Trout Fishing in America

A collection of humorous anecdotes discusses worrying, McManus' first kiss, relieving stress through fantasies, and more

The Rewriting of America's History

"A forthright exposé of accelerated attempts to remove evidence of Christian heritage in places commemorating national history." -- from back cover.

The Gingerbread Family

It is 1943 and for 10 year old Annemarie life is still fun. But there are worries too - the Nazis have occupied Copenhagen and there are food shortages, curfews and the threat of being stopped by soldiers and Annemarie's best friend is a Jew.

Kerplunk!

From bestselling author Ame Dyckman and illustrator Scott Magoon comes the laugh-out-loud story about a Misunderstood Shark who just wants to show the world who he really is

Fish in a Tree

A book "that has very little to do with trout fishing and a lot to do with the lamenting of a passing pastoral America . . . an instant cult classic" (Financial Times). Richard Brautigan was a literary idol of the 1960s and '70s who came of age during the heyday of Haight-Ashbury and whose comic genius and iconoclastic vision of American life caught the imaginations of young people everywhere. Called "the last of the Beats," his early books became required reading for the hip generation, and on its publication Trout Fishing in America became an international

bestseller. An indescribable romp, the novel is best summed up in one word: mayonnaise. This new edition features an introduction by poet Billy Collins, who first encountered Brautigan's work as a student in California. From the introduction: "'Trout Fishing in America' is a catchphrase that morphs throughout the book into a variety of conceptual and dramatic shapes. At one point it has a physical body that bears such a resemblance to that of Lord Byron that it is brought by ship from Missolonghi to England, in 1824, where it is autopsied. 'Trout Fishing in America' is also a slogan that sixth-graders enjoy writing on the backs of first-graders. . . . In one notable exhibition of the title's variability, 'Trout Fishing in America' turns into a gourmet with a taste for walnut catsup and has Maria Callas for a girlfriend. Through such ironic play, Brautigan destabilizes any conventional idea of a book as he begins to create a world where things seem unwilling to stay in their customary places."

The Horse in My Garage and Other Stories

Records the courage and self-reliance of an Indian girl who lived alone for eighteen years on an isolated island off the California coast when her tribe emigrated and she was left behind.

Dave Barry's Greatest Hits

More humorous observations and insights into the agonies and ecstasies of hunting, fishing, and camping by the author of *They Shoot Canoes, Don't They?* and other celebrations of life in the wild.

I Fish; Therefore, I Am: And Other Observations; Three Bestselling Works Complete in One Volume; A Fine and Pleasant Misery, Never Sniff a Gift

Oscar is a dog, but he knows this new potbelly pig is going to be his best friend for life. Sure, Piggy pees while he eats, he eats while he walks, and he walks into trouble on a daily basis. But a friend is a rare thing for Oscar, who has already written the family cat off as psychotic.

The Bear in the Attic

Offers a humorous collection of tales, including "Muldoon in Love," a story that features a teacher who wore the same suit to school for thirty years

The Shape of Design

"Every Who down in Who-ville liked Christmas a lot . . . but the Grinch, who lived just north of Who-ville, did NOT!" Not since "'Twas the night before Christmas" has the beginning of a Christmas tale been so instantly recognizable. No holiday season is complete without the Grinch, Max, Cindy-Lou, and all the residents of Who-ville, in this heartwarming story about the effects of the Christmas spirit on even the smallest and coldest of hearts. Like mistletoe, candy canes, and caroling, the Grinch is a mainstay of the holidays, and his story is the perfect gift for young

and old. This Read & Listen edition contains audio narration.

The 48 Laws of Power

The 10th-anniversary edition of the No. 1 international bestseller and modern classic beloved by millions of readers **HERE IS A SMALL FACT - YOU ARE GOING TO DIE 1939**. Nazi Germany. The country is holding its breath. Death has never been busier. Liesel, a nine-year-old girl, is living with a foster family on Himmel Street. Her parents have been taken away to a concentration camp. Liesel steals books. This is her story and the story of the inhabitants of her street when the bombs begin to fall. **SOME IMPORTANT INFORMATION - THIS NOVEL IS NARRATED BY DEATH** The 10th-anniversary edition features pages of bonus content, including marked-up manuscript pages, original sketches, and pages from the author's writing notebook.

Field & Stream

Special edition slipcase edition of John Green's Paper Towns, with pop-up paper town. From the bestselling author of *The Fault in our Stars*. Quentin Jacobsen has always loved Margo Roth Spiegelman, for Margo (and her adventures) are the stuff of legend at their high school. So when she one day climbs through his window and summons him on an all-night road trip of revenge he cannot help but follow. But the next day Margo doesn't come to school and a week later she is still missing. Q soon learns that there are clues in her disappearance . . . and they are for him. But as he gets deeper into the mystery - culminating in another awesome road trip across America - he becomes less sure of who and what he is looking for. Masterfully written by John Green, this is a thoughtful, insightful and hilarious coming-of-age story.

Island of the Blue Dolphins

A lively puppy is on the loose, sniffing his way through town and causing mischief! But what is the pup sniffing? Readers will follow the clues, from bacon and pancakes at breakfast to garbage cans and fire hydrants in the park, to guess where the dog is running to next. Will he finally find what he is looking for? Author and illustrator Ryan Sias uses bright, dynamic illustrations and minimal text to create a delightfully funny story that will have young readers guessing until the very end.

The Book of the Year 2019

Why Fish Don't Exist

A new series by the author of *The Bear in the Attic* finds Idaho sheriff Bo Tully's hopes about a rekindled romance with his high-school sweetheart challenged by his father's upcoming seventy-fifth birthday celebration and a ranch murder involving numerous possible suspects. Reprint. 25,000 first printing.

Paper Towns

Bestsellers by America's favorite humorist: A Fine And Pleasant Misery They Shoot Canoes, Don't They? Never Sniff A Gift Fish The Grasshopper Trap Rubber Legs And White Tail-hairs The Night The Bear Ate Goombaw Whatchagot Stew (with Patricia "The Troll" McManus Gass) Real Ponies Don't Go Oink! Into the Twilight, Endlessly Grousing

The Horse in My Garage and Other Stories is a hilarious addition to Patrick F. McManus's existing work in humor. The author weighs in on his childhood, everyday life, and outdoor tales with his typical exaggerated commentary that will elicit a belly laugh from all types of readers. Read about the antics of Patrick's friends Rancid Crabtree and Retch Sweeney in such stories as "Shaping Up for the Hunt" and "Bear Hunters." McManus plays off the recent obsession with hoarders in his surprising story "The Lady Who Kept Things." In the titular story, meet Patrick's horse, Huckleberry, and enjoy the experience of all the problems that come along with owning your own horse—or keeping him in the garage. Other great stories include: "Catch-And-Eaters," about the importance of a forked stick when fishing "\$7000 TV Historical Extravaganza," a look at one director's loose interpretation of historical accuracy and political correctness "A Lake Too Far," concerning the woes of Patrick and his wife, Bun, on a fateful birding trip in Australia "Chicken Chronicles," which involves Patrick's memory of wandering around naked in the chicken yard when guests came to call So pull up a chair, sit back, and enjoy laughing to the hilarious adventures of Patrick F. McManus in The Horse in My Garage and Other Stories.

They Shoot Canoes, Don't They?

"Fans of R.J. Palacio's Wonder will appreciate this feel-good story of friendship and unconventional smarts." --Kirkus Reviews Ally has been smart enough to fool a lot of smart people. Every time she lands in a new school, she is able to hide her inability to read by creating clever yet disruptive distractions. She is afraid to ask for help; after all, how can you cure dumb? However, her newest teacher Mr. Daniels sees the bright, creative kid underneath the trouble maker. With his help, Ally learns not to be so hard on herself and that dyslexia is nothing to be ashamed of. As her confidence grows, Ally feels free to be herself and the world starts opening up with possibilities. She discovers that there's a lot more to her--and to everyone--than a label, and that great minds don't always think alike. The author of the beloved One for the Murphys gives readers an emotionally-charged, uplifting novel that will speak to anyone who's ever thought there was something wrong with them because they didn't fit in. This paperback edition includes The Sketchbook of Impossible Things and discussion questions. A New York Times Bestseller! * "Unforgettable and uplifting."--School Library Connection, starred review * "Offering hope to those who struggle academically and demonstrating that a disability does not equal stupidity, this is as unique as its heroine."--Booklist, starred review * "Mullaly Hunt again paints a nuanced portrayal of a sensitive, smart girl struggling with circumstances beyond her control." --School Library

The Good Samaritan Strikes Again

Presents a collection of curmudgeonly tales on Pacific Northwest country living as enjoyed by both outdoorsmen and armchair enthusiasts, in a volume that explores the lighter side of such topics as gun safes, fly tying, and bird dog flatulence.

StandOut 2.0

"One of the funniest people ever to tap tap on a PC." PHILADELPHIA INQUIRER Not since George Bush's memorable dinner with the Japanese prime minister has the Land of the Rising Sun seen the likes of a goodwill ambassador like Dave Barry. Join him as he belts out oldies in a karaoke bar, marries a geriatric geisha girl, takes his first bath in public, bows to just about everyone, and explores culture shock in all its numerous humorous forms, including: *Failing to Learn Japanese in Only Five Minutes (Or: "Very Much Good Morning, Sir!")*; *Humor in Japan (Take My Tofu, Please!)*; *Sports in Japan ("Yo, Batter! Loudly Make it Fly!")*, and more.

Super Piggy

Legal in all 50 states, this entertaining, informative, and whimsically illustrated guide covers 4,000 years of weed and its significance—psychoactive, cultural, medical, sexual, and more—in just 22 pages and with 20 scratch-&-sniff scents. From the science behind the munchies to the botanical link between weed and beer; from weed's sexual upsides to its (literal) sexual downsides; from Tupac to Shakespeare to why weed makes music sound better: This book may just be the greatest-ever gift for anyone from the cannabis connoisseur to the cannabis curious.

Real Ponies Don't Go Oink!

WINNER OF THE 2017 NASW SCIENCE IN SOCIETY JOURNALISM AWARD A FINALIST FOR THE 2017 PEN/E. O. WILSON LITERARY SCIENCE WRITING AWARD LONGLISTED FOR THE ANDREW CARNEGIE MEDAL FOR EXCELLENCE A LIBRARY JOURNAL BEST SCIENCE BOOK OF THE YEAR "[A] curiously edifying book." —The New York Times Book Review "With the taut suspense of a spy novel, Voigt paints a vivid world of murder, black market deals, and habitat destruction surrounding a fish that's considered, ironically, to be a good-luck charm." —Discover "[An] immensely satisfying story, full of surprises and suspense. Things get weird fast." —The Wall Street Journal An intrepid journalist's quest to find a wild Asian arowana—the world's most expensive aquarium fish—takes her on a global tour in this "engaging tale of obsession and perseverance...and an enthralling look at the intersection of

science, commercialism, and conservationism” (Publishers Weekly, starred review). A young man is murdered for his pet fish. An Asian tycoon buys a single specimen for \$150,000. Meanwhile, a pet detective chases smugglers through the streets of New York. With “the taut suspense of a spy novel” (Discover) *The Dragon Behind the Glass* tells the story of a fish like none other. Treasured as a status symbol believed to bring good luck, the Asian arowana, or “dragon fish,” is a dramatic example of a modern paradox: the mass-produced endangered species. While hundreds of thousands are bred in captivity, the wild fish has become a near-mythical creature. From the South Bronx to Borneo and beyond, journalist Emily Voigt follows the trail of the arowana to learn its fate in nature. “A fresh, lively look at an obsessive desire to own a piece of the wild” (Kirkus Reviews), *The Dragon Behind the Glass* traces our fascination with aquarium fish back to the era of exploration when naturalists stood on the cutting edge of modern science. In an age when freshwater fish now comprise one of the most rapidly vanishing groups of animals, Voigt unearths a surprising truth behind the arowana’s rise to fame—one that calls into question how we protect the world’s rarest species. “Not since Candace Millard published *The River of Doubt* has the world of the Amazon, Borneo, Myanmar, and other exotic locations been so colorfully portrayed as it is now in Emily Voigt’s *The Dragon Behind the Glass*...a must-read” (Library Journal, starred review).

The Essential Scratch & Sniff Guide to Becoming a Wine Expert

When Dave Barry is on the loose, no one is safe! What Dave Barry did for the men’s movement in his *Complete Guide to Guys* and for foreign relations when he did Japan he now does for . . . everything in America. The rapacious observer of Tupperware ladies and leisure concept salesmen sounds off on: Football—Football is more than just a game. It is a potential opportunity to see a live person lying on the ground with a bone sticking out of his leg, while the fans, to show their appreciation, perform “the wave.” Sailing—There’s nothing quite like getting out on the open sea, where you can forget about the hassles and worries of life on land, and concentrate on the hassles and worries of life on the sea, such as death by squid. Gambling—Off-Track Betting parlors are the kinds of places where you never see signs that say, “Thank You for Not Smoking.” The best you can hope for is, “Thank You for Not Spitting Pieces of Your Cigar on My Neck.” “The good news: he’s funny as ever. The bad news: the book is only 304 pages.”—Los Angeles Daily News

Dave Barry Does Japan

With his own particular brand of tongue-in-cheek humor, Patrick F. McManus plays havoc with the adventures of men and women in the great outdoors. *I Fish; Therefore, I Am* takes three of McManus' bestselling titles -- *A Fine and Pleasant Misery*, *Never Sniff a Gift Fish*, and *They Shoot Canoes, Don't They?* -- and brings them together for the first time in this three-in-one collection. Full of utterly enjoyable exposes such as "All You Ever Wanted to Know About Live Bait but Were Afraid to Ask", "Psychic Powers of Outdoorsmen", and "The Night Grandma Shot Shorty", readers will find hours of enjoyment as McManus takes the wildly unpredictable aspects of outdoorsmanship and reveals with humor and wit the pitfalls and triumphs of man versus nature. Containing over 80 slice-of-life stories

by this bestselling outdoor humorist, *I Fish; Therefore, I Am* is a must-have addition to the library of anyone into nature sports.

The Book Thief

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

The Jazz Cage

A Best Book of 2020: The Washington Post * NPR * Chicago Tribune * Smithsonian A “remarkable” (Los Angeles Times), “seductive” (The Wall Street Journal) debut from the new cohost of Radiolab, *Why Fish Don’t Exist* is a dark and astonishing tale of love, chaos, scientific obsession, and—possibly—even murder. “At one point, Miller dives into the ocean into a school of fish...comes up for air, and realizes she’s in love. That’s how I felt: Her book took me to strange depths I never imagined, and I was smitten.” —The New York Times Book Review David Starr Jordan was a taxonomist, a man possessed with bringing order to the natural world. In time, he would be credited with discovering nearly a fifth of the fish known to humans in his day. But the more of the hidden blueprint of life he uncovered, the harder the universe seemed to try to thwart him. His specimen collections were demolished by lightning, by fire, and eventually by the 1906 San Francisco earthquake—which sent more than a thousand discoveries, housed in fragile glass jars, plummeting to the floor. In an instant, his life’s work was shattered. Many might have given up, given in to despair. But Jordan? He surveyed the wreckage at his feet, found the first fish that he recognized, and confidently began to rebuild his collection. And this time, he introduced one clever innovation that he believed would at last protect his work against the chaos of the world. When NPR reporter Lulu Miller first heard this anecdote in passing, she took Jordan for a fool—a cautionary tale in hubris, or denial. But as her own life slowly unraveled, she began to wonder about him. Perhaps instead he was a model for how to go on when all seemed lost. What she would unearth about his life would transform her understanding of history, morality, and the world beneath her feet. Part biography, part memoir, part scientific adventure, *Why Fish Don’t Exist* is a wondrous fable about how to persevere in a world where chaos will always prevail.

How I Got This Way

The Groundbreaking Strengths Assessment from the Leader of the Strengths Revolution In the years since the publication of *First, Break All the Rules* and *Now, Discover Your Strengths*, millions have come to the simple but powerful realization that to get the most out of people, you must build on their strengths. And yet, as Marcus Buckingham astutely points out, though the strengths-based approach is now conventional wisdom, the tools and systems inside organizations—performance appraisals, training programs, and succession planning systems—remain stubbornly remedial and exclusively focused on measuring skills, finding gaps, and attempting to plug them. It's a crisis for individuals and organizations, with management ideas and everyday practice utterly out of sync. That's about to change. *StandOut 2.0* is a revolutionary book and tool that enables you to identify your strengths, and those of your team, and act on them. The original edition of *StandOut* provided top-notch insights from one of the world's foremost authorities on strengths, as well as access to a powerful, cutting-edge online assessment tool. *StandOut 2.0* also includes the assessment and a robust report on your most dominant strengths. The report is easily exported so you can use it to present the very best of yourself to your team and your company. *StandOut 2.0* is your indispensable guide for building on your strengths to further your career—and help your team and organization win.

Number the Stars

With tongue pressed firmly in cheek and a gentle but penetrating eye for human foibles, Patrick F. McManus celebrates the hidden pleasures, unappreciated lore, and opportunities for disaster to be found in the recreations of camping, hunting, and fishing in his hilarious collection *They Shoot Canoes, Don't They?* Gathered here for the reader's edification are such treasures as the true but little known story of the discovery of the efficacy of live bait by Genghis Khan's chef, an examination of the precarious and perhaps fanatical expertise required for ice fishing, and a consideration of the circumstances that can cause a deer to ride a bicycle. Among additional topics explored are *The Crouch Hop and Other Useful Outdoor Steps*, *The Sensuous Angler*, and *Psychic Powers for Outdoorsmen*. Included, too, is *The Hunter's Dictionary*, an invaluable lexicon that helps the novice sportsman understand such arcane terminology as "Ooooooeee-ah-ah-ah! (If there's one thing I hate, it's putting on cold, wet pants in the morning)" and "Baff mast pime ig bead feas mid miff pife! (That's the last time I try to eat peas in the dark with my hunting knife!)" The author's appreciation of outdoor life began in his early boyhood, when he absorbed a wealth of improbable information imparted by the old woodsman Rancid Crabtree, "who bathed only on leap years." Young McManus also enjoyed special adventures with his ill-remembered sidekick, Retch Sweeney, and another boon companion of days gone by, the loquacious family dog, Strange, whose exploits as a hunter were limited to assaulting stray chickens and on one memorable occasion a skunk. "McManus here follows up *A Fine and Pleasant Misery* with a collection of sketches that launches him into the front ranks of outdoor humorists."—Library Journal

Never Sniff A Gift Fish

The beloved humorist and bestselling author returns with his most riotous collection of essays to date. Overflowing with his trademark outdoorsman's wit,

Patrick F. McManus's newest collection ponders the strange allure of the RV, the existential implications of being lost, the baffling tendency of animals to outsmart those who wish to hunt them, and the singular pleasure of doubling the size of every fish one doesn't actually catch. Combining the curmudgeonly voice of Dave Barry and the sly humor of Garrison Keillor, McManus brilliantly captures the everyday absurdities that comprise our existence. Alongside his humor, McManus's inimitable vision consistently evokes a childlike wonder at the natural world. Even if we are running low on food, the compass is broken, and we are fairly certain we have just spotted a family of Sasquatches frolicking in the treetops, *The Bear in the Attic* makes the outdoors seem irresistible.

Golf's Holy War

The cartoonist from the award-winning comic *Pervert* and creator of *Vice* magazine unabashedly recounts such outrageous misadventures as his streaking through New York City during the 2003 blackout and his invention of the "Warhol Children." 50,000 first printing.

Misunderstood Shark

FIELD & STREAM, America's largest outdoor sports magazine, celebrates the outdoor experience with great stories, compelling photography, and sound advice while honoring the traditions hunters and fishermen have passed down for generations.

The Storm Testament

Presents a basic, scent-guided introduction to wines and wine appreciation, detailing wine's basic components to help the reader determine what kind of wine they like best.

The McManus Treasury I

Just as Michael Lewis's *Moneyball* captured baseball at a technological turning point, Brett Cyrgalis's *Golf's Holy War* takes us inside golf's clash between its beloved artistic tradition and its analytic future. The world of golf is at a crossroads. As technological innovations displace traditional philosophies, the golfing community has splintered into two deeply combative factions: the old-school teachers and players who believe in feel, artistry, and imagination, and the technical minded who want to remake the game around data. In *Golf's Holy War*, Brett Cyrgalis takes readers inside the heated battle playing out from weekend hackers to PGA Tour pros. At the Titleist Performance Institute in Oceanside, California, golfers clad in full-body sensors target weaknesses in their biomechanics, while others take part in mental exercises designed to test their brain's psychological resilience. Meanwhile, coaches like Michael Hebron purge golfers of all technical information, tapping into the power of intuitive physical learning by playing rudimentary games. From historic St. Andrews to manicured Augusta, experimental communes in California to corporatized conferences in Orlando, William James to Ben Hogan to theoretical physics, the factions of the

spiritual and technical push to redefine the boundaries of the game. And yet what does it say that Tiger Woods has orchestrated one of the greatest comebacks in sports history without the aid of a formal coach? But Golf's Holy War is more than just a book about golf—it's a story about modern life and how we are torn between resisting and embracing the changes brought about by the advancements of science and technology. It's also an exploration of historical legacies, the enriching bonds of education, and the many interpretations of reality.

The Dragon Behind the Glass

Patrick McManus, the bestselling author of such hilarious books as *A Fine and Pleasant Misery* and *Never Sniff a Gift Fish*, now offers readers solid thoughts on the qualities that define leadership, beginning with the need to be tall, and much more, in this outrageous collection of short pieces that reveals his tortuous trip along the writer's path.

Scratch & Sniff Book of Weed

The Book of the Year is back, with yet another pro-rogues gallery of the most amazing, audacious and absolutely absurd news of 2019. Once again the fact-finding foursome behind the podcast *No Such Thing As A Fish* have been newspaper-trawling and website-crawling to create your ultimate guide to the past twelve months. Learn which of Donald Trump's claims are so bizarre they can't even be fact-checked. Find out why every single French MP received camembert in the post. And get to the bottom of all the improvements made to the Ford company's robotic bum. All this and much, much more, including the news that:

- Two tourists planning to visit the Norwegian village of Å, ended up 1,310km away, in Aa.
- Five guys were arrested at a branch of Five Guys.
- Hollyoaks was partly written by the British government.
- The US town of Hell froze over.

From Assange to Zuckerberg, taking in Cardi B, CCTV, D-Day, and eSports, *The Book of the Year* is the only book you need to make sense of the year, no matter how senseless it might have seemed.

The Blight Way

The Death of Cool

New Cover; Wanted by Missouri law for his vicious revenge on mob leader Dick Boggs, fifteen-year-old Dan Storm flees to the Rocky Mountains with his friend Ike, an escaped slave. But the Rocky Mountains present a whole new set of challenges. Separated from Ike in a riverboat disaster, young Dan teams up with an experienced mountain man and learns how to survive in the wild. After several narrow escapes along his journey, Dan finally stumbles upon the land of the savage Ute Indians. A remarkable crisis brings him and a young Ute warrior, Neuwafe, together. The two young men become fast friends, and Dan decides to live out his life as a member of Neuwafe's tribe, camped at the foot of majestic Mount Timpanogos. Dan soon falls in love with Neuwafe's strong-willed sister, Red Leaf, and sets out to win a dowry for her hand in marriage. Along the way he is

reunited with Ike, who has become the chief and fiercest warrior of the Gosiutes, a neighboring tribe. Together they plan a daring horse raid on the Northern Comanches, hoping to acquire enough horses to present as a dowry for Red Leaf and to save Ike's starving people. Packed with adventure and excitement on every page, Storm Testament I is a sizzling epic novel.

Rubber Legs and White Tail-Hairs

Like Twain -- or more contemporary humorists Dave Barry and Garrison Keillor -- Patrick McManus shares the belief that life's eternal verities exist primarily to be overturned. In McManus's world, all steaks should be chicken-fried, strong coffee is drunk by the light of a campfire, and fishing trips consist of men acting like boys and boys behaving like the small animals we've always assumed they were. In this, the tenth hilarious collection of his adventures, wry observations, and curmudgeonly calls for bigger and bigger fish stories, McManus takes on everything from an Idaho crime wave to his friend Dolph's atomic-powered huckleberry picker to the uncertain joys of standing waist-deep in icy water, watching the fish go by.
