Whether you're aiming for YouTube videos or Hollywood-style epics, you need what Premiere Elements can't provide: crystal-clear guidance and real world know-how. This Missing Manual delivers. Packed with great ideas on how to spiff up your footage, this book helps you avoid the dreaded Help! I Never Do Anything With My Video syndrome. With this book, you'll learn how to use Premiere's two approaches to filmmaking: The quick-and-easy InstantMovie technique, and the classic, handcrafted approach for frame-by-frame editing with fine-tuned transitions, effects, and more. Premiere expert Chris Grover combines a touch of humor with insights, tips, and tricks culled from years of moviemaking experience to help you release your inner Scorsese. Create movies from start to finish with hands-on, step-by-step instructions Use InstantMovie to whip up a video ready for prime time Learn frame-by-frame editing to handcraft your story like the pros do Share your movie by saving it to disc, uploading it, or emailing it Add video effects that dazzle Use keyframes to precisely control cuts, special effects, and sound Tap Premiere's automated tools to analyze, organize, and rate your clips

The Anti-drug Effort in the Americas, a Mid-term Report

This practical sourcebook has been specially prepared to give you an at-a-glance guide to quality video program-making on a modest budget. Emphasis throughout is on excellence with economy; whether you are working alone or with a small multi-camera group. The well-tried techniques detailed here will steer you through the hazards of production, helping you to avoid those frustrating, time-wasting problems, and to create an effective video program. For many years Video Production Handbook has helped students and program-makers in a wide range of organizations. Now in its thoroughly revised 3rd edition, Video Production Handbook guides you step-by-step, explaining how to develop your initial program ideas, and build them into a successful working format. It covers the techniques of persuasive camerawork, successful lighting and sound treatment, video editingetc. You will find straightforward up-to-the-minute guidance with your daily production problems, and a wealth of practical tips based on the author's personal experience. In this extended edition, you will see how you can use quite modest chromakey facilities and visual effects to create the magic of virtual reality surroundings. Gerald Millerson's internationally acclaimed writings are based on a long and distinguished career with the BBC. His lecturing background includes TV production courses in the United States and UK. On 8 November 2004, the largest battle of the War on Terror began, with the US Army's assault on Fallujah and its network of tens of thousands of insurgents hiding in fortified bunkers, on rooftops, and inside booby-trapped houses. For Sgt. David Bellavia of 3rd Platoon, Alpha Company, it quickly turned into a battle on foot, from street to street and house to house. On the second day, he and his men laid siege to a mosque, only to be driven to a rooftop and surrounded, before heavy artillery could smash through to rescue them. By the third day, Bellavia charges an insurgent-filled house and finds himself trapped with six enemy fighters. One by one, he shoots, wrestles, stabs, and kills five of them, until his men arrive to take care of the final target. It is one of the most hair-raising battle stories of any age -- yet it does not spell the end of Bellavia's service. It would take serveral more weeks before the Battle of Fallujah finally came to a close, with Bellavia, miraculously, alive. In the words of the author: "HOUSE TO HOUSE holds nothing back. It is a raw, gritty look at killing and combat and how men react to it. It is gut-wrenching, shocking and brutal. It is honest. It is not a glorification of war. Yet it will not shy from acknowledging this: sometimes it takes something as terrible as war for the full beauty of the human spirit to emerge."
