James Acaster's Classic Scrapes - The Hilarious Sunday Times Bestseller

The critically acclaimed Fringe television series explores the dramatic and grotesque as impossible crimes are investigated by the government's shadowy Fringe Division, established when Special Agent Olivia Dunham enlisted institutionalized "fringe" scientist Walter Bishop and his globe-trotting son, Peter, to help in investigations that defy all human logic - and the laws of nature. Author Christa Faust (Choke Hold, Supernatural) is working hand-in-hand with the television writers to create new adventures uncovering the secrets of the series. The first novel revealed how Walter Bishop and William Bell discovered the drug Cortexiphan--and the alternate universe! Book two will explore how Olivia Dunham first was subjected to Cortexiphan experiments, with catastrophic results. Faust has been given unprecedented access to stories that have not been told on-screen, but weave directly into the series canon, much as Joss Whedon's Buffy graphic novels continue that series' official storyline. Into the Looking Glass

If You Meet the Buddha on the Road, Kill Him

It's the end of everything in contemporary America. A future without power. But what will survive? Mr Burns asks how the stories we tell make us the people we are, explodes the boundaries between pop and high culture and, when society has crumbled, imagines the future for America's most famous family.

Conversations with Friends

Suck It, Wonder Woman! brings Olivia Munn's unique humor, incredible wit, and lightning-fast costume changes to a world that needs more scrapbooking, sea monkeys, and for the love of God, a freakin' hoverboard! In this hilarious collection you'll find essays like "thought's About My First Agent's Girlfriend's Vagina," wherein Olivia skewers what it's like to live in Hollywood. In "Sex: What You Can Do to Help Yourself Have More of It," she frankly gets down to the business of getting it on, including advice on how to appropriately wrap it and bag it. In "What to Do When the Robots Invade (Yes, When!)," Olivia offers valuable information on . . . what to do when the robots invade! And just when you thought she couldn't get any more geeky, she can. This book also includes such handy treasures as a timeline of great moments in Geek history, a flip book, an unofficial FAQ section, and a nifty (read: smokin') foldout poster.

A Beginner's Guide To Acting English

With tainted meat the weapon and corporate greed the motive, The Knowland Retribution is an extremely topical suspense-revenge thriller. Walter Sherman, a/k/a the Locator, is a tracker who honed his skills in Vietnam. The colorful cast of characters also includes Sherman's two friends--a bartender with a mysterious past and an old black man who smokes like a chimney; a feisty young woman who writes obituaries for the New York Times; a southern lawyer who has lost everything and has only one thing to live for; and a group of Wall Street investment bankers who make a deadly decision. The action takes the reader from a tiny Caribbean bar on the island of St. John to the editorial boardroom of the New York Times, from the gleaming skyline of Atlanta to the isolation of northern New Mexico, from Adirondack hideouts to Manhattan suites to Mississippi backwoods. This complex and compelling mystery thriller is the first in a series featuring Walter Sherman as the Locator.

The Knowland Retribution

A smart, accessible and funny cultural analysis of The Simpsons, its inside stories and the world it reflects. From Bart Simpson to Monty Burns, the Internet boom to the slow drowning of Tuvalu, Planet Simpson explores how one of the most popular shows in television history has changed the way we look at our bewildering times. Award-winning journalist Chris Turner delves into the most esoteric of Simpsons fansites and on-line subcultures, the show's inside jokes, its sharpest parodies and its ongoing love-hate relationship with celebrity to reveal a rarity of literary accomplishment and pop-cultural import — something never before achieved by a cartoon. Complementing its satirical brilliance, The Simpsons boasts a beloved cast of characters, examined here in playful and scrupulous detail: Homer, selfish, tyrannical and not too bright, but always contentedly beholden to his family; Bart, pre-teen nihilist and punk icon; Lisa, junior feminist crusader; and Marge, archetypical middle-American mother, perpetually dragging her family kicking and screaming to higher moral ground. And while the voice actors behind the regular cast have eschewed celebrity, Turner considers why a stunning host of guests — Hollywood icons and has-beens, politicians, professional athletes, poets and pop stars — have submitted themselves to the parodic whims of the Simpsons' writers. Intelligent and rambunctious, absorbing and comic, Planet Simpson mines this modern cultural institution for its imaginative, hilarious, but always dead-on, reflections on our world. Excerpt from Planet Simpson Three Fun Facts About "D'oh!" 1. The Oxford English Dictionary defines "d'oh" as "Expressing frustration at the realization that things have turned out badly or not as planned, or that one has just said or done something foolish." 2. The origins of "D'oh!" A Tracey Ullman-era Simpsons script called for Homer to respond to an unfortunate turn of events thus: "[annoyed grunt]." Dan Castellaneta, the voice-actor who plays Homer, improvised the exclamation, "D'oh!" It stuck. 3. The godfather of "D'oh!" Dan Castellaneta freely admits that he lifted Homer's famous yelp from James Finlayson, a Scottish actor who played a bald, cross-eyed villain in a number of Laurel & Hardy films in the 1930s. Finlayson's annoyed grunt was a more drawn-out groan — Doooohhh! Castellaneta sped it up to create Homer's trademark.

Chimera

Rosencrantz and Guildenstern Are Dead is a play which, as it were, takes place in the wings of Hamlet, and finds both humour and poignancy in the situation of the ill-fated attendant lords. The National Theatre production in April 1967 made Tom Stoppard's reputation virtually overnight. Its wit, stagecraft and verbal verve remain as exhilarating as they were then and the play has become a contemporary classic. 'One of the most original and engaging of post-war plays.' Fringe - The Zodiac Paradox (Novel #1)

The Anarchist Cookbook will shock, it will disturb, it will provoke. It places in historical perspective an era when "Turn on, Burn down, Blow up" are revolutionary slogans of the day. Says the author "This book is not written for the members of fringe political groups, such as the Weatherman, or The Minutemen. Those radical groups don't need this book. They already know everything that's in here. If the real people of America, the silent majority, are going to survive, they must educate themselves. That is the purpose of this book." In what the author considers a survival guide, there is explicit information on the uses and effects of drugs, ranging from pot to heroin to peanuts. There is detailed advice concerning electronics, sabotage, and surveillance, with data on everything from bugs to scramblers. There is a comprehensive chapter on natural, non-lethal, and lethal weapons, running the gamut from cattle prods to sub-machine guns to bows and arrows.

Rosencrantz and Guildenstern Are Dead

“A fascinating and frightening book” (Los Angeles Times)—the bestselling true story about a house possessed by evil spirits, haunted by psychic phenomena almost too terrible to describe. In December 1975, the Lutz family moved into their new home on suburban Long Island. George and Kathleen Lutz knew that, one year earlier, Ronald DeFeo had murdered his parents, brothers, and sisters in the house, but the property—complete with boathouse and swimming pool—and the price had been too good to pass up. Twenty-eight days later, the entire Lutz family fled in terror. This is the spellbinding, shocking true story that gripped the nation about an American dream that turned into a nightmare beyond imagining—“this book will scare the hell out of you” (Kansas City Star).

The Princess Bride

The irrepressible, hysterical, puntastical Tim Vine, star of stage and screen, treats all of us here in his first joke book. Packed full of zingers and hilarious illustrations, if this doesn't put a smile on your face, nothing will. What's not to like: The other day someone left a piece of plasticine in my dressing room. I didn't know what to make of it. I'm against hunting. I'm actually a hunt saboteur. I go out the night before and shoot the fox. I saw this bloke chatting up a cheetah. He was trying to pull a fast one. Black holes. I don't know what people see in them. So I fancied a game of darts with my mate. He said, 'Nearest the bull goes first.' He went 'Baah' and I went 'Moo'. He said 'You're closest.' Velcro. What a rip-off. Black Beauty. He's a dark horse. I've got a sponge front door. Hey, don't knock it.
