Thalli has fifteen minutes and twenty-three seconds to live. The toxic gas that will complete her annihilation is invading her bloodstream. But she is not afraid. There they created genetically engineered human beings who are free of emotions in the hope that war won't threaten the world again. Thalli is an anomaly, born with the ability to feel emotions and a sense of curiosity she can barely contain. She has survived so far by hiding her differences. But then her secret is discovered when she's overwhelmed by the emotion of an ancient piece of music. The Ten quickly schedule her annihilation, but her childhood friend, Berk—a scientist being groomed by The Ten—convinces them to postpone her death and study her instead. While in the Scientists' Pod, Thalli and Berk form a dangerous alliance, one strictly forbidden by the constant surveillance. As her life ticks away, she hears rumors of someone called the Designer—someone even more powerful than The Ten. What's more, the parts of her that have always been an anomaly could in fact be part of a much larger plan. And the parts of her that she has always guarded could be the answer she's been looking for all along. Thalli must sort out what to believe and who to trust, before her time runs out. The Gifted

A gripping new novel from New York Times bestselling author Terri Blackstock. One

father was murdered, and another convicted of his death. All because their children fell in love. Nate Beckett has spent his life fighting wildfires instead of the lies and rumors that drove him from his Colorado home town. His mother begs him to come to Carlisle now that his father has been released from prison, but it isn't until he's sidelined by an injury that he's forced to return and face his past. But that means facing Brenna too. Fourteen years ago, Nate was in love with the preacher's daughter. When Pastor Strickland discovered Brenna had defied him to sneak out with Nate, the fight between Strickland and Nate's drunken dad was loud—and very public. Strickland was found murdered later that night, and everyone accused Roy Beckett. When the church burned down, people assumed it was Nate getting even for his father's conviction. He let the rumors fly and left Carlisle without looking back. Now, Brenna is stunned to learn that the man convicted of murdering her father has been pardoned. The events of that night set her life on a bad course, and she's dealing with a brutal custody battle with her ex and his new wife where he's using lies and his family's money to sway the judge. She's barely hanging on, and she's turned to alcohol to cope. Shame and fear consume her. As they deal with the present—including new information about that fateful night and a wildfire that's threatening their town—their past keeps igniting. Nate is the steady force Brenna has so desperately needed. But she'll have to learn to trust him again first.
