Rakesh plants a cherry seedling in his garden and watches it grow. As seasons go by, the small tree survives heavy monsoon showers, a hungry goat that eats most of the leaves and a grass cutter who splits it into two with one sweep. At last, on his ninth birthday, Rakesh is rewarded with a miraculous sight—the first pink blossoms of his precious cherry tree! This beautifully illustrated edition brings alive the magical charm of one of Ruskin Bond’s most unforgettable tales.

The Merchant of Venice has been performed more often than any other comedy by Shakespeare. Molly Mahood pays special attention to the expectations of the play's first audience, and to our modern experience of seeing and hearing the play. In a substantial new addition to the Introduction, Charles Edelman focuses on the play's sexual politics and recent scholarship devoted to the position of Jews in Shakespeare's time. He surveys the international scope and diversity of theatrical interpretations of The Merchant in the 1980s and 1990s and their different ways of tackling the troubling figure of Shylock.

"You don't need to start taking things seriously until you are in Year 12." We think differently. Catch Up with Top-Achievers: 2019 HSC edition is a new type of study guide designed for high school students, teachers and parents. Catch Up with Top-Achievers: 2019 HSC edition is composed of a series of articles written by past HSC Top-Achievers. They explain their unique approach to their studies with the aim to enlighten and set students on the right path to be better. Unlike many other study guides, which aim to teach the contents of the syllabuses of each subject, the aim of Catch Up with Top-Achievers:2019 HSC edition is to educate students on the processes of studying/learning. Instead of teaching students the contents (specific syllabus points) of a specific subject, the Top-Achievers will explain their general approaches to studying different subjects as well as interpersonal skills. The aim of this book is to encourage the readers to choose and experiment different study

strategies and eventually create their own way of studying and reach their maximum potential when performing in the HSC. Each Top-Achiever will:

1. Share key strategies to achieving great HSC results
