YORK TIMES BESTSELLER In this landmark work, one of the world's most renowned Egyptologists tells the epic story of this great civilization, from its birth as the first nation-state to its final absorption into the Roman Empire—three thousand years of wild drama, bold spectacle, and unforgettable characters. Award-winning scholar Toby Wilkinson captures not only the lavish pomp and artistic grandeur of this land of pyramids and pharaohs but for the first time reveals the constant propaganda and repression that were its foundations. Drawing upon forty years of archaeological research, Wilkinson takes us inside an exotic tribal society with a pre-monetary economy and decadent, divine kings who ruled with all-too-recognizable human emotions. Here are the years of the Old Kingdom, where Pepi II, made king as an infant, was later undermined by rumors of his affair with an army general, and the Middle Kingdom, a golden age of literature and jewelry in which the benefits of the afterlife became available for all, not just royalty—a concept later underlying Christianity. Wilkinson then explores the legendary era of the New Kingdom, a lost world of breathtaking opulence founded by Ahmose, whose parents were siblings, and who married his sister and transformed worship of his family into a national cult. Other leaders include Akhenaten, the “heretic king,” who with his wife Nefertiti brought about a revolution with a bold new religion; his son Tutankhamun, whose dazzling tomb would remain hidden for three millennia; and eleven pharaohs called

Ramesses, the last of whom presided over the militarism, lawlessness, and corruption that caused a crucial political and societal decline. Riveting and revelatory, filled with new information and unique interpretations, *The Rise and Fall of Ancient Egypt* will become the standard source about this great civilization, one that lasted—so far—longer than any other. From the Hardcover edition.

Ancient Egypt and the Near East

How to find, classify and date fossils, and assess their geological context, together with an illustrated directory of more than 375 fossil examples.

1,000 Facts about Ancient Egypt

From the Great Pyramid and the Valley of the Kings to the Nile River and Cleopatra, kids can discover all they have ever wanted to know about this ancient civilization in this reference jam-packed with 1,000 fascinating facts. Full color.

Ancient Egypt

Illustrated Encyclopedia of Ancient Egypt

A reference guide and key to all aspects of man's contact with the menagerie of the Ancient Near East. With ample original illustrations.

Through Hermopolitan Lenses

Authoritative and up-to-date, this key single-volume work is a thematic exploration of ancient Egyptian civilization and culture as it was expressed down the centuries. Including topics rarely covered elsewhere as well as new perspectives, this work comprises thirty-two original chapters written by international experts. Each chapter gives an overview of its topic, and also covers the latest research in the area. Chapters are divided thematically into seven sections, to enable a broader understanding of all the complexities of ancient Egyptian society without the constriction of chronological divisions, and illustrated with previously unpublished photographs and drawings. Providing fresh perspectives on this ancient culture, a digest of current research trends in Egyptology as well as a unique examination of the Egyptian world, this fascinating title enables students to gain a clear understanding of ancient Egyptian society.

Ancient Egyptian Chronology

Offers information about Egyptian gods, goddesses, mummies, pyramids, kings, queens, life-style, customs, and family life.

The Rise and Fall of Ancient Egypt

This lavishly illustrated book offers an intriguing insight into the religious and burial practices of the ancient Egyptians and the lives that they led.

The Pharaohs of Ancient Egypt

From stories of resurrected mummies and thousand-year-old curses to powerful pharaohs and the coveted treasures of the Great Pyramids, ancient Egypt has had an unfaltering grip on the modern imagination. Now, in *Egyptian Mythology*, Geraldine Pinch offers a comprehensive introduction that untangles the mystery of Egyptian Myth. Spanning Ancient Egyptian culture--from 3200 BC to AD 400--Pinch opens a door to this hidden world and casts light on its often misunderstood belief system. She discusses the nature of myths and the history of Egypt, from the predynastic to the postpharaonic period. She explains how Egyptian culture developed around the flooding of the Nile, or the "inundation," a phenomenon on which the whole welfare of the country depended, and how aspects of the inundation were personified as deities. She explains that the usually cloudless skies made for a preoccupation with the stars and planets. Indeed, much early Egyptian mythology may have developed to explain the movement of these celestial bodies. She provides a timeline covering the seven stages in the mythical history of Egypt and outlining the major events of each stage, such as the reign of the sun God. A substantial A to Z section covers the principal themes and concepts of Egyptian mythology as well as the most important deities, demons, and other characters. For anyone who wants to know about Anubis, the terrifying canine god who presided over the mummification of bodies and guarded burials, or Hathor, the golden goddess who helped women to give birth and the dead to be reborn, or an explanation of the nun, the primeval ocean from which all life came, *Egyptian Mythology* is the place to look.

Ancient Egypt

True aristocrat of domestic animals, the cat has a distinguished ancestry. Most modern cats are thought to be descended from the cats of ancient Egypt, so these creatures represent a living link between ancient Egyptian civilization and our own. Drawing on a vast range of sources, this text examines the significance of cats in Egyptian religion and art.

A History of the Animal World in the Ancient Near East

Death as an Enemy According to Ancient Egyptian Conceptions

Introduces ancient Egypt, discussing its history from the predynastic period up to the Byzantine era and describing its

religion, language, writing, art, and architecture.

The Illustrated Encyclopedia of Warfare

This generously illustrated work is the most complete reference book ever published on these fascinating and compelling structures of the ancient world. Facts on each of the 42 pharaohs and the monuments they constructed (and commentary from the author who has extensively explored them) include all elements of each pyramid complex that have been discovered, and whether a sarcophagus and mummy have been located. Cross-sectional diagrams and floor plans are provided for all pyramids so far uncovered, as well as photographs where available. Longer essays discuss in painstaking detail the unusual features of such as the Bent Pyramid of Pharaoh Sneferu and the Great Pyramid of Pharaoh Khufu. Eight appendices include a comparison of Egyptian to Aztec and Mayan pyramids; and notable pyramid authors and explorers. The resulting book offers solutions to many of the intriguing mysteries long associated with the pyramids in addition to tantalizing suggestions of discoveries yet to be made.

Ancient Egypt

Collections of scenes and texts designated variously as the "Book of the Earth," "Creation of the Solar Disc," and "Book of Aker" were inscribed on the walls of royal sarcophagus chambers throughout Egypt's Ramessid period (Dynasties 19-20). This material illustrated discrete episodes from the nocturnal voyage of the sun god, which functioned as a model for the resurrection of the deceased king. These earliest "Books of the Earth" employed mostly ad hoc arrangements of scenes, united by shared elements of iconography, an overarching, bipartite symmetry of composition, and their frequent pairing with representations of the double sky overhead. From the Twenty-First Dynasty and later, selections of programmatic tableaux were adapted for use in private mortuary contexts, often in conjunction with innovative or previously unattested annotations. The present study collects and analyzes all currently known Book of the Earth material, including discussions of iconography, grammar, orthography, and architectural setting.

The World Encyclopedia of Fossils and Fossil-Collecting

Previously published in hardcover as *War: The Definitive Visual History* War has been central to the rise and fall of civilizations since the dawn of time. The history of warfare first emerges from legend in Mesopotamia, the cradle of civilization, around 3,000 years before the birth of Christ. The first armies that we know about fought in Sumeria, Ancient Egypt, and Syria. From these first battles, fought with spears or axes on horseback or on foot, *The Illustrated Encyclopedia of Warfare* traces the campaigns and conflicts that have shaped world history and examines the evolution of military tactics

and technology. The story of the development from these primitive battles to the global conflicts of the 20th century and the modern "War on Terror" is the story of humanity itself, reflecting the same political, cultural and technological forces that have defined human history. From longbows to laser-guided missiles; from chariots to jet aircraft; and from Samurai warriors to SAS soldiers, The Illustrated Encyclopedia of Warfare provides the definitive visual chronicle of this intense, brutal, and often heroic tale. War combines a coherent and compelling spread-by-spread historical narrative with a wealth of supporting features on weapons and technology, strategy and tactics, the experience of war, and history's fighting elites to recount the epic 5,000-year story of warfare and combat through the ages.

Ancient Egypt

This fun, fact-filled book for kids ages 6-9 is the ultimate guide to Ancient Egypt, from pharaohs to mummies. Entertaining and educating young readers through a combination of close-up images, quirky trivia facts, quiz questions, and fascinating tidbits, it's the perfect book for any kid who can't get enough of this remarkable civilization. Peace in Ancient Egypt

An illustrated reference to the myths, religions, pyramids and temples of the land of the pharaohs.

The Egyptian Pyramids

An authoritative account of Ancient Egypt's mythology and religion and its awe-inspiring temples and tombs.

The Illustrated Encyclopedia of the Pyramids, Temples & Tombs of Ancient Egypt

This volume, the only up-to-date study of its kind in any language, reviews the foundations of Ancient Egyptian chronology before presenting a relative and an absolute chronology for the time span from prehistoric times until the Hellenistic Period.

Egyptian Mythology

In *Through Hermopolitan Lenses* Wael Sherbiny presents a pioneering study and detailed analysis of the so-called Book of Two Ways based on all the original and hitherto unpublished sources of this pictorial-textual composition from ancient Egypt.

The Cat in Ancient Egypt

For more than 3,000 years, Egypt was a great civilization that thrived along the banks of the Nile River. But when its cities crumbled to dust, Egypt's culture and the secrets of its hieroglyphic writings were also lost. *The Pharaohs of Ancient Egypt* explains how archaeologists have pieced together their discoveries to slowly reveal the history of Egypt's people, its pharaohs, and its golden days. From the Trade Paperback edition.

Sacred Sites of Ancient Egypt

DKfindout! Ancient Egypt

In addition to their astonishing legacy of artifacts and burial sites, the ancient Egyptians also produced a rich body of writing about the quest for immortality. *The Egyptian Book of Living and Dying* traces humankind's progress from birth to death to the mysterious realm of the afterlife, with this mortal cycle set against the eternal backdrop of the cosmos: the gods, the movement of the sun, the symbolism of the stars, and the great battles of Horus and Seth. In particular, the *Book of the Dead* emphasizes the hazardous voyage of the soul as it makes its way through the Underworld in search of the eternal paradise. This illuminating work will help bring readers one step closer to the spirit of the ancient Egyptians.
