### **Immortal Coil**

This volume integrates philosophical and religious perspectives on the relation between body and soul. Focusing on the transformative period of the first six centuries CE, one hears echoes of Plato and Aristotle. The polyphonic--but not dissonant--dialogue is created by an international group of scholars in ancient philosophy, theology, and religion.

### **The Little Black Book of Fitness**

Offers recipes for low-fat African American dishes made with fresh ingredients and minimal amounts of salt and refined sugar, along with tips on using healthy cooking techniques and buying local, seasonal products. Original.

### **Rock My Soul**

This saga of a son of the working class who grows into a piano prodigy is “hypnotically readable . . . The best story I know of in a long, long time” (Vanity Fair). As a boy, Claude Rawlings looks up through the grated window of his basement apartment to watch the world go by. Poor, lonely, supported by a taxi-driver mother whose eccentricities spin more and more out of control, he faces the terrible task of growing up on the margins of life, destined to be a spectator of that great world always hurrying out of reach. But there is an out-of-tune piano in the small apartment, and in unlocking the secrets of its keys, as if by magic, Claude discovers himself. He is a musical prodigy. Body & Soul is the story of a young man whose life is transformed by a gift. The gift is not without price—the work is relentless, the teachers exacting—but the reward is a journey that takes him to the drawing rooms of the rich and powerful, private schools, a gilt-edged marriage, and Carnegie

Hall. Claude moves through this life as if he were playing a difficult composition, swept up in its drama and tension, surprised by its grace notes. Music, here, becomes a character in its own right, equaled in strength only by the music of Frank Conroy's own unmistakable and true voice. Bristling with character and invention, *Body & Soul* is Dickensian in its range and richness. This is a novel with all the emotional appeal and moral gravity of a classic bildungsroman, but with a tone as contemporary as a jazz riff—an unforgettable achievement by one of the great writers of our time.

## **Black Spirituality and Black Consciousness**

This striking, oversize coffee table book features 66 erotic yet romantic photographs that express the sensual beauty of African American men and women in portraits, as individuals and couples, and in and out of the studio. Reflecting and enhancing the mood of the photographs are a dozen classic black love poems. *Body and Soul* will appeal to a broad spectrum of men and women as a radiant visual and verbal testament of the joys of sexuality. 66 duotones.

## **Discipline and Punish**

#1 NEW YORK TIMES BESTSELLER • NATIONAL BOOK AWARD WINNER • NAMED ONE OF TIME'S TEN BEST NONFICTION BOOKS OF THE DECADE • PULITZER PRIZE FINALIST • NATIONAL BOOK CRITICS CIRCLE AWARD FINALIST • ONE OF OPRAH'S "BOOKS THAT HELP ME THROUGH" • NOW AN HBO ORIGINAL SPECIAL EVENT Hailed by Toni Morrison as "required reading," a bold and personal literary exploration of America's racial history by "the most important essayist in a generation and a writer who changed the national political conversation about race" (Rolling Stone) NAMED ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE BY CNN • NAMED ONE OF PASTE'S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • The Washington Post • People • Entertainment Weekly • Vogue • Los Angeles Times • San Francisco Chronicle • Chicago Tribune • New York • Newsday • Library Journal • Publishers Weekly In a profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation's history and current crisis. Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully

woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bracingly confronts our present, and offers a transcendent vision for a way forward.

## **The Meaning of Soul**

The legacy of the Black Panther Party's commitment to community health care, a central aspect of its fight for social justice

## **Soul Talk**

Published on the occasion of an exhibition of the same name held at Tate Modern, London, July 12-October 22, 2017; Crystal Bridges Museum of American Art, Bentonville, Arkansas, February 3-April 23, 2018; and Brooklyn Museum, New York, September 7, 2018-February 3, 2019.

## **Body and Soul**

Soul is the ultimate expression and experience of African-American culture. *The Big Book of Soul* is the first popular reference book to provide an in-depth examination of the source of soul in African culture and how soul finds its expression today. Author Stephanie Rose Bird takes readers on a breathtaking journey of soul by examining the spirit of animism and how it evolved in contemporary African-American culture. She explores spiritual practices related to diet, dance, beauty, healing, and the arts, and provides readers with ancient healing rituals and practices they can use today. Filled with fun facts, practical advice, and ancient spiritual wisdom, *The Big Book of Soul* is for any reader who wants a genuine, rooted experience of soul today.

## **Black Futures**

A compilation of transformational stories from leaders in fitness of mind, body, and soul including the Winner of NBC's *The Biggest Loser*, Frontman of Cypress Hill, International Kickboxing Champions, Fitness Competitors, Nutrition and Weight Loss Experts, Marines, and More.

## **Between the World and Me**

In this sweeping history of popular music in the United States, NPR's acclaimed music critic examines how popular music shapes fundamental American ideas and beliefs, allowing us to communicate difficult emotions and truths about our most

fraught social issues, most notably sex and race. In *Good Booty*, Ann Powers explores how popular music became America's primary erotic art form. Powers takes us from nineteenth-century New Orleans through dance-crazed Jazz Age New York to the teen scream years of mid-twentieth century rock-and-roll to the cutting-edge adventures of today's web-based pop stars. Drawing on her deep knowledge and insights on gender and sexuality, Powers recounts stories of forbidden lovers, wild shimmy-shakers, orgasmic gospel singers, countercultural perverts, soft-rock sensitivos, punk Puritans, and the cyborg known as Britney Spears to illuminate how eroticism—not merely sex, but love, bodily freedom, and liberating joy—became entwined within the rhythms and melodies of American song. This cohesion, she reveals, touches the heart of America's anxieties and hopes about race, feminism, marriage, youth, and freedom. In a survey that spans more than a century of music, Powers both heralds little known artists such as Florence Mills, a contemporary of Josephine Baker, and gospel queen Dorothy Love Coates, and sheds new light on artists we think we know well, from the Beatles and Jim Morrison to Madonna and Beyoncé. In telling the history of how American popular music and sexuality intersect—a magnum opus over two decades in the making—Powers offers new insights into our nation psyche and our soul.

### **Body & Soul**

The statesman and reformer James Oglethorpe was a significant figure in the philosophical and political landscape of eighteenth-century British America. His social contributions—all informed by Enlightenment ideals—included prison reform, the founding of the Georgia Colony on behalf of the "worthy poor," and stirring the founders of the abolitionist movement. He also developed the famous ward design for the city of Savannah, a design that became one of the most important planning innovations in American history. Multilayered and connecting the urban core to peripheral garden and farm lots, the Oglethorpe Plan was intended by its author to both exhibit and foster his utopian ideas of agrarian equality. In his new book, the professional planner Thomas D. Wilson reconsiders the Oglethorpe Plan, revealing that Oglethorpe was a more dynamic force in urban planning than has generally been supposed. In essence, claims Wilson, the Oglethorpe Plan offers a portrait of the Enlightenment, and embodies all of the major themes of that era, including science, humanism, and secularism. The vibrancy of the ideas behind its conception invites an exploration of the plan's enduring qualities. In addition to surveying historical context and intellectual origins, this book aims to rescue Oglethorpe's work from its relegation to the status of a living museum in a revered historic district, and to demonstrate instead how modern-day town planners might employ its principles. Unique in its exclusive focus on the topic and written in a clear and readable style, *The Oglethorpe Plan* explores this design as a bridge between New Urbanism and other more naturally evolving and socially engaged modes of urban development.

### **Katie's Canon**

While most people believe that the movement to secure voluntary reproductive control for women centered solely on abortion rights, for many women abortion was not the only, or even primary, focus. Jennifer Nelson tells the story of the feminist struggle for legal abortion and reproductive rights in the 1960s, 1970s, and early 1980s through the particular contributions of women of color. She explores the relationship between second-wave feminists, who were concerned with a woman's right to choose, Black and Puerto Rican Nationalists, who were concerned that Black and Puerto Rican women have as many children as possible "for the revolution," and women of color themselves, who negotiated between them. Contrary to popular belief, Nelson shows that women of color were able to successfully remake the mainstream women's liberation and abortion rights movements by appropriating select aspects of Black Nationalist politics—including addressing sterilization abuse, access to affordable childcare and healthcare, and ways to raise children out of poverty—for feminist discourse.

### **Body & Soul**

Sequel to Dirk Gently's Holistic Detective Agency. A passenger check-in desk at London's Heathrow Airport goes up in a ball of flame and Dirk Gently becomes very inquisitive.

### **Sacred Woman**

In her book, the explosive voice of Katie Geneva Cannon as womanist and theological liberation ethicist boldly proclaims the vital presence and contributions of African-American women." --The Presbyterian Outlook "Cannon moves easily from the passion of folklore and legend to the conceptually rich language of ethics and womanist theology. Her role 'is to speak as "one of the canonical boys" and as the "non-canonical other" at one and the same time.' In this, she most assuredly succeeds." --Library Journal "Every theologian, student, and lay person should have a copy of Katie's Canon to measure the breadth and depth of their theological commitment. I strongly recommend it." --James H. Cone>

### **Body & Soul**

A transformative blueprint of ancestral healing from the renowned herbalist, natural health expert, and healer of women's bodies and souls "Just when I thought I was all alone, I found myself walking with a group of conscious women who were taking sacred steps and speaking sacred words. We were on our way to Queen Afua's Global Sacred Woman Village. Come with us, there's Maat—balance and order—there."—Erykah Badu Through extraordinary meditations, affirmations, and rituals rooted in ancient Egyptian temple teachings, Queen Afua teaches us how to love and rejoice in our bodies by spiritualizing the words we speak, the foods we eat, the spaces we live and work in, and the transcendent woman spirit we

manifest. Sacred Woman gives us a program of spirit rejuvenation and creativity consciousness. Queen Afua summons us to enter the Gateways of Initiation, where she blesses us with the exact tools we need to bring our beings into true harmony with the earth and the cosmos. With love, wisdom, and passion, Queen Afua guides us to accept our mission and our mantle as Sacred Women—to heal ourselves, the generations of women in our families, our communities, and our world. Praise for Sacred Woman “Sacred Woman flings open the gates of understanding the feminine essence. It is the return of the soul force to women.”—Jewel Pookrum, MD, PhD (Sunut Arit) “Queen Afua is an extraordinary healer, teacher, mother, and keeper of our legacy. Through Sacred Woman, she has given us the sacred tools we need to live our lives in this new century.”—Hazelle Goodman, actress “Sacred Woman offers profound wisdom to all who seek healing and transformation. Queen Afua is a national treasure.”—Bob Law, author, radio personality, and vice president of WWRL

### **Body & Soul**

### **The Long Dark Tea-Time of the Soul**

In the late 1980s Wacquant, a white, French-born, French and American sociology graduate student, entered the Woodlawn gym on 63rd Street in Chicago and began training as a boxer. This text invites us to follow Wacquant's immersion into the everyday world of Chicago's boxers.

### **Body and Soul**

In this brilliant work, the most influential philosopher since Sartre suggests that such vaunted reforms as the abolition of torture and the emergence of the modern penitentiary have merely shifted the focus of punishment from the prisoner's body to his soul.

### **Farming While Black**

African American spirituality plays a central role in the formation and practice of Black freedom in America. This freedom is primarily spiritual and cultural and has a significant role in shaping Black consciousness, behavior and belief. It has created a cultural archive or black culture soul, which shapes the colors, content, timber and texture of the African American communities. Unlike other paradigms which posit the social, political and economic imperatives of freedom, the African American model stipulates the vital role of Black spirituality. This spirituality embodies the creation and sustenance of Black culture, establishes psychological and spiritual relocation in response to oppression, and equips African Americans with the

spiritual tools for their physical, vocational and institutional survival. A central thesis of the book is that African American spirituality, by the way it shapes and informs black life, creates a unique praxis of freedom. Most importantly is the way Black spirituality is expressed in Black culture, the Black church and Black life values. Creativity is, therefore, essential to freedom. That freedom is manifested in everything from the development of jazz as a sui generis and indigenous art form, to the ways Black people walk, talk, interpret and oppositionally express themselves in the world. Such creativity is indispensable to the formation and preservation of Black life. It has been used by African Americans as a powerful weapon in maintaining identity and creating a spirituality of culture and a culture of spirituality, which have largely thwarted their complete psychological and physical annihilation.

### **Body & Soul**

Stephen Steinberg offers a bold challenge to prevailing thought on race and ethnicity in American society. In a penetrating critique of the famed race relations paradigm, he asks why a paradigm invented four decades before the Civil Rights Revolution still dominates both academic and popular discourses four decades after that revolution. On race, Steinberg argues that even the language of "race relations" obscures the structural basis of racial hierarchy and inequality. Generations of sociologists have unwittingly practiced a "white sociology" that reflects white interests and viewpoints. What happens, he asks, when we foreground the interests and viewpoints of the victims, rather than the perpetrators, of racial oppression? On ethnicity, Steinberg turns the tables and shows that the early sociologists who predicted ultimate assimilation have been vindicated by history. The evidence is overwhelming that the new immigrants, including Asians and most Latinos, are following in the footsteps of past immigrants—footsteps leading into the melting pot. But even today, there is the black exception. The end result is a dual melting pot—one for peoples of African descent and the other for everybody else. *Race Relations: A Critique* cuts through layers of academic jargon to reveal unsettling truths that call into question the nature and future of American nationality.

### **Soul**

Bethany Hamilton has become a fitness expert by virtue of being a professional athlete who has excelled—and she's done it while overcoming incredible challenges. Whether you know Bethany or not, whether you surf or not, everyone has challenges, and in *Surfer Style*, Bethany shares some of her core experiences with body, mind and spirit. Sharing her expertise as an athlete, *New You* helps young girls develop a healthy lifestyle, understand their changing bodies, gain confidence, and establish a pattern of healthy living starting at a young age. This book includes workouts specially developed for young girls by Bethany's personal trainer, recipes and information on healthy eating based on "Bethany's food pyramid," which follows the Mediterranean diet, and advice on deepening your spiritual health, for a total body

wellness book perfect for growing girls. This isn't a book about Bethany, this is a book about wellness, becoming your best "you," through physical and spiritual balance, because spiritual health is just as important as physical health.

### **The Big Book of Soul**

In 1920, 14 percent of all land-owning US farmers were black. Today less than 2 percent of farms are controlled by black people--a loss of over 14 million acres and the result of discrimination and dispossession. While farm management is among the whitest of professions, farm labor is predominantly brown and exploited, and people of color disproportionately live in "food apartheid" neighborhoods and suffer from diet-related illness. The system is built on stolen land and stolen labor and needs a redesign. *Farming While Black* is the first comprehensive "how to" guide for aspiring African-heritage growers to reclaim their dignity as agriculturists and for all farmers to understand the distinct, technical contributions of African-heritage people to sustainable agriculture. At Soul Fire Farm, author Leah Penniman co-created the Black and Latinx Farmers Immersion (BLFI) program as a container for new farmers to share growing skills in a culturally relevant and supportive environment led by people of color. *Farming While Black* organizes and expands upon the curriculum of the BLFI to provide readers with a concise guide to all aspects of small-scale farming, from business planning to preserving the harvest. Throughout the chapters Penniman uplifts the wisdom of the African diasporic farmers and activists whose work informs the techniques described--from whole farm planning, soil fertility, seed selection, and agroecology, to using whole foods in culturally appropriate recipes, sharing stories of ancestors, and tools for healing from the trauma associated with slavery and economic exploitation on the land. Woven throughout the book is the story of Soul Fire Farm, a national leader in the food justice movement. The technical information is designed for farmers and gardeners with beginning to intermediate experience. For those with more experience, the book provides a fresh lens on practices that may have been taken for granted as ahistorical or strictly European. Black ancestors and contemporaries have always been leaders--and continue to lead--in the sustainable agriculture and food justice movements. It is time for all of us to listen.

### **Lovers of the Soul, Lovers of the Body**

When we reach out to the first bright light of the morning sun and stretch our arms to embrace it, we will experience immense joy. We just need to stretch our arms, and to welcome it within every cell and our being with love and enthusiasm. We will need to let go of all the inhibitions and let loose of all restrictions. The more we practice doing this, the closer we get to believe that the whole universe resides in us, in you." You are not a drop in an ocean but the entire ocean in a drop." Happiness is not an achievement; it is a realization. It is not a destination; we sense it throughout our journey. Happiness doesn't depend on what we have or what we don't have, it depends on what we are deep within us. When we stop constantly fighting back with what we are, when we realize that we are imperfectly the most perfect human ever created in

the history of mankind. We realize our uniqueness. We can never make or produce happiness; we can only discover it because it has always been there around us and in our totality. Pure bliss has never happened to anyone through achievements, it happens when we drop the very idea of running behind, even running behind happiness and then we realize that we are complete and total, exactly as we are. This is how I write my bliss in black and white...

## **Body and Soul**

Contributors from the worlds of entertainment and fashion celebrate the sex appeal and stylistic impact of today's black rap artists, actors, athletes, models, and others, in a volume featuring color and black-and-white photographs. Simultaneous.

## **Sick and Tired of Being Sick and Tired**

Sick and Tired of Being Sick and Tired moves beyond the depiction of African Americans as mere recipients of aid or as victims of neglect and highlights the ways black health activists created public health programs and influenced public policy at every opportunity. Smith also sheds new light on the infamous Tuskegee syphilis experiment by situating it within the context of black public health activity, reminding us that public health work had oppressive as well as progressive consequences.

## **The Black Dancing Body**

Claude Rawlings, a poverty-stricken young man, feels stymied by life, until he finds an old piano and embarks on a musical odyssey that takes him into a world of wealth, power, and fame. By the author of Stop-Time. 75,000 first printing. Tour.

## **Body and Soul**

World-renowned scholar and visionary bell hooks takes an in-depth look at one of the most critical issues of our time, the impact of low self-esteem on the lives of black people. Without self-esteem everyone loses his or her sense of meaning, purpose, and power. For too long, African Americans in particular have been unable to openly and honestly address the crisis of self-esteem and how it affects the way they perceive themselves and are perceived by others. In her most challenging and provocative book to date, bell hooks gives voice to what many black people have thought and felt, but seldom articulated. She offers readers a clear, passionate examination of the role self-esteem plays in the African-American experience in determining whether individuals or groups succeed or self-sabotage. She considers the reasons why even among "the best and brightest" students at Ivy League institutions "there were young men and women beset by deep

feelings of unworthiness, of ugliness inside and outside." She listened to the stories of her students and her peers -- baby boomers who had excelled -- and heard the same sentiments, including deep feelings of inadequacy. With critical insight, hooks exposes the underlying truth behind the crisis: it has been extremely difficult to create a culture that promotes and sustains a healthy sense of self-esteem in African-American communities. With true brilliance, she rigorously examines and identifies the barriers -- political and cultural -- that keep African Americans from emotional well-being. She looks at historical movements as well as parenting and how we make and sustain community. She discusses the revolutionary role preventative mental health care can play in promoting and maintaining self-esteem. Blending keen intellectual insight and practical wisdom, *Rock My Soul* provides a blueprint for healing a people and a nation.

### **Race Relations**

In a devastating and urgent work of investigative journalism, Pulitzer Prize winner Chris Hamby uncovers the tragic resurgence of black lung disease in Appalachia, its Big Coal cover-up, and the resilient mining communities who refuse to back down. Decades ago, a grassroots uprising forced Congress to enact long-overdue legislation designed to virtually eradicate black lung disease and provide fair compensation to coal miners stricken with the illness. Today, however, both promises remain unfulfilled. Levels of disease have surged, the old scourge has taken an aggressive new form, and ailing miners and widows have been left behind by a dizzying legal system, denied even modest payments and medical care. In this devastating and urgent work of investigative journalism, Pulitzer Prize winner Chris Hamby traces the unforgettable story of how these trends converge in the lives of two men: Gary Fox, a black lung-stricken West Virginia coal miner determined to raise his family from poverty, and John Cline, an idealistic carpenter and rural medical clinic worker who becomes a lawyer in his fifties. Opposing them are the lawyers at the coal industry's go-to law firm; well-credentialed doctors who often weigh in for the defense, including a group of radiologists at Johns Hopkins; and Gary's former employer, Massey Energy, the region's largest coal company, run by a cantankerous CEO often portrayed in the media as a dark lord of the coalfields. On the line in Gary and John's longshot legal battle are fundamental principles of fairness and justice, with consequences for miners and their loved ones throughout the nation. Taking readers inside courtrooms, hospitals, homes tucked in Appalachian hollows, and dusty mine tunnels, Hamby exposes how coal companies have not only continually flouted a law meant to protect miners from deadly amounts of dust but also enlisted well-credentialed doctors and lawyers to help systematically deny much-needed benefits to miners. The result is a legal and medical thriller that brilliantly illuminates how a band of laborers — aided by a small group of lawyers, doctors and lay advocates, often working out of their homes or in rural clinics and tiny offices — challenged one of the world's most powerful forces, Big Coal, and won. A deeply troubling yet ultimately triumphant work, *Soul Full of Coal Dust* is a necessary and timely book about injustice and resistance.

## Body and Soul

No other word in the English language is more endemic to contemporary Black American culture and identity than "Soul". Since the 1960s Soul has been frequently used to market and sell music, food, and fashion. However, Soul also refers to a pervasive belief in the capacity of the Black body/spirit to endure the most trying of times in an ongoing struggle for freedom and equality. While some attention has been given to various genre manifestations of Soul-as in Soul music and food-no book has yet fully explored the discursive terrain signified by the term. In this broad-ranging, free-spirited book, a diverse group of writers, artists, and scholars reflect on the ubiquitous but elusive concept of Soul. Topics include: politics and fashion, Blaxploitation films, language, literature, dance, James Brown, and Schoolhouse Rock. Among the contributors are Angela Davis, Manning Marable, Paul Gilroy, Lyle Ashton Harris, Michelle Wallace, Ishmael Reed, Greg Tate, Manthia Diawara, and dream hampton.

## Black Book of Bliss

- A celebration of the journey of African-American women toward a new spirituality grounded in social awareness, black American tradition, metaphysics, and heightened creativity.
- Features illuminating insights from Alice Walker, Toni Cade Bambara, Lucille Clifton, Dolores Kendrick, Sonia Sanchez, Michele Gibbs, Geraldine McIntosh, Masani Alexis DeVeaux and Namonyah Soipan.
- By a widely published scholar, poet, and activist who has been interviewed by the press, television, and National Public Radio's All Things Considered

From the last part of the twentieth century through today, African-American women have experienced a revival of spirituality and creative force, fashioning a uniquely African-American way to connect with the divine. In *Soul Talk*, Akasha Gloria Hull examines this multifaceted spirituality that has both fostered personal healing and functioned as a formidable weapon against racism and social injustice. Through fascinating and heartfelt conversations with some of today's most creative and powerful women--women whose spirituality encompasses, among others, traditional Christianity, Tibetan Buddhism, Native American teachings, meditation, the I Ching, and African-derived ancestral reverence--the author explores how this new spiritual consciousness is manifested, how it affects the women who practice it, and how its effects can be carried to others. Using a unique and readable blend of interviews, storytelling, literary critique, and practical suggestions of ways readers can incorporate similar renewal into their daily lives, *Soul Talk* shows how personal and social change are possible through reconnection with the spirit.

## Body and Soul

Two souls. One Body. Sharing is not an option... Terrible news has turned Anaea Salis's life upside down. There's nothing she can do to make it right, and the stranger who stops to talk to her can't help. But when that stranger, Hunter, an ancient

dragon spirit, is viciously attacked and forced to transfer his spirit into her body, Anaea's life takes a new terrifying twist. Hunter should have known by now not to get involved with human affairs, but there was something about the woman that drew him to her, and he just couldn't help himself. Trapped in her body all he wants is to get out, except whoever is trying to kill him is now after her. Their only hope of survival... plunge into the deadly world of dragons. Immortal Coil is the first book in the Dragon Spirit series. Satisfy your cravings for an action-packed, sensual paranormal romance and read Immortal Coil today! \*\*\* Themes: sexy love stories, fated mates, soul mates, paranormal romance, urban fantasy, tortured hero, alpha hero, forbidden love, fish out of water.

### **Embrace of the Daimon**

Body & Soul: Stories for Skeptics and Seekers is a spiritual journey through experiences that can be liberating but also awkward and sometimes even dangerous, because women are so often excluded from conversations about spirituality. Liberation comes with breaking that age-old code of silence to talk about the messiness of faith, practice, religion and ceremony, to confess our sublimely unconventional modes of spiritual yearning. The writers in this volume, including Sharon Bala, Carleigh Baker, Eufemia Fantetti, Sue Goyette, K.D. Miller, Zarqa Nawaz, Alison Pick, Sigal Samuel, Ayelet Tsabari, Betsy Warland and others, many from marginalized or misunderstood communities, are speaking out so that others will speak up. Enough of fear. Enough of hiding out, tongue-tied. It's time for joy, humanity and frankness. It's time to step up and lead--not by running after answers, but by asking caring, daring questions. It's time for body and soul.

### **Good Booty**

In The Meaning of Soul, Emily J. Lordi proposes a new understanding of this famously elusive concept. In the 1960s, Lordi argues, soul came to signify a cultural belief in black resilience, which was enacted through musical practices—inventive cover versions, falsetto vocals, ad-libs, and false endings. Through these soul techniques, artists such as Aretha Franklin, Donny Hathaway, Nina Simone, Marvin Gaye, Isaac Hayes, and Minnie Riperton performed virtuosic survivorship and thus helped to galvanize black communities in an era of peril and promise. Their soul legacies were later reanimated by such stars as Prince, Solange Knowles, and Flying Lotus. Breaking with prior understandings of soul as a vague masculinist political formation tethered to the Black Power movement, Lordi offers a vision of soul that foregrounds the intricacies of musical craft, the complex personal and social meanings of the music, the dynamic movement of soul across time, and the leading role played by black women in this musical-intellectual tradition.

### **Body and Soul**

What is the essence of black dance in America? To answer that question, Brenda Dixon Gottschild maps an unorthodox 'geography', the geography of the black dancing body, to show the central place black dance has in American culture. From the feet to the butt, to hair to skin/face, and beyond to the soul/spirit, Brenda Dixon Gottschild talks to some of the greatest choreographers of our day including Garth Fagan, Francesca Harper, Meredith Monk, Brenda Buffalino, Doug Elkins, Ralph Lemon, Fernando Bujones, Bill T. Jones, Trisha Brown, Jawole Zollar, Bebe Miller, Sean Curran and Shelly Washington to look at the evolution of black dance and its importance to American culture. This is a groundbreaking piece of work by one of the foremost African-American dance critics of our day.

### **Women of Color and the Reproductive Rights Movement**

A wickedly smart, funny, and irresistibly off-kilter account of an improbable thousand-mile journey on foot into the heart of modern Florida, the state that Russell calls "America Concentrate." In the summer of 2016, Kent Russell--broke, at loose ends, hungry for adventure--set off to walk across Florida. Mythic, superficial, soaked in contradictions, maligned by cultural elites, segregated from the South, and literally vanishing into the sea, Florida (or, as he calls it: "America Concentrate") seemed to Russell to embody America's divided soul. The journey, with two friends intent on filming the ensuing mayhem, quickly reduces the trio to filthy drifters pushing a shopping cart of camera equipment. They get waylaid by a concerned citizen bearing a rifle; buy cocaine from an ex-wrestler; visit a spiritual medium; attend a cuckold party. The narrative overflows with historical detail about how modern Florida came into being after World War II, and how it came to be a petri dish for life in a suddenly, increasingly diverse new land of minority-majority cities and of unrivaled ethnic and religious variety. Russell has taken it all in with his incomparably focused lens and delivered a book that is both an inspired travelogue and a profound rumination on the nation's soul--and his own. It is a book that is wildly vivid, encyclopedic, erudite, and ferociously irreverent--a deeply ambivalent love letter to his sprawling, brazenly varied home state.

### **Soul of a Nation**

Some call the imaginal the realm of the archetypes, the home of the gods and goddesses, the land of the daimon, or the source of creativity. Others simply call it the soul. The daimon of the imaginal world facilitate the incarnation of soul into the physical body, and transforming these dark energies allows us to progress as spiritual beings, to live life from a more conscious view. Sandra Dennis suggests that attitudes devaluing the erotic, feminine, instinctual energies particularly those of sexuality, and destructiveness and the marginalization of bodily sensation itself, block these daimonic soul images from incarnating. She discusses our tendency to block these transforming forces and offers suggestions on how to embrace and reclaim them to allow for a more integrated existence. She explains sensations associated with daimonic imagery fragmentation, rage, anxiety, pain, also the other side ecstasy, bliss, orgasmic release understanding that all of these

sensations form the basis for profound change in the sense of self. Bibliography. Index.

## **In the Land of Good Living**

Written by black women for black women and sponsored by the National Black Women's Health Project, here is an honest, straight-from-the-heart guide reminiscent of *Our Bodies, Ourselves* that addresses the physical, emotional, and spiritual health issues and concerns of black women today. Linda Villarosa is a senior editor at *Essence* magazine. 175 photos and illustrations.

## **Vegan Soul Kitchen**

What does it mean to be black and alive right now? *Black Futures* is a collection of work--art, photos, essays, memes, dialogues, recipes, tweets, poetry, and more--that tells the story of the radical, imaginative, bold, and beautiful world that black artists, high and low, are producing today. The book presents a succession of brilliant and provocative pieces--from both emerging and renowned creators of all kinds--that generates an entrancing rhythm: Readers will go from conversations with hackers and street artists to memes and Instagram posts, from powerful prose to dazzling paintings and insightful infographics. A generational document that captures this fast-moving generation in its own dynamic and expansive language. While shaped in the tradition of other generational statements, from *The New Negro* to *Black Fire* to Toni Morrison's landmark *The Black Book*, *Black Futures* does not have a retrospective air. It showcases the present, but points to the future. We live at a time when black culture--whether it's created by Ava DuVernay or Donald Glover, Kendrick Lamar or Cardi B, meme-makers or YouTubers--is opening our imaginations and offering new paths forward, a multi-voiced, utopian alternative to a world of walls and white nationalism. *Black Futures* captures this expansive vision and energy and makes it available to any reader, of any color, who wants to explore this exciting cultural moment and see the next one coming.

## **Coming Home to Myself**

A meditation book for women seeking to raise to their self-esteem & connect more fully with themselves.

## **Soul Full of Coal Dust**

An honest, inspirational and also very practical guide reminiscent of *Our Bodies, Ourselves* written by black women for black women *Body and Soul* is an honest, straight-from-the-heart guide addresses the physical, emotional, and spiritual
