Canadian Business Law

Marking 150 years since Confederation provides an opportunity for Canadian international law practitioners and scholars to reflect on Canada's rich history in international law and governance, where we find ourselves today in the community of nations, and how we might help shape a future in which Canada's rules-based and progressive approach to international law gains ascendancy. This collection of essays, each written in the official language chosen by the authors, provides a thoughtful perspective on Canada's past and present in international law, surveys the challenges that lie before us, and offers renewed focus for Canada's pursuit of global justice and the rule of law. Part I explores the history and practice of international law, including sources of international law, Indigenous treaties, international treaty diplomacy, domestic reception of international law, and Parliament's role in international law. Part II explores Canada's role in international law, governance and innovation in the broad fields of economic, environmental, and intellectual property law. Part III explores Canadian perspectives on developments in international human rights and humanitarian law, including judicial implementation of these obligations, international labour law, business and human rights, international criminal law, war crimes, child soldiers, and gender. Reflections on Canada's Past, Present and Future in International Law/Réflexions sur le passé, le présent et l'avenir du Canada en droit international demonstrates the pivotal role that Canada has played in the development of international law and signals the essential contributions the country is poised to make in the future.

Business Law and the Legal Environment, Standard Edition

Law firms are important economic institutions in this country: they collect hundreds of millions of dollars annually in fees, they order the affairs of businesses and of many government agencies, and their members include some of the most influential Canadians. Some firms have a history stretching back nearly two hundred years, and many are over a century old. Yet the history of law firms in Canada has remained largely unknown. This collection of essays, Volume VII in the Osgoode Society's series of Essays in the History of Canadian Law, is the first focused study of a variety of law firms and how they have evolved over a century and a half, from the golden age of the sole practitioner in the pre-industrial era to the recent rise of the mega-firm. The volume as a whole is an exploration of the impact of economic and social change on law-firm culture and organization. The introduction by Carol Wilton provides a chronological overview of Canadian law-firm evolution and emphasizes the distinctiveness of Canadian law-firm history.

A History of Law in Canada, Vol. 1

Inside the Law

Canadian Business and the Law

International Business Law for Canadians

In this practical guide to the law for Canada's young people, Ned Lecic and Marvin Zuker provide an all-encompassing manual meant to empower and educate children and youth. The authors address questions about how rights and laws affect the lives of young people at home, at school, at work, and in their

relationships and draw attention to the many ways in which a person's life can intersect with the law. Deliberately refraining from moralizing, the authors instead advocate for children and their rights and provide examples of how young people can get them enforced. In addition to being critical information for youth about citizenship, *The Law is (Not) for Kids* is a valuable resource for teachers, counsellors, lawyers, and all those who support youth in their encounters with the law.

Canadian Intellectual Property Law and Strategy

Canadian Cases in the Philosophy of Law - Fifth Edition

Canadian Intellectual Property Law and Strategy provides a comprehensive overview of Canadian law relating to trademarks, copyright and industrial designs, along with strategic, practice-oriented commentary regarding how such laws can best be used for business advantage. This book provides a unique, strategic, transnational approach to protecting IP rights in Canada for legal practitioners outside Canada. It is a single, unified source for trademark, copyright, and industrial design law in Canada, including detailed analysis of the processes required to obtain and maintain intellectual property protection, with helpful examples drawn from the author's extensive practice experience. Canadian Intellectual Property Law and Strategy is organized into three parts: The first part of the book is devoted to trademarks. The book, in addition to providing an overview of Canadian trademark law, deals with how a foreign trademark owner can use the system most advantageously. The initial focus is on acquisition of rights while later chapters describe the best strategies to maintain and protect trademark rights in Canada. The second part of the book is devoted to copyright, with a broad, business-oriented treatment that reflects the potentially far-reaching impact of the law. The approach is of a general commercial nature, emphasizing how rights can be protected in Canada. Specific attention is given to understanding which rights are available and the steps that should be taken to protect those rights, whether by means of the appropriate assignments and registrations, or

enforcement actions in the Canadian courts. The third part of the book focuses on industrial designs, and explains what needs to be done and when by manufacturers to protect their products. The emphasis is on the steps required to protect and assert rights against infringers.

Reflections on Canada's Past, Present and Future in International Law/Réflexions sur le passé, le présent et l'avenir du Canada en droit international

The Law and Business Administration in Canada responds to the needs of today's business students by streamlining the traditional study of contractual principles, emphasizing current legal topics involving government regulation of business, corporate governance, e-commerce, privacy, and globalization, and adding continuity to the discussion of strategies to manage business's legal risks by asking students to consider the legal issues facing a single businesses as it evolves through each chapter. The Law and Business Administration in Canada

This accessible and practical reference provides an overview of the essential features of the law governing business organizations in Canada. Anthony VanDuzer discusses both the internal and external functions and relationships of business organizations, and the laws that govern them. The third edition contains a new chapter on Corporate Governance in Theory and Practice, which identifies the determinants of corporate governance other than corporate law rules in theory and practice and discusses their relationship with corporate and securities law. The book is a comprehensive and up-to-date guide for practitioners and business people setting up and using sole proprietorships, partnerships, and corporations in Canada. As well, it provides a thorough introduction to the theory and practice of corporate and partnership law.

The Law of Partnerships and Corporations

This new edition of Kevin McGuinness's widely cited treatise on corporate law covers the wealth of case law and legislative changes since 1999. Discover how major corporate scandals and amendments to the Canadian Business Corporations Act and Ontario Business Corporations Act have impacted the way your clients operate-and what your new responsibilities involve. Canadian Business Corporations Law, formerly known as The Law and Practice of Canadian Business Corporations, combines all commentary and analysis into a convenient, user-friendly volume that you can easily bring to court or the boardroom.

Lawyers can provide you with the legal information you need, but their fees are often prohibitive. This comprehensive guide will answer many of your questions, saving you both time and money - money that you can keep in your pocket.

The Law is (Not) for Kids

Canadian Business and the Law

Canadian Business Law

This is a collection of Canadian legal decisions, primarily from the Supreme Court of Canada, along with international cases that have bearing on Canadian law. The selected cases raise and respond to current and controversial issues in political and legal philosophy. Cases have been edited to present key legal principles and methods of judicial reasoning in action, showing not only what was decided but also how the decisions were made. Topics include: constitutional law, fundamental freedoms, equality rights, civil and criminal responsibility, and sovereignty. This new fifth edition adds over two dozen new cases, including new sections on Indigenous issues and international law. A helpful glossary of common legal terms

has also been added as an appendix.

Canadian Law

Contemporary Canadian business law

Breen/Ellis/Stephenson Canadian Business Law Today, First Edition, is an exciting new ground up product specifically designed for Canadian college courses, or for instructors that want concise business law coverage. Fundamental topics of Canadian business law such as the court and legal system, tort law, contract law, employment law, property law, and business organization are introduced and discussed. With an emphasis on active learning to engage students, Canadian Business Law Today contains current Canadian examples, legal scenarios, and case studies, along with comprehensive instructor resources to suit a variety of teaching and learning styles.

Business Law in Canada

The key words for this text are: "clear, concise and relevant". Most students taking this course are not going to be lawyers and therefore the emphasis is on a strong business orientation. Key features and competitive advantages include additional core topics such as risk management, negligence, and intellectual property. Case material has also been integrated into each chapter to illustrate the key topics and is presented in summary format as well as in hypothetical examples. Numerous features within the text demonstrate business law to students in a real world context. This text will assist and guide the entrepreneurial student who is aiming to start a business and needs the legal knowledge to avoid pitfalls.

Canadian Business Law

Appropriate for one-semester courses in Business Law at both college and university levels in Alberta. This Alberta-specific text proceeds beyond general principles of law and describes the case law and particular statutory provisions that regulate business in Alberta. Legal concepts and Canadian business applications are introduced in a concise, one-semester format. The text is structured so that five chapters on contracts form the nucleus of the course, and the balance provides stand-alone sections that the instructor may choose to cover in any order. The design is more reader-friendly, with a visually-appealing four-colour format as well as case synopses and extracts to enliven the solid text. The result is a book that maintains the strong legal content of previous editions while introducing more real-life examples of business law in practice.

Multinational Enterprises and the Law

"The Western edition of this best-selling text presents a practical overview of Canadian business law with a focus on Alberta and British Columbia. Adapted by Kenneth Thornicroft, professor of Law and Employment Relations at the University of Victoria, this new version introduces students to legal systems and describes

how law affects business in the Western provinces. Key topics include business dispute resolution, tort and contract law, sale of goods and consumer protection law, forms of business organizations, workplace law, property law, and debtor-creditor law. Written in a student-friendly voice, Canadian Business Law: Alberta and British Columbia is an excellent resource for both college and university business administration and business law courses."--Pub. desc.

Business Law in Canada, Tenth Canadian Edition,

The 6th Canadian edition of DuPlessis, Canadian Business and the Law is the preeminent resource for students who require an understanding of the legal system as it relates to business ? what circumstances place an individual and an organization at legal risk and, more importantly, what they can do to manage and minimize that risk. Only concepts that directly pertain to the management of a business enterprise are presented in this resource. These concepts are delivered through new, real-world examples of the application of the law, as well as the latest Canadian cases and legislation.
