On your mark Private, the world's most renowned investigation firm, has been commissioned to provide security for the 2012 Olympic Games in London. Its agents are the smartest, fastest, and most technologically advanced in the world, and 400 of them have been transferred to London to protect more than 10,000 competitors who represent more than 200 countries. Get set The opening ceremony is hours away when Private investigator and single father of twins, Peter Knight, is called to the scene of a ruthless murder. A high-ranking member of the games' organizing committee has been killed. It's clear to Peter that this wasn't a crime of passion, but one of precise calculation and execution. Die Newspaper reporter Karen Pope receives a letter from a person who calls himself Cronus claiming responsibility for the murders. He promises to restore the Olympics to their ancient glory and to destroy all those who have corrupted the games with lies, corruption, and greed. Immediately, Karen hires Private to examine the letter, and she and Peter uncover a criminal genius who won't stop until he's completely destroyed the modern games. "America's #1 storyteller" (Forbes) delivers an exhilarating, action-packed thriller that brings the splendor and emotion of the Olympics to a wildly powerful climax.

The Private Square. Sounds innocuous until you realize behind it are sexual body parts that many are self-conscious about. Attention is focused on women's breasts-whether to display them, change them or hide them from sight. Breasts symbolize womanhood, femininity, sexuality, fashion, motherhood, feeding, and comfort. In major metropolises since World War II, there seems to be a quest for achieving breast perfection. The problem is that the epitome of round, full, high and lifted breasts are rarely found naturally. The Private Square Volume 2: Breasts shares what real women's breasts look like. Virtually all of us have some differences in the shape and size of our breasts; virtually none of us look like models in a girlie or fashion magazine. Within these pages, you will see what normal breasts look like. Every single woman's breasts tell the tale of her age and stage in this

Love them or hate them, the Cowboys are widely celebrated as "America's Team." But the Cowboys have never been just about football. With their oil baron roots, overbearing, ego-driven owner, players who can't stay out of the tabloids, a palatial new home that sets the standard for modern sports stadiums, fans as enthusiastic as cheerleaders, and cheerleaders who are as famous as the team itself, the Cowboys have become a touchstone of American popular culture. Joe Nick Patoski plumbs all these stories in a book that is a rich, sometimes scandalous, always entertaining portrait of a time, a place, and an irreplaceable team.
