Theory of Machines

Nigel Goodall has written more than a dozen books, including the best-selling Winona Ryder (Blake, 1998), nominated for the Samuel Johnson Prize for Non-Fiction in 1999. He was a production associate for Channel 4's The Real Winona Ryder. His other books include Elton John: A Visual Documentary, an illustrated Rolling Stones book and the bestseller Kylie Naked: A Biography (Ebury, 2002, with Jenny Stanley-Clarke). He writes for magazines and contributes to various album, video and television projects. Nigel is divorced with two children.

Simply Sexual

After having overcome the Iron Wall of Date Tech, it's finally time for Karasuno to have their rematch with Aoba Johsai! Kageyama and Karasuno claimed victory in the practice match, but how will they fare in a real game? Tensions run high when Tohru Oikawa gears up to crush Kageyama once and for all. -- VIZ Media

Kill as Few Patients as Possible

Some people have the ability to start a conversation and immediately draw in listeners, while others - perhaps even those with more valuable information - get pushed to the side, seemingly ignored. Unfortunately, for those who don't have "It," this undeniable factor is not only an attractive quality but also a hallmark of success. This practical, entertaining guide will help anyone boost communication skills and consistently make a positive impression. The It Factor gives readers the tools, techniques, insights - and confidence - to take charge of any conversation, meeting, or networking encounter. "In this book, Mark Wiskup comes as close as anyone I've seen to the Holy Grail that all learners want: Give me something that will help me, give it to me in plain English so that it's crystal clear, and wrap it in a story so that I'll remember it. The It Factor is an enjoyable read that delivers critical lessons for anyone who wants to be a better communicator." - Ed Ruggero, author Combat Jump

Highland Storm

A 52 week agenda features the beautiful artwork of one of three extremely talented artists and it includes 26 four-color illustrations, tied to the seasons and holidays of the year. The spiral binding allows pages to turn easily and the velcro closure keeps everything together. This convenient agenda is not dated, allowing the consumer to begin using it immediately! The agenda includes: Two weeks at a glance, things to do, places to go and items to buy, as well as pages for addresses, birthdays and anniversaries and web sites.

America, the Owner's Manual: Making Government Work For You

Founded in 1701 by Antoine de le Mothe Cadillac as a trading post and fort, Detroit had a turbulent early history. Captured by the British in 1760, ceded to the United States in 1783, and destroyed by fire in 1805, Detroit nevertheless prospered throughout the nineteenth century because of its strategic position. The twentieth century saw the rise and demise of the auto industry and despite the city's troubled recent past, a new Detroit is rising to meet the economic challenges of the twenty-first century. This book is a fascinating document of history and change in one of the United States' most important cities. Sites include: Woodward Avenue, Detroit Waterfront, Campus Martius, Jefferson Avenue, Cadillac Square, Capitol Park, J.L. Hudson Company, City Hall, Wayne County Building, Grand Circus Park, Michigan Theater, Capitol Theater, Fox Theatre, YMCA Building, Detroit Athletic Club, Eastern Market, Elmwood Cemetery, Belle Isle Casino, Scott Fountain, Palmer Park, Hurlbut Memorial Gate, Cass Tech, Tiger Stadium, Wagner Baking Co., Michigan Central Railroad, Ambassador Bridge, Orchestra Hall, Piety Hill, Detroit Public Library, the General Motors Building and much more.

Thinner This Year

In the mountains of Midkemia, a boy came brutally of age in blood and in terror. And now he lives for one purpose alone revenge! An exceptionally skilled swordsman, young Tal Hawkins was the only survivor of the massacre of his village -- rescued, recruited, and trained by the mysterious order of magicians and spies, the Conclave of Shadows. Now one of the secret society's most valuable agents, he gains entrance into the court of Duke Olasko, the bloodthirsty and powerful despot whose armies put Tal's village to the sword, by posing as a nobleman from the distant Kingdom of the Isles. But the enemy is cunning and well protected -- in league with the foul necromancer Leso Varen, dark master of death-magic -- and to gain the Duke's trust and confidence, Tal Hawkins must first sell his soul.

The Six O'Clock Scramble: Dinner in 20 Minutes or Less

Leah has been trying for years to get rid of her competition, and all her crazy scheming has finally paid off—or so she thinks. Now that YaYa is out of the picture, she's ready to step into her shoes and have the life she always dreamed of. The scars that she earned in the fire almost seem worth it if they mean she'll finally be able to have all the money, the family, and most importantly, to have Indie's love to herself. There's only one problem. Disaya Morgan isn't dead. She survived the fire too, and she's healing under the watchful eye of one very powerful woman who's ready to help put YaYa on top. With her newfound connections, YaYa could have Leah taken out with the snap of her fingers—but that's not good enough for her. The only way YaYa can battle the demons that are still haunting her is to finish Leah off herself. YaYa is out for blood. There can only be one winner, and these two are on a collision course that could send one of them straight to hell. Ashley Antoinette is back and better than ever with the third installment of The Prada Plan series. A case of mistaken identity left readers reeling at the end of part 2, but part 3 is a heart-pounding saga that will leave you breathless.

Three Weeks in Paris

An unforgettable portrait of France's legendary chef, and the sophisticated, unforgiving world of French gastronomy Bernard Loiseau was one of only twenty-five French chefs to hold Europe's highest culinary award, three stars in the Michelin Red Guide, and only the second chef to be personally awarded the Legion of Honor by a head of state. Despite such triumphs, he shocked the culinary world by taking his own life in February 2003. The GaultMillau guidebook had recently dropped its ratings of Loiseau's restaurant, and rumors swirled that he was on the verge of losing a Michelin star (a prediction that proved to be inaccurate). Journalist Rudolph Chelminski, who befriended Loiseau three decades ago and followed his rise to the pinnacle of French restaurateurs, now gives us a rare tour of this hallowed culinary realm. The Perfectionist is the story of a daydreaming teenager who worked his way up from complete obscurity to owning three famous restaurants in Paris and rebuilding La Côte d'Or, transforming a century-old inn and restaurant that had lost all of its Michelin stars into a luxurious destination restaurant and hotel. He started a line of culinary products with his name on them, appeared regularly on television and in the press, and had a beautiful, intelligent wife and three young children he adored—Bernard Loiseau seemed to have it all. An unvarnished glimpse inside an echelon filled with competition, culture wars, and impossibly high standards, The Perfectionist vividly depicts a man whose energy and enthusiasm won the hearts of staff and clientele, while self-doubt and cut-throat critics took their toll.

Immortal Eclipse

Kinematic and dynamic analysis are crucial to the design of mechanism and machines. In this student-friendly text, Martin presents the fundamental principles of these important disciplines in as simple a manner as possible, favoring basic

theory over special constructions. Among the areas covered are the equivalent four-bar linkage; rotating vector treatment for analyzing multi-cylinder engines; and critical speeds, including torsional vibration of shafts. The book also describes methods used to manufacture disk cams, and it discusses mathematical methods for calculating the cam profile, the pressure angle, and the locations of the cam. This book is an excellent choice for courses in kinematics of machines, dynamics of machines, and machine design and vibrations.

End of Days

This oft-quoted all-time favorite of the medical community will gladden--and strengthen--the hearts of patients, doctors, and anyone entering medical study, internship, or practice. With unassailable logic and rapier wit, the sage Dr. Oscar London muses on the challenges and joys of doctoring, and imparts timeless truths, reality checks, and poignant insights gleaned from 30 years of general practice--while never taking himself (or his profession) too seriously. The classic book on the art and humor of practicing medicine, celebrating its 20th anniversary in a new gift edition with updates throughout. Previous editions have sold more than 200,000 copies. The perfect gift for med students and grads as well as new and practicing physicians. Approximately 17,000 students graduate from med school each spring in North America.

Hospitality Technology

Highland heir Alexander Gordon is the answer to the disgraced Isla Forbes' prayers—but should she redeem herself by killing him to avenge her brother, or let him rescue her by becoming his wife? A Gordon man ruined Isla Forbes' life. Blamed for her brother's death and desperate for escape from her father's abuse, she journeys to a saint's spring to plead for help. A fierce storm that sweeps across the highlands drives her into the arms of the striking Alexander Gordon, heir of Benstrath and half-brother to her own brother's murderer. It's obvious he's the answer to her prayers but should she redeem herself by killing him to avenge her brother, or let him save her by loving him?

Michelangelo

When Jack Frost's goblins steal the magic tiaras from the princess fairies, Rachel and Kirsty must try to retrieve them and save Fairyland.

Fundamentals of Earthquake Engineering

Political memoirs of former cabinet minister of India and rationalist.

Presentation S.O.S.

Everything you need to make your next talk a resounding success is right here--

even if you dread the thought of approaching a podium! In Presentation S.O.S., renowned communications expert Mark Wiskup gives you a quick, concise, and (yes!) fun way to confidently sell your ideas to any audience. Packed with unique tips and featuring nine easy, painless steps that will transform you into a great presenter, this book shows you how to: Develop a "Power Sound Bite" to grab your listeners' attention and focus your message. Get the most out of PowerPoint-and dodge its pitfalls. Avoid seemingly harmless words and expressions that can turn the audience against you. Finish big with a knock-'em-dead "Power Close." Win the Q&A battle-learn how to handle even the toughest questions and most difficult members of your audience. Book jacket.

The Perfectionist

Previously published as part of SOS! The Six O'Clock Scramble to the Rescue. Dinner with kids shouldn't be a battleground. And it shouldn't make a martyr out of the parent whose job it is to get it on the table fast, fresh and hot every day at 6 PM. Aviva Goldfarb's cheerful Scramble system takes the hassle, stress and worry out of mealtime. Now, with The Six O'Clock Scramble: Dinner in 20 Minutes or Less, Goldfarb is taking an extra of-the-moment stress away from meal planning for busy families: concern about the environment, about the cost of shipping out-of-season food halfway around the world, about packaging, about additives and preservatives. In SOS! The Six O'Clock Scramble to the Rescue, readers will recipes that: --help readers eat seasonally without missing their favorite foods --move toward a slightly more vegetarian menu for health and a lighter environmental footprint --save money through easy, efficient planning, bulk buying, freezing and storing, and avoiding waste --and much more!

Top hotel

Vera Delane has returned home, after three years in Europe and an expensive culinary degree, and has sworn off all men. She finds herself buying a food truck and she's out to prove to the pompous Killian Quinn that her food truck is every bit as good and his fussy five course monstrosities -- he can keep his unsolicited advice and his late night visits and his cocky smiles.

How a Book Is Made

Pakistani Assistance For The Anti-Government Of India Activities Was Not Due To Only Its Revanchist Spirit Following Its Loss Of East Pakistan But For Keeping Itsmilitary Preoccupied With Internal Security Duties Thereby Trying To Neutralize The Superiority Of The Indian Armed Forces. Such A Policy Could Ultimately Weaken The Unity Of India Just As The Bleeding Of Soviet Troops In Afghanistan Contributed To The Break-Up Of Ussr. Terrorism Is An Absolute Evil And Has To Be Treated As Such.

Heartbound

This book explores educational research in terms of the relationship between epistemology, methodology and practice. Divided into two sections, the first

examines the frameworks which underpin the methods educational researchers use. The second looks at a broad spectrum of approaches, including feminist approaches, action research, ethnography and biographical research. The issues covered are central to all within the research community including students undertaking research degrees or research methodology courses.

Maddie the Fun and Games Fairy

Surrender to page-turning sensuality in the explosive first book in Kate Pearce's House of Pleasure series. . . Sexual Satisfaction Ten years as a sex slave in a Turkish brothel left Lord Valentin Sokorvsky with an insatiable appetite for sex. Now the time has come for him to marry, but finding a woman who can satisfy his lustful desires proves a challenge. . .until he meets Sara and all he can think about is having her lie under his rock-hard body, begging him to taste and touch her. . . Sensual Seduction Sara Harrison knows she should be shocked and scandalized by Lord Sokorvsky's bold advances, but instead she is secretly aroused by this sensual, seductive man. For beneath her calm and composed manner is a wanton woman who longs for a man's intimate caress. She is most willing to be educated in the art of sensuality, to receive and give pleasure and to succumb to the wild desire that knows no limits. . . "This book has something for everyone: hot sex scenes, a sexy hero with a tragic past, a smart and compassionate heroine, intrigue, danger and Regency London at its most decadent!" --Romantic Times "Simply Sexual by Kate Pearce is one of the most arousing and enigmatic historical novels I have read this year." --Romance Junkies "Intelligent characters, complex emotions and a plot that engaged my emotions to a rare high. Very highly recommended." --Two Lips Reviews

Finger Strings

My father taught me the importance of an eye for an eye—a cardinal rule, ingrained in every club member. A life for a life. Seven lives in payment for an unimaginable list of sins. People might wonder why I'm doing this. If this vengeance is borne from some noble cause, that I'm trying to prevent others from suffering at the hands of Dornan Ross and his sons. But I'm no vigilante. I'm doing it for me. I'm doing it because I want to. Because the look on Maxi and Chad's faces when I killed them was a balm to my soul. This is the fate they have earned. The penance for their crimes. Two down, five to go. Time to send some of these brothers off with a bang.

A Terrorist State as a Frontline Ally

The Theory of Machines is an important subject to mechanical engineering students of both bachelor's and diploma level. One has to understand the basics of kinematics and dynamics of machines before designing and manufacturing any component. The subject material is presented in such a way that an average student can easily understand the concepts. The graphical methods of analysis are given preference over analytical wherever possible though they lack in accuracy but can be performed quickly. Particular care has been taken to draw diagrams to

scale correctly. The results are compared with analytical ones wherever possible. Common doubts that the students have while preparing for the examinations or new faculty in the classrooms have been kept in mind. The same examples are being explained wherever different methods are there instead of giving different examples. The effect of the different parameters on the end result also is shown in the same problem, for example, in cams and governors etc. In the exercises at the end of each chapter, questions from the question papers of various universities are given under three categories ? short answer questions, problems, multiple choice questions. Some of the questions may be seen repeated. One should note that they are being given repeatedly and are important for examination purpose.

The Prada Plan 3:

Whether writing a best man's speech or putting together a presentation at work, *Speech-making and Presentation Made Easy* is an invaluable guide to becoming a successful speaker, with easy-to-use, practical advice on how to: - Keep audiences engaged - Prepare, plan and structure - Use visual aids - Inspire your listeners - Present at work - Make wedding and social speeches - Understand body language Max Atkinson's *Lend Me Your Ears* provided a sound and thorough manual to public speaking. Now, with *Speech-making and Presentation Made Easy*, everyone from any walk of life can pick up quick tips for fast-track speech-making.

YOU: Being Beautiful

A devoted fashionista and practical New Yorker, Skylar Blackwell doesn't believe in the supernatural-until she inherits Summerwind Mansion. . . . When her uncle is brutally murdered, and the cops seem uninterested in following up the case, Skylar journeys to California to seek answers. Her search for clues is soon overshadowed by haunting nightmares of a young woman also murdered in the house. Now the inhabitants of Summerwind are mysteriously dying, leaving no evidence as to how or why, and Skylar finds herself in a deadly race against time to expose the killer-before they strike again. Armed with only wit and Pradas, Skylar begins questioning the servants, but the growing list of suspects includes the sexy and brooding caretaker, Dorian Delacroix, a man desperately trying to forget his tragic past. And a major distraction for Skylar. Determined to play detective-instead of the fashion police-and unravel the dark history of the mansion, Skylar is plunged into an otherworldly mystery that not even she can explain away. As the boundaries between reality and dreams blur, Skylar's greatest challenge is to stay alive long enough to learn the truth.

The Unofficial Harry Potter Cookbook Presents: 10 Summertime Treats

Now in paperback, the latest book in the New York Times bestselling, one-million-copy-plus *Younger Next Year* franchise. The book that tells every reader how to lose weight, discover new vitality, and get in the best shape of your life. The book with the no-nonsense, no-BS, no-shortcuts approach. The book that shows that there's a revolution in aging going on. The book that is the how-to of that revolution. Chris Crowley, the memorable patient and coauthor of *Younger Next*

Year, partners with Jen Sacheck, a nutritionist and fitness expert from Tufts University, and in lively, alternating chapters they spell out a weight-loss plan that will have readers losing up to 25 pounds in the first six months—and, much more significantly, keeping it off next year, and the year after, and so on, for life. The message is straightforward and based on the most up-to-date nutritional science: resist the added-fat, added-sugar concoctions created by the food industry; skip the supplements; pile on fruits and vegetables to your heart's content, but it's OK to eat lean meats, too; and don't drink your calories. And exercise! With its simple, fully illustrated program of 25 "sacred exercises," here is everything the reader needs to build muscle, protect joints, add mobility, and put off 70% of the normal problems associated with aging and eliminate 50% of serious illness and injury. "Clear, concise, well-balanced nutritious diet plan. Realistic exercise . . . [and] the combo of the authors—nutrition scientist and witty writer—makes this an easy-to-read volume with loads of timely, science-based information." —Madelyn Fernstrom, Diet and Nutrition Editor, TODAY and NBCNews.com "Chock-full of easy recipes, meal plans, and exercise diagrams." —The Wall Street Journal

Haikyu!!, Vol. 6

Fundamentals of Earthquake Engineering combines aspects of engineering seismology, structural and geotechnical earthquake engineering to assemble the vital components required for a deep understanding of response of structures to earthquake ground motion, from the seismic source to the evaluation of actions and deformation required for design. The nature of earthquake risk assessment is inherently multi-disciplinary. Whereas Fundamentals of Earthquake Engineering addresses only structural safety assessment and design, the problem is cast in its appropriate context by relating structural damage states to societal consequences and expectations, through the fundamental response quantities of stiffness, strength and ductility. The book is designed to support graduate teaching and learning, introduce practicing structural and geotechnical engineers to earthquake analysis and design problems, as well as being a reference book for further studies. Fundamentals of Earthquake Engineering includes material on the nature of earthquake sources and mechanisms, various methods for the characterization of earthquake input motion, damage observed in reconnaissance missions, modeling of structures for the purposes of response simulation, definition of performance limit states, structural and architectural systems for optimal seismic response, and action and deformation quantities suitable for design. The accompanying website at www.wiley.com/go/elnashai contains a comprehensive set of slides illustrating the chapters and appendices. A set of problems with solutions and worked-through examples is available from the Wiley Editorial team. The book, slides and problem set constitute a tried and tested system for a single-semester graduate course. The approach taken avoids tying the book to a specific regional seismic design code of practice and ensures its global appeal to graduate students and practicing engineers.

The Summer Without You

Another riveting page-turner from Canada's favourite teen author--and this time, the adventure takes place in outer space. It's 2012 and the world's most renowned astrophysicists, astronomers, and theoretical mathematicians have all died within

the same 12-month period. But as these scientists discover, none of them are really dead after all. They have been taken hostage by alien forces. And while their family and friends are mourning their passing, and with the help of a 16-year-old with rare gifts, they face the ultimate struggle of prevailing over evil and returning themselves--and the earth--to safety. From the Trade Paperback edition.

King of Foxes

Watch Senator Graham on The Colbert Report! The Colbert Report Mon - Thurs 11:30pm / 10:30c She Said, CIA Said - Bob Graham colbertnation.com Click here to preview chapter 1. Professors: Order your exam copy today by clicking on the &BAD:"Request an Exam Copy&BAD:" link above. Would you teach someone to play basketball using just chalkboard diagrams? Or would you get them on the court and have them play? In basketball, the answer is easy&BAD:—you do both. So why teach politics only as a spectator sport? Senator Bob Graham believes that students should expand on their classroom learning about the political system: he spurs them to hit the court and actually play the game. If students work on an issue they care about, politics will become a meaningful and positive experience. This short, how-to guide takes students out of theoretical discussions of policy and into a world where they can affect change. Graham&BAD:'s goal is to have students identify a problem, and then walk them through each step from researching the issue, to getting others involved, to engaging the media. Each chapter starts with a real case, showing citizens tackling a step in the process, and ends with a summary checklist and a series of questions that help students put Graham&BAD:'s game plan in action. By offering students concrete guidance, an array of resources, and advice for troubleshooting and overcoming barriers, this compact user&BAD:'s guide gets students way beyond textbook learning. Thirty-five years ago, as a member of the Florida Legislature, Bob Graham took on the challenge of civic education for eighteen weeks at a Miami-area high school. His time as both a governor and a senator has only strengthened his resolve to pique students&BAD:' curiosity about politics and teach them to get what they want from government.

Akróasis; the Theory of World Harmonics

Legendary storyteller Barbara Taylor Bradford presents a spellbinding story of four women transformed by old memories and surprising revelations when they meet again at a school reunion in Paris. As students at the prestigious Anya Sedgwick School of Decorative Arts in Paris, Alexandra Gordon, Kay Lenox, Jessica Pierce, and Maria Franconi share the challenges and excitement of developing their various artistic talents to the fullest under Sedgwick's caring and demanding guidance. Once best friends, they part enemies, and after graduation go their separate ways, pursuing careers and establishing lives in different corners of the world. Alexandra, a set designer, becomes a leading figure in New York's theater world. Kay, who marries and moves to Scotland, designs a successful line of clothing. Jessica, an interior designer, makes her home in California, while Maria returns to her native Italy, where she continues to work in her family's textile business. For each of them, the arrival of an invitation to Paris to celebrate Anya Sedgwick's eighty-fifth birthday stirs up complicated feelings: Nostalgic memories are colored by poignant regrets, and the reluctance to revisit their own pasts mixes

with curiosity about their former friends. It is ultimately their desire to deal with unfinished business that convinces all of them to attend the party. During three eventful weeks in Paris, they visit their old haunts, rekindle ties, and awaken in one another the sense of wonder, adventure, and possibilities they had shared so long ago. Barbara Taylor Bradford has long been recognized as one of today's finest chroniclers of women's lives. From her blockbuster debut novel, *A Woman of Substance*, to her most recent bestseller, *The Triumph of Katie Byrne*, her books have sold more than 61 million copies worldwide. *Three Weeks in Paris* is vintage Bradford, filled with the emotional power and captivating plot twists her readers cherish.

Understanding Educational Research

'Just because you couldn't get it up once, doesn't mean we cancel the whole thing,' says Jenny. Now, in her defence, she did whisper that last line. However, the fact she's saying it all, let alone in a public sandwich bar are grounds for a firing squad as far as I'm concerned.' Straight-talking city trader James Kennedy has a problem he's a flop in the bedroom. When his latest romance hits the buffers, James reaches the end of his tether. To make matters worse, his new bombshell of a boss might just be interested. What he really needs is someone to show him how to be a Don Juan between the sheets. To teach him where he's going wrong. But who? *Sex Lessons* is a frank but humorous tale about one man's extra-curricular inactivity

The It Factor

Petyr has never found it necessary to consider the humans as anything more than distant, inferior beings-until now. They are the cause of the fatal disease that has plagued his realm, taking the lives of too many of his kind. As a future leader of a realm in peril, Petyr must find a way to resist and cure the affliction. He must enter the unfamiliar realm, appear to be an ordinary eighteen-year-old human, observe, and learn. However, things don't exactly go according to plan. Instead of embarking single-mindedly on his sober mission, Petyr meets an 18-year-old girl who does things to his emotions that he can't quite fathom or control. Petyr is falling in love, and he almost forgets the gravity his choices have on his entire world. Despite the risk it poses to his life and hers, he wants to know her, and he wants her to know him-and his world.

The Opposite of You

Overwhelmed by her powerful needs, animal whisperer Kira Donovan becomes involved with former Delta Force agent Tom Knight, who has come to her isolated Idaho farm for his own personal reasons, and is drawn into a dangerous world of covert operations as both sides seek to harness her extraordinary gifts--for good and for evil--in an erotic suspense novel. Original. 35,000 first printing.

Sex Lessons

Most people think that beauty revolves around such things as lipstick, sweet eyes, or skinny jeans -- all those things that we can see (and obsess over) in the mirror.

But the fact is that beauty isn't some superficial pursuit, and it's not some random act that you can thank (or curse) your ancestors for. There are, in fact, scientific standards to beauty. Beauty is purposeful, because it's how humans have historically communicated who we are to potential mates. Beauty, in fact, is really about your health and happiness. In this groundbreaking book, Dr. Michael F. Roizen and Dr. Mehmet C. Oz bust the myths and stereotypes about the way we view ourselves -- and how we define beauty. In these pages, you'll find out why beauty isn't as much about your vanity as it is about your humanity. The doctors take a scientific, informative, and entertaining look at the three levels of beauty and explain how they all work together to form a complete and authentic YOU. Those three levels of beauty are: Looking Beautiful: Your appearance influences your self-esteem and has major health implications. Here, the docs will tell you how you can look the way you want. Feeling Beautiful: So what if you have luscious lips or gorgeous locks if your joints creak and you have the energy of a rug? The docs will tell you how to improve your energy levels, beat back your life-altering aches and pains, and come to grips with some of life's toughest stresses. Being Beautiful: By improving your relationships with your loved ones as well as with others, you'll be well on your way to finding true happiness. That's the ultimate goal: Having all three levels of beauty working together so you can have a happy and healthy life. You'll start off by taking the ultra-revealing and validated YOU-Q Test to help you assess where you are on your own beauty scale and where you want to be. Take the test, see how well you do; then use the book to help you improve your score. With their usual candor and honesty, Dr. Roizen and Dr. Oz break down the mechanics of beauty and explain how little adjustments in your routine can help you become a happier, healthier person. You will learn about the biology of beauty, take YOU Tests to determine where you are on the beauty scale, get tons of YOU Tips to help you improve your life, as well as learn the secrets of the Ultimate Beautiful Day. From hair to toenails, Dr. Roizen and Dr. Oz go through every part of your body to explain how different foods, vitamins, creams, gels, and injections can really boost your looks. They scrutinize the beauty myths that bombard us every day and offer an unbiased perspective on which ones cause more harm than good. You will be able to revamp your beauty regimen (or start a new one from scratch). They'll also take a close look at chronic pain, mood swings, low energy, and financial stresses. And they'll dive into the science of building relationships, finding happiness, and using spirituality to help you define your own levels of true beauty. Dr. Roizen and Dr. Oz act as tour guides navigating the tricky but exciting terrain of today's beauty industry. YOU: Being Beautiful is your all-inclusive ticket into the world -- the real world -- of beauty.
