### El-Hi Textbooks in Print

This is the first English translation of the works of Heinrich Pesch, SJ (1854-1926). Pesch, a German Jesuit scholar and economist, wrote the longest, most exhaustive economics text ever written, one that deserves to be regarded as a kind of Summa Economica. The five-volume Lehrbuch der Nationalökonomie examines all serious economic thinking up until Pesch's time, culling what was deficient, retaining what was worthwhile, and filling in what its author perceived to be lacking. The result was a design for an economic system that is opposed to both classically liberal capitalism and state socialism, based instead on Aristotelian-Thomistic philosophical premises. Pesch developed many of the basic principles which emerged in the social encyclicals of the Catholic Church.

### New Catholic World

### The Catholic Bookman's Guide

To get the most out of studying the Bible usually requires a concordance, a dictionary, a topical Bible, and a handbook. The Zondervan All-in-One Bible Reference Guide combines the best features of all four—in one convenient location. This easy-to-use resource covers a wide range of topics, people, places, events, and themes from Scripture. Entries are arranged alphabetically, making it easy for us to find the information needed to expand our understanding of God's Word. The Zondervan All-in-One Bible Reference Guide is ideal for pastors, Bible study leaders, and everyone who wants to learn more from God's Word. Based on

the NIV—the most read, most trusted translation of the Bible—this reference guide will prove to be indispensable, no matter what translation is used.

## **Bowker's Complete Video Directory 2000**

### **Religion in America**

A compilation of articles from The New York Times documenting the emergent character of religion in the United States and highlighting the major points in its development in an increasingly industrialized and urbanized society.

### **Social Survey**

## **Lehrbuch Der Nationalökonomie/Teaching Guide to Economics**

### **The Utopian Quest for Social Justice**

## **Handbook of Research on Promoting Peace Through Practice, Academia, and the Arts**

With an equal emphasis on every word in the title--and with a distinctly American perspective--Himes and his distinguished associate editors and contributors, have assembled the most thorough and authoritative assessment of modern Roman Catholic social teaching to date, likely to remain the touchstone volume for decades. This culmination of many years of effort by twenty stellar scholars has produced a reference work for anyone interested in understanding or studying the key documents that comprise the central corpus of Catholic social teaching. In addition to interrogations of the major documents, this volume provides an understanding of the biblical and philosophical foundations of Catholic social teaching, addresses the doctrinal issues that arise in such a context, and explores the social thought leading up to the "modern" era, generally accepted as beginning in 1891 with the publication of Pope Leo XIII's *Rerum Novarum*. Finally, there is a review of how Catholic social teaching has been received in the United States, and an informed look at the shortcomings and questions that future generations must address. By any standard, *Modern Catholic Social Teaching* is a remarkable work--intellectually rigorous and deeply faithful, it provides accessible and thought-provoking insights into the heart of a belief tradition that every Catholic will find invaluable.

### **Catholic Social Teachings En-route in Africa**

Inspired by and based on Pope John Paul II's apostolic exhortation *I Will Give You Shepherds* (*Pastores Dabo Vobis*).

## **DOCAT**

### **Catholic Social Teaching and United States Welfare Reform**

The passage of welfare reform legislation in 1996 has prompted the need for an evaluation of ethics in American social policy. "Catholic Social Teaching And United States Welfare Reform" examines how Catholic social teaching may be used as a resource for that evaluation, now and in the future. This is an informative book for anyone concerned with welfare reform or the place of faith in political action.

### **Modern Catholic Social Teaching**

#### **Equipped for the Work of Ministry**

Civilization of Work is all about change in the existing work culture. The immanent tension between labour and capital, performance and profit, producer and product, employer and employee, could be minimized if the labour market and the labour process are founded on and informed by an appropriate socio-ethical work culture that propagates the integrity and dignity of man. Based on this, the socio-economic and historical approach in the research recaptures and analyses the work situation in Nigeria in the lime light of the tenets of the document "Libertatis conscientia." The result is a suggestive guideline for a new work culture - Civilization of work. Contents: The human person as the subject, object and purpose of work - Labour and capital - Performance and profit\*\*\* - Producer and product - Employer and employee.

#### **Handbook of Catholic Social Thought**

This book deals with just one aspect of Catholic social teaching, the principle of private property. This aspect is only one among many principles in social ethics, but continues to be the source of controversy. This study examines the degree of continuity in papal teaching on private property between Rerum Novarum (1881) and Laborem Exercens (1981), and how the pontiffs of this century adapted this principle to new problems and developments. The contribution of this volume is the gathering together of the many influences which shaped the teaching of the Magisterium in social ethics in the specific area of property rights. These influences include, among others, the problems facing a pope, the drafters and theologians who assisted in the writing of social encyclicals, schools of thought which influenced contemporary debates, and various objections leveled at this teaching. Contents: Leo XIII and Private Property; Pius XI and Private Property; Pius XII and Private P John XXII and Private Property; Paul VI and Private Property; John Paul II and Private Property; and Conclusions.

Topics related to Catholic social teaching emerge regularly in American political and civic discourse, often connected to discussions about religious freedom, abortion, immigrant rights, racism, capital punishment, and health care. This third edition of *A Concise Guide to Catholic Social Teaching* by Rev. Kevin E. McKenna incorporates the essential teachings of Pope Francis in *Evangelium Gaudium*, *Laudato Si'*, and *Amoris Laetitia* to offer a clear, beginner-level reference tool and study guide for Church leaders and other interested Catholics to help them navigate this vast body of teaching. Building on core themes of human dignity, community, rights and responsibilities, option for the poor, dignity of work, solidarity, and care of creation, McKenna distills a vast amount of Catholic teaching into easily digestible summaries, each carefully referenced to its primary source and correlated to pressing issues making today's headlines. The book includes crucial teachings of the popes from Louis XIII through Francis as well as from the

United States Conference of Catholic Bishops. Each chapter concludes with questions for reflection and dialogue and appendices provide tools for parishes and study groups. This practical and thorough guide remains a perennial favorite for study and reference in Catholic parishes, universities, and ministry formation programs.

## **The Biblical World**

DOCAT is "revealing the secret" to young people around the world. DOCAT helps young people to know and live Catholic Social Teaching. It's a great, practical follow up to YOUCAT, the hugely popular Youth Catechism, based on the Catechism of the Catholic Church. Drawing on Scripture, YOUCAT, the Catechism, and the Compendium of Catholic Social Teaching, DOCAT shows young people how to work toward building a "civilization of love". Features include: • Popular Q & A YOUCAT style, tackles tough questions about social justice and related issues • Lots of full-color photos with young people and others • Inspirational and insightful quotes , including comments from St John Paul II, Mother Teresa, Pope Francis, Pope Benedict • Written with help from church leaders, business leaders, social activists, and young people • Guides young people in conscience formation and Catholic action on social and political issues

Academic disciplines perceive tranquility and a sense of contentment differently among themselves and therefore contribute to peace-building initiatives differently. Peace is not merely a function of education or a tool that produces amicable systems, but rather a concept that educational contributions can help societies progress to a more peaceful existence. The Handbook of Research on Promoting Peace Through Practice, Academia, and the Arts aims to provide readers

with a concise overview of proactive positive peace models and practices to counter the overemphasis on merely ending wars as a solution. While approaching peace-building through multiple vantage points and academic fields such as the humanities, arts, social sciences, and theology, this valuable resource promotes peace-building as a cooperative effort. This publication is a vital reference work for humanitarian workers, leaders, educators, policymakers, academicians, undergraduate and graduate-level students, and researchers.

## **Selective Guide to Colleges**

### **A Concise Guide to Catholic Social Teaching**

Handbook of Catholic Social Teaching employs a question and answer format, to better accentuate the response of the Church's message to the questions Catholics have about their social role and what the Church intends to teach about it. Written in consultation with the Pontifical Council for Justice and Peace, the Handbook should take its place alongside the Catechism of the Social Doctrine of the Church on the shelf of informed Catholics as works that can inform what we believe and do in the public sphere.

### **Guide to the Information Activities of European Development Networks**

### **Guide to the Catholic Sisterhoods in the United States**

This encyclopedia is a comprehensive introduction to Catholic social thought. The work combines three levels of analysis: (1) broad-ranging theoretical work on key topics and scholarly disciplines, (2) social science perspectives on a wide range of topics relating to human nature and society, and (3) treatment of policy issues.
