For over half a century, the countless organizations and initiatives that comprise the Women's Liberation movement have helped to reshape many aspects of Western societies, from public institutions and cultural production to body politics and subsequent activist movements. This collection represents the first systematic investigation of WLM's cumulative impacts and achievements within the West. Here, specialists on movements in Europe systematically investigate outcomes in different countries in the light of a reflective social movement theory, comparing them both implicitly and explicitly to developments in other parts of the world.

## **The Letters of a Portuguese Nun**

Despite its modest size, Portugal has played a major part in the development of Europe and the modern world. In Portugal in European and World History Malyn Newitt offers a fresh appraisal of Portuguese history and its role in the world—from early Moorish times to the English Alliance of 1650–1900 and through the country's liberal revolution in 1974. Newitt specifically examines episodes where Portugal was a key player or innovator in history. Chapters focus on such topics as Moorish Portugal, describing the cultural impact of contact with the Moors—one of the oldest points of contact between

Western Europe and Islam; the opening up of trade with western Africa; and the explorations of Vasco de Gama and the evolution of Portugal as the first commercial empire of modern times. Newitt also examines Portugal's role in the Counter-reformation, in Spain's wars in Europe, and in the Anglo-Portuguese alliance. Finally, Newitt analyzes the fall of fascism and the Portuguese decolonization within the context of larger global empires and movements. This new account of a country with a rich history shows how Portugal has moved from being the last colonial power to one of the most enthusiastic proponents of the modern European ideal.

## **Portuguese Women's Writing, 1972 to 1986**

Published in 1972, "New Portuguese Letters" addressed censored issues - such as the colonial war, immigration, the Catholic Church, violence, and the legal and social status of women - becoming a symbol of resistance against the Fascist Portuguese regime. Privileging feminist approaches, this volume maps the reception of the book in Portugal, Brazil, Angola, Mozambique, the UK, Ireland, the USA, France, Germany, Italy, Spain and Scandinavia. The scandal that surrounded the banning of "New Portuguese Letters," under the accusation of 'pornographic content', and the trial of the three authors for 'outraging public morals', brought the case to the attention of the international community. The book found instant support from feminist movements and well-known writers - such as Simone de Beauvoir, Marguerite Duras, Doris Lessing, Iris Murdoch, Adrienne Rich and Anne Sexton - and was adopted as the first international feminist cause. Given its great significance in political and aesthetic terms, "New Portuguese Letters" was - and remains - a fundamental work in contemporary literature and culture, offering an invaluable contribution to the history of women and raising crucial issues relevant for political agendas today, such as equality, justice and freedom.

From the author The New Yorker hails as “one of the most skillful psychological portraitists writing anywhere.” The Splendor of Portugal’s four narrators are members of a once well-to-do family whose plantation was lost in the Angolan War of Independence; the matriarch of this unhappiest of clans and her three adult children speak in a nightmarish, remorseless gush to give us the details of their grotesque family life. Like a character out of Faulkner’s decayed south, the mother clings to the hope that her children will come back, save her from destitution, and restore the family’s imagined former glory. The children, for their part, haven’t seen each other in years, and in their isolation are tormented by feverish memories of Angola. The vitriol and self-hatred of the characters know no bounds, for they are at once victims and culprits, guilty of atrocities committed in the name of colonialism as well as the cruel humiliations and betrayals of their own kin. Antunes again proves that he is the foremost stylist of his generation, a fearless investigator into the worst excesses of the human animal.

The Babel guide has 150 original reviews of books by Portuguese, Brazilian and African (from Angola and Mozambique) authors available in English. Each review provides a kind of trailer for the work, with an excerpt as a taster. Alongside names such as Portugal's Jose Saramago or Brazil's Jorge Amado, a collection of other books and authors are covered like the simpatica Clarice Lispector and mystery modernist Fernando Pessoa. It includes a database of portuguese fiction translated since 1945 with original titles and current prices. This is the second in a series of accessible, illustrated guides to world fiction available in English translation. It is aimed at the general reader of fiction, travellers looking for background books, and students of European Studies, Latin American literature and culture and Portugese and African literature, post-colonial literature and as a general literary reference.

### **The Art of Being a Tiger**

A tour de force that echoes modern classics like Suite Francaise and The Postmistress. "Housekeeper or housewife?" the soldier asks Silvana as she and eight- year-old Aurek board the ship that will take them from Poland to England at the end of World War II. There her husband, Janusz, is already waiting for them at the little house at 22 Britannia Road. But the war has changed them all so utterly that they'll barely recognize one another when they are reunited. "Survivor," she answers. Silvana and Aurek spent the war hiding in the forests of Poland. Wild, almost feral Aurek doesn't know how to tie his own shoes or sleep in a bed. Janusz is an Englishman now-determined to forget Poland, forget his own ghosts from the way, and begin a new life as a proper English family. But for Silvana, who cannot escape the painful memory of a shattering wartime act, forgetting is not a possibility. One of the most searing debuts to come along in years, 22 Britannia Road. is the wrenching chronicle of how these damaged people try to become, once again, a true family. An unforgettable novel that cries out for discussion, it is a powerful story of primal maternal love, overcoming hardship, and, ultimately, acceptance-one that will pierce your heart.

### **New Portuguese Letters to the World**

«Reescrevendo, pois, as conhecidas cartas seiscentistas da freira portuguesa, Novas Cartas Portuguesas afirma-se como um libelo contra a ideologia vigente no período pré-25 de Abril (denunciando a guerra colonial, o sistema judicial, a

emigração, a violência, a situação das mulheres), revestindo-se de uma invulgar originalidade e actualidade, do ponto de vista literário e social. Comprova-o o facto de poder ser hoje lido à luz das mais recentes teorias feministas (ou emergentes dos Estudos Feministas, como a teoria queer), uma vez que resiste à catalogação ao desmantelar as fronteiras entre os géneros narrativo, poético e epistolar, empurrando os limites até pontos de fusão.» Ana Luísa Amaral in «Breve Introdução»

## **Poesia (década De 1960) - Maria Teresa Horta**

Ana Luisa Amaral is considered to be one of the foremost Portuguese poets of her day, and although her poetry has been translated into many other languages, this is the first major collection of her poems to be published in English. Born in Oporto in 1956, and, for many years, Professor of Anglo-American Literature at the University of Oporto, Ana Luisa Amaral published her first collection of poems, *Minha Senhora de Que*, in 1990, and has since published many more, along with plays, children's literature, a novel and translations from English. Her work has brought her many prizes both in Portugal and elsewhere. Her poems are resolutely female, but she casts her net very wide in terms of subject matter, from tender poems about her daughter to thoughts provoked by finding a crumb lodged in the pages of a second-hand book to musings about Galileo, the theory of relativity and the larger themes of loneliness, loss, and death. She is a writer immersed in her own culture, but steeped, too, in the poetry, for example, of Emily Dickinson and Shakespeare, and in the world of the Bible and the Greek myths. The result is a poetry that takes equal pleasure in the physical and metaphysical, playing with words and ideas, a poetry that is always refreshingly oblique, taking the reader down unexpected intellectual and linguistic paths. Her poetry invites readers to share her own wonder and perplexity at life's joys and griefs.

## **Portugal in European and World History**

"Maria Teresa Horta inicia seu percurso literário no início da década de 60 do século passado e, sem interrupção, continua sua trajetória até os nossos dias, o que representa praticamente 60 anos de poesia e de ficção de uma qualidade irretocável, uma trajetória poucas vezes realizada na história da literatura com o vigor e rigor da que temos, como leitores e estudiosos, a alegria de presenciar. O fato de Maria Teresa Horta ser uma das poetisas e escritoras portuguesas de maior reconhecimento entre os brasileiros, apesar de ter, obviamente, toda sua obra escrita em Português (o que, em princípio, seria de acesso direto à nossa leitura), deixa-nos, entretanto, em grande dificuldade a cada volume de sua obra publicado em Portugal, uma vez que é sabida a dificuldade que temos, apesar da propalada irmandade entre nossos povos, de acesso aos livros portugueses por nós e dos brasileiros, por eles. A publicação dos volumes da obra inicialmente traz aos leitores a poesia de Maria Teresa Horta organizada por décadas, iniciando com a década de 1960. Os volumes de poesia são acompanhados de estudos realizados por especialistas brasileiros e portugueses de literatura portuguesa o que, sem dúvida, só amplia o interesse da nossa edição, que se configura como crítica. Este volume de abertura contempla a poesia da década de 1960, mais exatamente os títulos: Espelho Inicial (1960), Tatuagem (In Poesia de 61, 1961), Cidades Submersas (1961), Verão Coincidente (1962), Amor Habitado (1963), Candelabro (1964), Jardim de Inverno (1966) e Cronista não é recado (1967), e conta com os estudos de Ana Maria Domingues de Oliveira e de Luís Maffei, ambos estudiosos de poesia portuguesa, que em publicações anteriores se dedicaram à leitura da obra de Maria Teresa Horta. Resta ainda dizer que não podemos prometer a obra completa de Maria Teresa Horta: como incontáveis vezes já se falou, como uma espécie de provocação a todos nós, seus leitores, sempre restará o mistério das Novas Cartas Portuguesas que esperamos se mantenha como tal por muito tempo, já que Maria Teresa Horta e suas parceiras na publicação da obra – Maria Isabel Barreno e Maria Velho da Costa – comprometeram-se jamais, em vida, revelar a autoria individual dos textos que compõem essa obra absolutamente importante para a história da literatura portuguesa e da própria História de Portugal."

In today's society it is scientists and businesspeople who wield the most influence and power. Mihaly Csikszentmihalyi believes this also gives them the responsibility to provide for the needs, not just of their workforce, but of the community in its largest sense. This book helps those in power towards a new understanding and vision of what it means to be a leader. The people interviewed here - including Peter Bijur (CEO of Texaco), Michael Markkula (co-founder of Apple Computer), Anita Roddick (founder of The Body Shop) and Ted Turner (vice chairman of AOL Time Warner) are recognised both for their success and because they care for more than success. Their case studies provide a blueprint for doing business that is good, not just in the material sense, but also on spiritual and ethical levels. Good Business shows leaders and managers - and employees - how to contribute to the development of an enjoyable life that provides meaning, to a society that is just and evolving, and ultimately to the sum of human happiness.

## The Three Marias

Sadlier's study of women writers in Portugal after the 1974 revolution is a useful contribution to a neglected European literature, in which women are making a forceful contribution; and it is one of the few sources of such information in English. . . . Works analyzed include the famous Novas Cartas Portuguesas (Lisbon, 1972) by Maria Isabel Barreno, Maria Teresa Horta, and Maria Velho da Costa, Xerazade e os outros (Lisbon, 1964) by Fernanda Botelho, Lidia Jorge's O Dia dos Prodigios (2nd ed., 1980), Helia Correia's Montedemo (Lisbon, 1983), and Teolindo Gersao's O Silencio (1981). These studies are followed by an appendix on the background of women's rights and feminism in Portugal. Although Sadlier has chosen these works because of their common tradition of literary modernism and aesthetic experimentation, her readings are descriptive rather than theoretical and provide an excellent introduction to representative works and themes of major contemporary women writers. Choice Contemporary Portugal offers a fascinating mixture of social revolution, literary experiment, and feminist practice. Since the revolution in 1974, the country has produced a large number of writings by and about women. In fact, for the first time in Portuguese history, there are at least as many women as men writing books. The Question of How: Women Writers and New Portuguese Literature presents an analysis of texts by the Three Marias, Fernanda Botelho, Lidia Jorge, Helia Correia, and Teolinda Gersao. The first book to be written in English on contemporary Portuguese women writers, it investigates what Portuguese literary women have to say about their culture. In addition to showing how specific works of fiction are inflected by gender and ideology, Sadlier also presents a brief historical account of feminism in Portugal. The only book of its kind in the field, The Question of How: Women Writers and the New Portuguese Literature will be of interest to both students and specialists of Hispanic literature, West European studies, Women's studies, literary theory, and criticism.

In *Discourses of Desire*, Linda S. Kauffman looks at a neglected genre—the love letters written by literary heroines. Tracing the development of the genre from Ovid to the twentieth-century novel, Kauffman explores through provocative and

incisive readings the important implications of these amatory discourses for an understanding of fictive representation in general. Among the texts Kauffman treats are Ovid's *Heroides*, Heloise's letters to Abelard, *The Letters of a Portuguese Nun*, *Clarissa*, *Jane Eyre*, *The Turn of the Screw*, *Absalom, Absalom!*, and *The Three Marias: New Portuguese Letters*. Drawing on the work of such theorists as Todorov, Genette, Barthes, Bakhtin, Lacan, and Derrida, Kauffman demonstrates how the codes of love shape intertextual dialogues among these works, in which each innovation in the genre is simultaneously a response to and a departure from the one preceding it. Throughout, she pays particular attention to the unsettling questions that the genre's shared thematic preoccupations and formal characteristics pose for concepts of gender, authorship, genre, and mimesis. Drawing on poststructuralism and psychoanalytic criticism to extend the boundaries of feminist theory, Kauffman makes a significant contribution to contemporary critical discussions of writing and gender, mimesis and narrative discourse, and poetics and politics. Her book, broad in its scope and far-reaching in its implications, will be valuable reading for anyone interested in feminist criticism, literary theory, and literary history.
