Father Forgive Me

St. Nicholas

Sixteen "lovely, nuanced†? (The New York Times) linked stories from a potent new voice—a doctor with an M.D. from Harvard and an M.F.A. in fiction. A History of the Present Illness takes readers into overlooked lives in the neighborhoods, hospitals, and nursing homes of San Francisco, offering a deeply humane and incisive portrait of health and illness in America today. An elderly Chinese immigrant sacrifices his demented wife's well-being to his son's authority. A busy Latina physician's eldest daughter's need for more attention has disastrous consequences. A young veteran's injuries become a metaphor for the rest of his life. A gay doctor learns very different lessons about family from his life and his work. And a psychiatrist who advocates for the underserved may herself be crazy. Together, these honest and compassionate stories introduce a striking new literary voice and provide a view of what it means to be a doctor and a patient unlike anything we've read before. In the tradition of Oliver Sacks and Abraham Verghese, Aronson's writing is based on personal experience and addresses topics of current social relevance. Masterfully told, A History of the Present Illness explores the role of stories in medicine and creates a world pulsating with life, speaking truths about what makes us human.

The United States Army and Navy Journal and Gazette of the Regular and Volunteer Forces

Harper's Round Table

Uncensored, uncontained, and thoroughly demented, the memoirs of Paul Krassner are back in an updated and expanded edition. Paul Krassner, “father of the underground press” (People magazine), founder of the Realist, political radical, Yippie, and award-winning stand-up satirist, shares his stark raving adventures with the likes of Lenny Bruce, Abbie Hoffman, Norman Mailer, Ken Kesey, Groucho Marx, and Squeaky Fromme, revealing the patriarch of counterculture’s ultimate, intimate, uproarious life on the fringes of society. Whether he’s writing about his friendship with controversial comic Lenny Bruce, introducing Groucho Marx to LSD, his investigation of Scientology, or John Kennedy’s cadaver, no subject is too sacred to be skewered by Krassner. And yet his stories are soulful and philosophical, always authentic to his iconoclastic brand of personal journalism. As Art Spiegelman said, “Krassner is one of the best minds of his generational to be destroyed by madness, starving, hysterical, naked—but mainly hysterical. His true wacky, wackily true autobiography is the definitive book on the sixties.”

An entertaining tale with thoughtful insights into the absurd behavior and peculiar thinking which make us human. When four fraternity brothers get together 20 years after college, they get more than they bargained for as they begin to see each other--and themselves--as they really are. Their week together turns into a tragicomedy of lies, murder, and ultimately, truth.

Confessions of a Raving, Unconfined Nut

Mack's determined to do what's right for her father but will she choose what's right for herself? Mackenna Birch thinks she's met the man of her dreams while on holiday in New Zealand. Adam Walker seems funny, kind and loving until - to Mack's disbelief - he walks out on her. Nursing a broken heart, Mack returns to the family farm in Australia to find her beloved father unwell and her scheming younger brother home from the city, showing a great interest in taking over the business. Also in her absence, a new worker has been hired, and Mack's unsure of his motives. Mack longs to make big changes to the farm - changes her father has approved. But with her dad's ailing health, all her plans have been put on hold. Soon Mack finds herself turning to Hugh - her old friend and neighbour - as her confidant. As they support each other through family pressures, their friendship strengthens, leading them to question their true feelings for each other. Then, out of the blue, Adam turns up from New Zealand, adding to the melting pot of emotions. Soon Mack's juggling some tough decisions and trying to make those around her happy. But can she find the balance and have her own ever-after?
