I have taken time to go through all the features and tricks in the iPhone XS and iPhone XS Max to be able to come up with this book as a guide to a quicker and better experience. The iPhone XS and XS Max User Guide is that complete guide you need to operate your iPhones seamlessly. This book would benefit beginners, first time iPhone users, seniors as well as users changing devices. In this book, you would find information you need to know about the iPhone starting from the physical features, to explaining buttons and terms that you need to know to better enjoy your device. It then goes into step by step teachings and guides on how to use the device starting from the basics. This includes steps on how to: -Set up the device -Set up email-Create contact list-Set up face ID-Register for apple id -Navigate Apple pay features -Make and answer calls-Text messages, download apps-Charge your phone wirelessly-Unlock your device-Activate 3D Touch-Turn Siri to a translator -Restart, reset and restore -Show off your new device with Memoji and Animoji-Make use of "find my iPhone" when lost-Amazing tips and tricks and so much more details you should knowValue Add for this book-A detailed Table of content for easy referencing when needed.Grab a copy of this book and enjoy a smooth relationship with your iPhone XS Max. -Step by step instructions on how to operate your device in the simplest terms, easy for all to understand. -Latest tips and tricks to help you enjoy your device to the fullest.Click to buy your copy now and get all the benefits that the iPhone offers.

## Buyer's Guide

Here is the essential companion to the latest iPod digital music players and iTunes 9. iPod users want to start using their devices as soon as they get their hands on them, and this guide shows them how. This book covers three models: iPod nano, iPod classic, and iPod shuffle and shows you how to: Import songs into iTunes, assemble playlists on your own or using the iTunes Genius, and burn CDs. Find music, movies, HD TV shows, videos, games, and audiobooks in the iTunes Store and see recommendations, discover new artists, and send gift certificates. Use your iPod to keep contacts, view events, and store files. Make your iPod even more useful (and awe your friends) with fascinating tips and tricks. Fix common problems and learn what to do in you can't fix them yourself.

## The iPod and iTunes Pocket Guide

With this new release of Final Cut Pro, Apple has completely re-engineered its popular film and video editing software to include an incredible lineup of features intended to close the gap between the prosumers and the pros. Following right in step, this Visual QuickStart Guide has been completely revised to address all the new features as well as the new paradigm of editing that Apple has put forward. An undisputed master of the digital video medium, Lisa Brenneis once again

demystifies the complexities of the program and she is joined this time by the Final Cut Pro guru Michael Wohl to provide a clear, straightforward guide to Final Cut Pro X. Tasked-based, step-by-step instructions and loads of visuals and time-saving tips make it so professionals and newcomers alike can quickly find and learn tasks specific to their needs, benefiting from the award-winning Visual QuickStart style. Topics covered include essential editing tasks and media-management strategies, transitions, effects and filters, rendering options, and much more. It includes coverage of all the new features such as the new dynamic interface, Magnetic Timeline, Clip Connections, Auditions, Content Auto-Analysis, Range-Based Keywords, and much more. Now in four-color, this must-have reference also includes several free downloadable videos from the publisher's site.

## The Senior's Guide to MacOS Catalina

## Library Journal

A guide to the updated Mac operating system demonstrates application basics, file management, networking, working with PC files, security and multiple users, customizing the interface, and troubleshooting, and includes a section on Mac's iBook

## MacTech Magazine

Mac. iPhone. iPad. Apple TV? While Apple TV may not get the same press is other Apple products, that is about to change. For years, Apple TV was touted on Apple's hobby product—something they tinkered with occasionally, but not something they put as much effort in as other Apple products. This guide is an introduction to the newest Apple TV (released in October 2015). If you are just "thinking" about making the switch from cable to streaming TV, then this book will show you how; if you've already made the switch, but you want to get the most out of it, then it will covers that as well. There's something for everyone here, so read on…

## iPhone 5
