Perdido River Bastard

Handcuff King. Escape Artist. International Superstar. Since his death eighty-eight years ago, Harry Houdini's life has been chronicled in books, in film, and on television. Initiating the reader along the way into the arcane world of professional magic, Kalush and Sloman decode a life based on deception, providing an intimate and riveting portrayal of Houdini, the man and the legend.

Senior Satisfaction Revealed

Most travellers from London enter Paris in the evening, and I think they are wise. I wish it were possible again and again to enter Paris in the evening for the first time; but since it is not, let me hasten to say that the pleasure of re-entering Paris in the evening is one that custom has almost no power to stale. Every time that one emerges from the Gare du Nord or the Gare St. Lazare one is taken afresh by the variegated and vivid activity of it all—the myriad purposeful self-contained bustling people, all moving on their unknown errands exactly as they were moving when one was here last, no matter how long ago. For Paris never changes: that is one of her most precious secrets. The London which one had left seven or eight hours before was populous enough and busy enough, Heaven knows, but London's pulse is slow and fairly regular, and even at her gayest, even when greeting Royalty, she seems to be advising caution and a careful demeanour. But Paris—Paris smiles and Paris sings. There is an incredible vivacity in her atmosphere. Sings! This reminds me that on the first occasion that I entered Paris—in the evening, of course—my cabman sang. He sang all the way from the Gare du Nord to the Rue Caumartin. This seemed to me delightful and odd, although at first I felt in danger of attracting more attention than one likes; but as we proceeded down the Rue Lafayette—which nothing but song and the fact that it is the high road into Paris from England can render tolerable—I discovered that no one minded us. A singing cabman in London would bring out the Riot Act and the military; but here he was in the picture: no one threw at the jolly fellow any of the chilling deprecatory glances which are the birthright of every light-hearted eccentric in my own land. And so we proceeded to the hotel, often escaping collision by the breadth of a single hair, the driver singing all the way. What he sang I knew not; but I doubt if it was of battles long ago: rather, I should fancy, of very present love and mischief. But how fitting a first entry into Paris!

The Secret Life of Houdini

"Don't go around measurin' yourself by other people's rulers. 'Cause you'll never measure up." For most people, life is kind of like feeling around in the dark, stumbling into things and hoping they get what they think they want from what's around them. And if they don't get it, they just keep at it the same old way, but hoping for something different. But what if you could learn about life before making mistakes? In Oak Park, Virginia, where the story takes place, life is both familiar and unpredictable, "just like any other place on earth with smart and simple people, pretty and ugly people, uppity and lowly folks. Somebody is always in some mess that they had no business in, or caught up in something they never expected." When her adopted granddaughter, Ruby Gray, asks her about love, Miss Lucky, through her hard-won wit and wisdom, imparts to her the secrets to life and the essence of love.

RT Book Reviews Ian Woodward, one of the firefighter heroes of the 9/11 terrorist attack, lost the use of

Both men must deal with their issues and accept the strong women who love them. "The talented Shay offers another heartwarming tale of brave men and women." Booklist "I was profoundly moved by this book in a way that I haven't often been moved by a romance novel. It speaks of redemption, forgiveness and the transcendent healing power of love. I know that I will be reading this one again. All About Romance

A hilarious insider's guide to Paris by the author of 1000 Years of Annoying the French: "Clarke's eye for detail is terrific" (The Washington Post). The Celestial Telegraph, Or, Secrets of the Life to Come Revealed Through Magnetism

Lady Audley's Secret

Jerry D Young was born at home, in Senath, Missouri July 3, 1953. At age 5 the family rented a small farm house on an active farm 40 miles southwest of St. Louis. While the family weren't farmers, they lived something of a homestead type life, raising a milk cow, sometimes two, and calves, a pig or two, chickens, and the occasional goat. Along with the stock, a large garden helped to feed Jerry's three brothers and two sisters for several years. Fishing and hunting contributed to the pantry, as did foraging the wild edibles on the property. At the age of 14, the family, minus a brother and two sisters that were now adults and on their own, moved back to Senath. Having been encouraged from an early age to read, Jerry was a regular patron of the Senath Branch Library. A love of a good story was born within him, and shortly before graduating high school, for a lack of stories that he liked at the library, he began to write short vignettes, and started taking notes for stories that he wanted to tell. Well, a full life interceded, and the writing didn't resume for several years. But while working a job with a much free time, and the then newfangled home computer, Jerry began to write in earnest. With the occasional gap in the process, Jerry continued to research and write, never believing he could ever be published. But when he turned 50, he wanted a change in his life, left the job he was doing and began focusing on his writing. When he became ill, the writing stopped, but not the inspiration. When he started writing again, in 2004, after getting the medical problems under control, he began to read some on-line stories dealing with emergency preparedness, one of his other loves. The die was cast. Now with over a hundred of the vignettes and short stories about how to survive disasters written, along with his other novels, Jerry decided to go for broke, adding one of his previous works every few days to his list of stories now available, Jerry continues to write, both the Prep/PAW stories, as well as action adventure with a little romance type stories that first got him started.

Paris Revealed

"The country road to hell and back is paved with the good intentions and secrets of Southern women." Prodigal son Duddy Doogan has a promise to keep. He is going home, to a place where his eccentric storytelling kin await his first visit since his father went missing. Home to where a powerful river carves an age-old border between Florida and Alabama. Home to a family tree of hidden secrets, lies, memories, and skin colors-but there is nothing black and white about the mysteries buried in its roots. Haunted by the trauma of a terrifying childhood accident and the love of too many Southern women, Duddy must excavate the bones of his family history to put his own broken life back together. When tragedy suddenly strikes, a promise to return home becomes a dangerous quest to reclaim his father's remains from a long-lost psychotic uncle living deep in the Alabama swampland. For Duddy Doogan, a journey into the heart of darkness will lead him to a shattering revelation about his own past, a secret truth hiding in plain sight and powerful enough to alter the course of Perdido River history for generations to come. Note from the Author: I'm excited about my Southern fiction novel, *Perdido River Bastard*, a multi-generational, romantic mystery about myth and sin, memory and history, secrets and lies, family life and death, magic and illusion, rebirth and redemption, good and evil-the sublime beauty I call the Deep South. Inherent themes of race, prejudice, and bigotry kinda go with the territory, but this novel isn't about inciting revolution or calling for imposed societal atonement for past transgressions. It isn't about blaming others for things they can't possibly help, like the color of skin, the sins of fathers and mothers, or the broken pasts of their children. Simply put, this story is about finding love through forgiveness, a notion

worthy of discussion to my mind, as it seems to be the one that people conveniently forget, easily ignore, and readily dismiss for being too quaint, too simple, or too idealistic. Personally, I think we all could use a little idealism in these current racially divisive times. What we're doing right now isn't working well for any of us, so my novel suggests a wholly different tactic to affect change, one espoused by few truly Great Leaders, one being a preacher from Alabama who died for a simple dream that has yet to come true. This novel is close kin to other kinds of Southern fiction I've enjoyed reading over the years - a completed jigsaw puzzle that's more than the sum of its parts. It's a fictional biography, a romance, a series of vignettes, an interracial love story, a son's quest to make peace with his missing father, and a cozy mystery about generations of powerful women, contemporary and otherwise, who haunt one man's life. GOODREADS tags: contemporary women, cozy mystery, family saga, literary romance, magic realism, multi-generational, multicultural, mystery-thriller-suspense, plot twist, quirky characters, race issues, romance, southern biography, women's fiction

This explosive narrative reveals for the first time the shocking hidden years of Coco Chanel's life: her collaboration with the Nazis in Paris, her affair with a master spy, and her work for the German military intelligence service and Himmler's SS. Gabrielle "Coco" Chanel was the high priestess of couture who created the look of the modern woman. By the 1920s she had amassed a fortune and went on to create an empire. But her life from 1941 to 1954 has long been shrouded in rumor and mystery, never clarified by Chanel or her many biographers. Hal Vaughan exposes the truth of her wartime collaboration and her long affair with the playboy Baron Hans Günther von Dincklage—who ran a spy ring and reported directly to Goebbels. Vaughan pieces together how Chanel became a Nazi agent, how she escaped arrest after the war and joined her lover in exile in Switzerland, and how—despite suspicions about her past—she was able to return to Paris at age seventy and rebuild the iconic House of Chanel.

Surrealism began as a movement in poetry and visual art, but it turned out to have its widest impact worldwide in fiction-including in major world writers who denied any connection to surrealism at all. At the heart of this book are discoveries Delia Ungureanu has made in the archives of Harvard's Widener and Houghton libraries, where she has found that Jorge Luis Borges and Vladimir Nabokov were greatly indebted to surrealism for the creation of the pivotal characters who brought them world fame: Pierre Menard and Lolita. In *From Paris to Tlön: Surrealism as World Literature*, Ungureanu explores the networks of transmission and transformation that turned an avant-garde Parisian movement into a global literary phenomenon. *From Paris to Tlön* gives a fresh account of surrealism's surprising success, exploring the process of artistic transfer by which the surrealist object rapidly evolved from a purely poetic conception to a mainstay of surrealist visual art and then a key element in late modernist and postmodern fiction, from Borges and Nabokov to such disparate writers as Gabriel García Márquez, Haruki Murakami, and Orhan Pamuk in the 21st century.

Perestroika in Paris

The adventure continues in Book II of the *Chronicles of the Secret Prince* from award-winning author, MJ Bell. Deston Lespérance assumed that once he defied the odds and bested Grossard, the malicious solitary faerie who imprisoned his parents, he and his family would live 'happily-ever-after' in the land of Tir na-nÓg.

That's how stories end in the movies. But this wasn't a movie, and fitting in with the fae and accessing his new found powers is not as automatic as he expected it to be. If that wasn't enough, he also discovers Grossard has survived the collapse of the chantry and is more resolved than ever to destroy his family and the high realm. And this time Grossard might actually succeed, for he is not alone. Mordred, an old adversary of the light, has joined forces with Grossard and together they plan to retrieve the Shard of Erebus and unleash the darkness, which has lain dormant since shortly after the creation of the earth. Deston realizes he isn't equipped to take on a powerful sorcerer and an evil faerie, but destiny waits for no one, not even the secret Prince of Tir na-nÓg. So ready or not, he's drawn into a new quest and must locate and destroy the Shard before Grossard and Mordred can get to it. With only his dreams to guide him and Margaux to help him figure out the clues, he heads out on another epic adventure, fully aware the stakes are higher than ever. But little does he know the sacrifices he'll be required to make. As his world crumbles around him and his friends fall, he hangs onto one glimmer of hope-that the fae power and strength truly does reside within him; and that he can actually become the hero the fae claim him to be.

This book was previously published under the title 'Alithia' A fast paced, UK based, Political Thriller that pits the residents of a rundown, British housing estate 'Riverside' against the full might of the British Government and its security forces. The Chinese Government, the CIA, and the secret world of Freemasonry, all conspire against what the British Prime Minister sees as the undeserving poor; the lazy workshy underclass, or simply as subversive terrorists. The story is set in the near future, a time when the United Kingdom has left the European Union and war has devastated the Middle East. Poverty has led to anarchy and an increasingly divided society. Since the secession from the EU, successive governments have wrestled with the UK's isolated and crumbling economy leading them to introduce increasingly draconian policies, and to make economic and political alliances with unlikely bedfellows. The people of Riverside have experienced firsthand the effects

of austerity, and have watched as the worldwide movements for progressive change, from the Anonymous face mask wearers to the Occupy movements in Wall St and London, have been crushed with the free internet being shut down under the heel of the globalised 'Free Market' elites all under the banner of the so called, 'war against terror'. Now, it comes time for the Residents of the estate themselves to directly face the forces of oppression, and, as they do so, come face to face with the ultimate choice.
