Super Pop! offers a maximum-pleasure, minimum-effort way to become smarter, happier, and more likely to survive your next family function (or a shark attack). This hilarious and wide-ranging guide sorts nearly 500 different bestsellers, blockbusters, and underappreciated gems into quirky top ten lists, like "Outwit Death: Essential Lessons in Survival," and "Achieve Mindfulness: Movies That Will Show You the Way (With Wise Elders Now Included)." So whether you're looking for some motivational workout music, need help planning a July 4th double feature, or just want to pick up some knowledge without straining your brain, this book has you covered. With new insights on old classics and fresh ideas for jaded eyes, Super Pop! makes sense of pop culture — and then puts pop culture back to work!

John Haynes

General Information 1997

In witty slice-of-life vignettes and laugh-out-loud cultural riffs, Elizabeth Warner shares her divinely demented view of the world. Raised by a mild-mannered psychiatrist father and a slightly off-kilter mother, Warner opted out of the life that awaited the youth of WASP heaven (aka Philadelphia's Main Line)—that is, to be “typically weaned, whelped, and privately schooled, whereupon you move on to the roost-and-spawn phase.” Yet no matter how far afield she ventures—to New York to become a master junk-mail marketer or to L.A. to do a little acting—Warner can't help but feel that sometimes she's getting nowhere fast on “some kind of Protestant monorail to doom.” Whether she's spelling out the invisible word “help” on a guy's shoulder blades during unfulfilling sex, getting out of jury duty by smearing herself with soy sauce, or convincing her mother that the words “career girl” are not her death knell, Warner proves that sometimes it doesn't matter where you go in life—just as long as you've got a killer punch line.

Assessing Conventional Army Demands and Requirements for Ultra-Light Tactical Mobility

Haynes has discovered all the problems that motorcycle owners could possibly encounter when rebuilding or repairing their bikes. Documenting the most common DIY fixes with hundreds of illustrations and step-by-step instructions, this compendium of repair, modification and troubleshooting advice is applicable to all domestic and import marques.

Books in Print Supplement

This book includes designs of traditional Japanese bamboo fences, as well as diagrams illustrating the basic techniques of creating a fence including splitting, bending, joining and tying bamboo. Paired with step-by-step instructions, these designs will prove the perfect starting point for those who aspire to become a professional garden designer.

Poverty has dire consequences on the ability to fulfil one's aspirations for life. Poverty has strong implications for social cohesion and societies' abilities to function in harmonious ways. This book presents the readers with the core concepts, latest development and knowledge about policies that work to eliminate absolute poverty. This volume shows what the consequences are for the quality of life of those living in poverty. It describes life for people in poverty in general, but also deals more specifically with children, in-work poverty and the elderly, thus providing a life, generational and global perspective on poverty, including the impact on people's happiness levels. The book also discusses policies aimed at poverty reduction, such as changes to the labour market - including the risk of working poor - and shows that there is a variety of possible instruments available to reduce poverty. These range from direct provision of social security to ensuring education and a better functioning labour market. Written in an engaging and accessible style, the book provides a succinct insight into the concept of poverty, how to measure it, the situation of poverty around the globe as well as different types of possible interventions to cope with poverty. Supporting theory with examples and case studies from a variety of contexts, suggestions for further reading, and a detailed glossary, this text is an essential read for anyone

approaching the study of poverty for the first time.
