Houghton Mifflin Journeys

Discover which creatures are at the top and bottom of three polar food chains, and learn what happens at each stage of their life cycle. At the end of each spread, use the picture clue to guess which polar predator is waiting to pounce! Explore the Arctic and Antarctica to find out which creatures live there. . . and which will make a tasty snack! Each book in this essential series reveals the life cycles of eleven fascinating living things in a particular habitat. The life cycles link together to create three food chains. At the end of the book is a simple overview of how the three food chains interact to create a food web. With clear text and punchy photographs, this is a captivating introduction to habitats and ecosystems.
