The Complete Fire Inspector I and II Training Solution! Fire inspectors need to know how to interpret and apply national and local codes and standards in the office and in the field. Fire Inspector: Principles and Practice is designed to prepare fire inspectors to ensure the highest standards of fire and life safety in their communities. The National Fire Protection Association (NFPA) and the International Association of Fire Chiefs (IAFC) are pleased to bring you Fire Inspector: Principles and Practice, a modern integrated teaching and learning system for the fire inspector. You cannot understand China without meeting heroes like Samuel Lamb! In an age when secularism and materialism numb the human spirit, China's amazing

Christians demonstrate the power of living faith. In 1950 China's Christians numbered about a million. Today, estimates range between 30 and 70 million! How did this body of believers grow so rapidly under atheism and materialism? Bold as a Lamb is the true story of Pastor Samuel Lamb. Imprisoned for more than twenty years for preaching the Gospel, he became the beloved secret pastor to hundreds of fellow inmates. After his release in 1978, he built a phenomenal "house church" congregation of more than a thousand. Soon, however, he became the special target of those determined to destroy the mushrooming house church movement in China. His church was closed and his ministry tools were confiscated. Yet this man remains undaunted, standing boldly -- and with spiritual grace, against fierce opposition. This is the fascinating, eye-opening account of one of China's best-known pastors, his dauntless congregation, and how they found joy and optimism in the face of relentless persecution.

### **Thirteen Reasons Why**

#### **The Book of Hiding**

The Book of Hiding offers a fluent and erudite analysis of the parallels between the Bible and contemporary discussions of gender, ethnicity and social ambiguity. Beal focuses particularly on the traditionally marginalised book of Esther, in order to examine closely the categories of self and other in relation to religion, sexism, nationalism, and the ever-looming legacies and future possibilities of annihilation. Beal applies the critical tools of contemporary theorists, such as Cixous, Irigaray and Levinas, challenging widely held assumptions about the moral and life-affirming message of Scripture and even about the presence of God in the book of Esther. The Book of Hiding draws together a variety of different perspectives and disciplines, creating a unique space for dialogue raising new questions and reconsidering old assumptions, which is profoundly interesting and well-articulated.

The Bible is both a divine and a human book. It is the inspired word of God for his people, whether in biblical times or for the church today. It is also a fully human book, written by different people in a variety of cultural settings. Knowledge of biblical language and society is essential if the meaning of the human writer is to be grasped fully. The Apollos Old Testament Commentary aims to take with equal seriousness the divine and human aspects of Scripture. In this volume, Pekka Pitkänen shows the relevance of Joshua to modern readers. While he remains anchored in the world of the text throughout the commentary, Pitkänen brings contemporary geopolitical issues (like the Israeli-Palestinian conflict) to bear on Joshua and the genocidal "Israelite conquest tradition."

One of the BBC's '100 Novels That Shaped Our World' A worldwide bestseller and the first part of Achebe's African Trilogy, *Things Fall Apart* is the compelling story of one man's battle to protect his community against the forces of change. Okonkwo is the greatest wrestler and warrior alive, and his fame spreads throughout West Africa like a bush-fire in the harmattan. But when he accidentally kills a clansman, things begin to fall apart. Then Okonkwo returns from exile to find missionaries and colonial governors have arrived in the village. With his world thrown radically off-balance he can only hurtle towards tragedy. First published in 1958, Chinua Achebe's stark, coolly ironic novel reshaped both African and world literature, and has sold over ten million copies in forty-five languages. This arresting parable of a proud but powerless man witnessing the ruin of his people begins Achebe's landmark trilogy of works chronicling the fate of one African community, continued in *Arrow of God* and *No Longer at Ease*. ### **The Book of Proverbs, Chapters 1-15**

When It Comes to Disciple Making . . . You Get What You Aim For! Because the church grows at the edges, discipling new believers may be one of the most important things you do! Jesus knew this. At the pivotal post-resurrection point, he took the newer-in-faith and synergized a movement. Yet the biblical example and current trends do not match--churches lack consistently in four areas: Aim: They fail to shoot for the new believer's evangelistic influence. Approach: They teach, but do not instill practices. Angle: Non-relational follow-up leads to disconnected disciples. Anticipation: Limited time did not produce lasting impact. Re-visioning, First Steps offers a fourfold course correction. Set your sights on the superior targets--and exciting results await! This guide will prepare you for the biggest assignment ever given: turn simple followers into strategic players.
