Introduction to Information Retrieval

For anyone who has ever felt like they don't belong, Sigh, Gone shares an irreverent, funny, and moving tale of displacement and assimilation woven together with poignant themes from beloved works of classic literature. In 1975, during the fall of Saigon, Phuc Tran immigrates to America along with his family. By sheer chance they land in Carlisle, Pennsylvania, a small town where the Trans struggle to assimilate into their new life. In this coming-of-age memoir told through the themes of great books such as *The Metamorphosis*, *The Scarlet Letter*, *The Iliad*, and more, Tran navigates the push and pull of finding and accepting himself despite the challenges of immigration, feelings of isolation, and teenage rebellion, all while attempting to meet the rigid expectations set by his immigrant parents. Appealing to fans of coming-of-age memoirs such as *Fresh Off the Boat*, *Running with Scissors*, or tales of assimilation like Viet Thanh Nguyen's *The Displaced* and *The Refugees*, Sigh, Gone explores one man's bewildering experiences of abuse, racism, and tragedy and reveals redemption and connection in books and punk rock. Against the hairspray-and-synthesizer backdrop of the '80s, he finds solace and kinship in the wisdom of classic literature, and in the subculture of punk rock, he finds affirmation and echoes of his disaffection. In his journey for self-discovery Tran ultimately finds refuge and inspiration in the art that shapes—and ultimately saves—him.

I Know Why the Caged Bird Sings

Since the birth of civilisation, human beings have manipulated other life-forms. We have selectively bred plants and animals for thousands of years to maximize agricultural production and cater to our tastes in pets. The observation of the creation of artificial animal and plant variants was a key stimulant for Charles Darwin's theory of evolution. The ability to directly

engineer the genomes of organisms first became possible in the 1970s, when the gene for human insulin was introduced into bacteria to produce this protein for diabetics. At the same time, mice were modified to produce human growth hormone, and grew huge as a result. But these were only our first tottering steps into the possibilities of genetic engineering. In the past few years, the pace of progress has accelerated enormously. We can now cut and paste genes using molecular scissors with astonishing ease, and the new technology of genome editing can be applied to practically any species of plants or animals. 'Mutation chain reaction' can be used to alter the genes of a population of pests, such as flies; as the modified creatures breed, the mutation is spread through the population, so that within a few generations the organism is almost completely altered. At the same time, scientists are also beginning to synthesize new organisms from scratch. These new technologies hold much promise for improving lives. Genome editing has already been used clinically to treat AIDS patients, by genetically modifying their white blood cells to be resistant to HIV. In agriculture, genome editing could be used to engineer species with increased food output, and the ability to thrive in challenging climates. New bacterial forms may be used to generate energy. But these powerful new techniques also raise important ethical dilemmas and potential dangers, pressing issues that are already upon us given the speed of scientific developments. To what extent should parents be able to manipulate the genetics of their offspring - and would designer babies be limited to the rich? Can we effectively weigh up the risks from introducing synthetic lifeforms into complex ecosystems? John Parrington explains the nature and possibilities of these new scientific developments, which could usher in a brave, new world. We must rapidly come to understand its implications if we are to direct its huge potential to the good of humanity and the planet.

The Magical Language of Others: A Memoir

From the number one New York Times bestselling author comes another stunning memoir that is tender, touching and just a little spooky. "Here's a partial list of things I don't believe in: God. The Devil. Heaven. Hell. Bigfoot. Ancient Aliens. Past lives. Life after death. Vampires. Zombies. Reiki. Homeopathy. Rolfing. Reflexology. Note that 'witches' and 'witchcraft' are absent from this list. The thing is, I wouldn't believe in them, and I would privately ridicule any idiot who did, except for one thing: I am a witch." For as long as Augusten Burroughs could remember, he knew things he shouldn't have known. He manifested things that shouldn't have come to pass. And he told exactly no one about this, save one person: his mother. His mother reassured him that it was all perfectly normal, that he was descended from a long line of witches, going back to the days of the early American colonies. And that this family tree was filled with witches. It was a bond that he and his mother shared--until the day she left him in the care of her psychiatrist to be raised in his family (but that's a whole other story). After that, Augusten was on his own. On his own to navigate the world of this tricky power; on his own to either use or misuse this gift. From the hilarious to the terrifying, *Toil & Trouble* is a chronicle of one man's journey to understand himself, to reconcile the powers he can wield with things with which he is helpless. There are very few things that are coincidences, as you will learn in *Toil & Trouble*. Ghosts are real, trees can want to kill you, beavers are the spawn of Satan,

houses are alive, and in the end, love is the most powerful magic of all.

Run, Hide, Fight Back

Marty will do anything to save his new friend Shiloh in this Newbery Medal-winning novel from Phillis Reynolds Naylor. When Marty Preston comes across a young beagle in the hills behind his home, it's love at first sight—and also big trouble. It turns out the dog, which Marty names Shiloh, belongs to Judd Travers, who drinks too much and has a gun—and abuses his dogs. So when Shiloh runs away from Judd to Marty, Marty just has to hide him and protect him from Judd. But Marty's secret becomes too big for him to keep to himself, and it exposes his entire family to Judd's anger. How far will Marty have to go to make Shiloh his?

You Better Not Cry

"They say I'm wired bad, or wired sad, but there's no doubt about it -- I'm wired." Joey Pigza's got heart, he's got a mom who loves him, and he's got "dud meds," which is what he calls the Ritalin pills that are supposed to even out his wild mood swings. Sometimes Joey makes bad choices. He learns the hard way that he shouldn't stick his finger in the pencil sharpener, or swallow his house key, or run with scissors. Joey ends up bouncing around a lot - and eventually he bounces himself all the way down, into the district special-ed program, which could be the end of the line. As Joey knows, if he keeps making bad choices, he could just fall between the cracks for good. But he is determined not to let that happen. In this antic yet poignant new novel, Jack Gantos has perfect pitch in capturing the humor, the off-the-wall intensity, and the serious challenges that life presents to a kid dealing with hyper-activity and related disorders. This title has Common Core connections. Joey Pigza Swallowed the Key is a 1998 National Book Award Finalist for Young People's Literature.

Stitches

Gait analysis is the systematic study of human walking, using the eye and brain of experienced observers, augmented by instrumentation for measuring body movements, body mechanics, and the activity of the muscles. Since Aristotle's work on gait analysis more than 2000 years ago, it has become an established clinical science used extensively in the healthcare and rehabilitation fields for diagnosis and treatment. Forensic Gait Analysis details the more recent, and rapidly developing, use of gait analysis in the forensic sciences. The book considers the use of observational gait analysis, based on video recordings, to assist in the process of identification or exclusion. With the increase in use of CCTV and surveillance systems over the last 20 to 30 years, there has been a steady and rapid increase in the use of gait as evidence. Currently, gait analysis is widely used in the UK in criminal investigations, with increasing awareness of its potential use in the US, Europe,

and globally. The book details the history of the science, current practices, and of the emergent application to establish best-practice standards that conform to those of other forensic science disciplines. Engagement with the Forensic Science Regulator, and the Chartered Society of Forensic Sciences in the UK, and the International Association for Identification has helped to ensure and enhance the quality assurance of forensic gait analysis. However, there remains a fundamental lack of standardized training and methodology for use in evidentiary and investigative casework. This book fills that void, serving as one of the first to describe the current state of practice, capabilities and limitations, and to outline methods, standards of practice and expectations of the gait analyst as a forensic practitioner. Forensic Gait Analysis reflects current research and forensic practice and will serve as a state-of-the-art guide to the use of gait analysis in the forensic context—for both education and training purposes. It will be a welcome addition to the libraries of professionals in the areas of podiatry, gait analysis, forensic video analysis, law enforcement, and legal practice.

Running With Scissors

An unusual and uncommonly moving family memoir, with a twist that give new meaning to hindsight, insight, and forgiveness. Heather Sellers is face-blind—that is, she has prosopagnosia, a rare neurological condition that prevents her from reliably recognizing people's faces. Growing up, unaware of the reason for her perpetual confusion and anxiety, she took what cues she could from speech, hairstyle, and gait. But she sometimes kissed a stranger, thinking he was her boyfriend, or failed to recognize even her own father and mother. She feared she must be crazy. Yet it was her mother who nailed windows shut and covered them with blankets, made her daughter walk on her knees to spare the carpeting, had her practice secret words to use in the likely event of abduction. Her father went on weeklong "fishing trips" (aka benders), took in drifters, wore panty hose and bras under his regular clothes. Heather clung to a barely coherent story of a "normal" childhood in order to survive the one she had. That fairy tale unraveled two decades later when Heather took the man she would marry home to meet her parents and began to discover the truth about her family and about herself. As she came at last to trust her own perceptions, she learned the gift of perspective: that embracing the past as it is allows us to let it go. And she illuminated a deeper truth—that even in the most flawed circumstances, love may be seen and felt. Watch a Video

Social Media in Higher Education: Case Studies, Reflections and Analysis

How does social media affect working life in Higher Education? How are universities harnessing its power to aid student learning? This innovative collection brings together academics and those working in professional services to examine these questions and more. The diverse and expert contributors analyse the many ways social media can be used to enhance teaching and learning, research, professional practice, leadership, networking and career development. The impact of social media is evaluated critically, with an eye both to the benefits and the problems of using these new forms of digital

communication. This is the first volume to give such detailed attention to this area of high interest. Its innovative approach extends to its creation, with contributors found via their presence on Twitter. The short and impactful chapters are accessible while retaining an academic focus through their application of relevant learning theories and educational context. Social Media and Higher Education is essential reading for any professional working in higher education, including lecturers teaching education courses. It is also significant for researchers looking at more recent developments in the field and what it means to work in a modern higher education environment.

Jesus Land

Finally joining their father in America, Ajay and Birju enjoy their new, extraordinary life until tragedy strikes, leaving one brother incapacitated and the other practically orphaned in this strange land in the second novel from the author of *An Obedient Father*. 30,000 first printing.

Joey Pigza Swallowed the Key

A New York Times bestseller: A memoir that “will break your heart and mend it again, but it won’t stop haunting you” (Entertainment Weekly). An ALA Alex Award Winner Julia and her adopted brother, David, are sixteen years old. Julia is white. David is black. It is the mid-1980s and their family has just moved to rural Indiana, a landscape of cottonwood trees, trailer parks, and all-encompassing racism. At home lives a distant mother—more involved with her church’s missionaries than her own children—and a violent father. In this riveting and heartrending memoir, Julia Scheeres takes us from the Midwest to a place beyond imagining. Surrounded by natural beauty, the Escuela Caribe—a religious reform school in the Dominican Republic—is characterized by a disciplinary regime that extracts repentance from its students by any means necessary. As Julia and David strive to make it through these ordeals, their tale is relayed here with startling immediacy, extreme candor, and “unadorned, dark humor” (Los Angeles Times). “Exquisitely wrought . . . Scheeres emerged with sensibilities intact and learned that love can flourish even in the harshest climates.” —People “A page-turner . . . shot through with poignancy.” —The New York Times Book Review

Possible Side Effects

Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou’s debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of

abandonment and the prejudice of the local “powhitetrash.” At eight years old and back at her mother’s side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors (“I met and fell in love with William Shakespeare”) will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. “*I Know Why the Caged Bird Sings* liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity.”—James Baldwin From the Paperback edition.

A Wolf at the Table

Running with Scissors meets *Bewitched* in this irresistible memoir, as Philip Smith describes growing up in 1960s Miami with his decorator father, who one day discovers he has the miraculous power to talk to the dead and heal the sick. After a full day of creating beautiful interiors for the rich and famous, Lew Smith would come home, take off his tie, and get down to his real work as a psychic healer who miraculously cured thousands of people. For his son, Philip, watching his father transform himself, at a moment's notice, from gracious society decorator into a healer with supernatural powers was a bit like living with Clark Kent and Superman. *Walking Through Walls* is Philip Smith's astonishing memoir of growing up in a household where séances, talking spirits, and exorcisms were daily occurrences, and inexplicable psychic healings resulted in visitors suddenly discarding their crutches and wheelchairs or being cured of fatal diseases. While there are benefits to having a miracle man in the house, Philip soon discovers the downside of living with a father who psychically knows everything he is doing. Surrounded by invisible spirits who tend to behave like nagging relatives, Philip looks for ways to escape his mystical home life -- including forays into sex, surfing, and even Scientology. By turns hilarious and profound, *Walking Through Walls* recounts Philip Smith's often bizarre but always magical coming of age in a household that felt like a cross between Lourdes and the set of *Rosemary's Baby*, and shows how he managed to map out his own identity in the shadow of a father who, truly, loomed larger than life itself.

The Glass Castle

A bestselling modern classic—both poignant and funny—about a boy with autism who sets out to solve the murder of a neighbor's dog and discovers unexpected truths about himself and the world. Nominated as one of America’s best-loved novels by PBS’s *The Great American Read* Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. He relates well to animals but has no understanding of human emotions. He cannot stand to be touched. And he detests the color yellow. This improbable story of Christopher's quest to investigate the suspicious death of a neighborhood dog makes for one of the most captivating, unusual, and widely heralded novels in

recent years.

Sigh, Gone

Now including an excerpt from *Lust & Wonder*, a new memoir coming in March 2016. *Running with Scissors* is the true story of a boy whose mother (a poet with delusions of Anne Sexton) gave him away to be raised by her psychiatrist, a dead-ringer for Santa and a lunatic in the bargain. Suddenly, at age twelve, Augusten Burroughs found himself living in a dilapidated Victorian in perfect squalor. The doctor's bizarre family, a few patients, and a pedophile living in the backyard shed completed the tableau. Here, there were no rules, there was no school. The Christmas tree stayed up until summer, and Valium was eaten like Pez. And when things got dull, there was always the vintage electroshock therapy machine under the stairs. *Running with Scissors* is at turns foul and harrowing, compelling and maniacally funny. But above all, it chronicles an ordinary boy's survival under the most extraordinary circumstances.

Dandelion Wine

The instant New York Times bestseller *Lust: 1. intense sexual desire or appetite 2. a passionate or overmastering desire or craving 3. ardent enthusiasm; zest; relish. Wonder: 1. something strange and surprising; a cause of surprise, astonishment, or admiration 2. the emotion excited by what is strange and surprising; a feeling of surprised or puzzled interest, sometimes tinged with admiration 3. a miraculous deed or event; remarkable phenomenon* From the beloved #1 New York Times bestselling author comes an intimate look at the driving forces in one man's life. With Augusten's unique and singular observations and his own unabashed way of detailing both the horrific and the humorous, *Lust and Wonder* is a hilariously frank memoir that his legions of fans have been waiting for. His story began in *Running with Scissors*, endured through *Dry*, and continues with this memoir, the capstone to the life of Augusten Burroughs. Funny, sweet, alarming, and ultimately, moving and tender, *Lust & Wonder* is an experience of a book that will resonate with anyone who has loved and lost and loved again.

Redesigning Life

Another classic from the author of the internationally bestselling *The Outsiders* Continue celebrating 50 years of *The Outsiders* by reading this companion novel. *That Was Then, This is Now* is S. E. Hinton's moving portrait of the bond between best friends Bryon and Mark and the tensions that develop between them as they begin to grow up and grow apart. "A mature, disciplined novel which excites a response in the reader . . . Hard to forget."—The New York Times

How to build a dragon or die trying: a satirical look at cutting-edge science

A tale of deep bonds to family, place, language—of hard-won selfhood told by a singular, incandescent voice. The Magical Language of Others is a powerful and aching love story in letters, from mother to daughter. After living in America for over a decade, Eun Ji Koh's parents return to South Korea for work, leaving fifteen-year-old Eun Ji and her brother behind in California. Overnight, Eun Ji finds herself abandoned and adrift in a world made strange by her mother's absence. Her mother writes letters, in Korean, over the years seeking forgiveness and love—letters Eun Ji cannot fully understand until she finds them years later hidden in a box. As Eun Ji translates the letters, she looks to history—her grandmother Jun's years as a lovesick wife in Daejeon, the horrors her grandmother Kumiko witnessed during the Jeju Island Massacre—and to poetry, as well as her own lived experience to answer questions inside all of us. Where do the stories of our mothers and grandmothers end and ours begin? How do we find words—in Korean, Japanese, English, or any language—to articulate the profound ways that distance can shape love? Eun Ji Koh fearlessly grapples with forgiveness, reconciliation, legacy, and intergenerational trauma, arriving at insights that are essential reading for anyone who has ever had to balance love, longing, heartbreak, and joy. The Magical Language of Others weaves a profound tale of hard-won selfhood and our deep bonds to family, place, and language, introducing—in Eun Ji Koh—a singular, incandescent voice.

Look Me in the Eye

As *The Giving Tree* turns fifty, this timeless classic is available for the first time ever in ebook format. This digital edition allows young readers and lifelong fans to continue the legacy and love of a household classic that will now reach an even wider audience. Never before have Shel Silverstein's children's books appeared in a format other than hardcover. Since it was first published fifty years ago, Shel Silverstein's poignant picture book for readers of all ages has offered a touching interpretation of the gift of giving and a serene acceptance of another's capacity to love in return. Shel Silverstein's incomparable career as a bestselling children's book author and illustrator began with *Lafcadio, the Lion Who Shot Back*. He is also the creator of picture books including *A Giraffe and a Half*, *Who Wants a Cheap Rhinoceros?*, *The Missing Piece*, *The Missing Piece Meets the Big O*, and the perennial favorite *The Giving Tree*, and of classic poetry collections such as *Where the Sidewalk Ends*, *A Light in the Attic*, *Falling Up*, *Every Thing On It*, *Don't Bump the Glump!*, and *Runny Babbit*. Running with Scissors

From the million-copy bestselling author of *Running with Scissors* comes Augusten Burroughs's most provocative collection yet. This book is approved for consumption by those seeking pleasure, escape, amusement, enlightenment, or general

distraction. This book is not approved to treat disorders such as eBay addiction or incessant blind dating. In studies, some people reported inappropriate, convulsive laughter, a tingling sensation in the limbs, and sudden gasping. Fewer than 1 percent reported narcolepsy. Doll collectors may experience special sensitivity, as may discourteous drivers, candy-company brand managers, and nicotine-gum users. This book has been shown to be especially helpful to those with parents, grandparents, life partners, and incontinent dogs. People with dry, cracked skin have responded well to this book, as have people with certain heart conditions. Do not operate heavy machinery while reading this book, until you know what effects it may have on you. This text is contraindicated in those suffering from certain psychiatric disorders, including---but not limited to---readers afflicted with anhedonia, which is the inability to experience pleasure. Toil & Trouble

The #1 New York Times bestselling (mostly true) memoir from the hilarious author of *Furiously Happy*. “Gaspingly funny and wonderfully inappropriate.”—O, The Oprah Magazine When Jenny Lawson was little, all she ever wanted was to fit in. That dream was cut short by her fantastically unbalanced father and a morbidly eccentric childhood. It did, however, open up an opportunity for Lawson to find the humor in the strange shame-spiral that is her life, and we are all the better for it. In the irreverent *Let’s Pretend This Never Happened*, Lawson’s long-suffering husband and sweet daughter help her uncover the surprising discovery that the most terribly human moments—the ones we want to pretend never happened—are the very same moments that make us the people we are today. For every intellectual misfit who thought they were the only ones to think the things that Lawson dares to say out loud, this is a poignant and hysterical look at the dark, disturbing, yet wonderful moments of our lives. The Purity Myth

A Publishers Weekly Top Ten Best Book of the Year An Amazon.com Top Ten Best Book of 2009 A Washington Post Book World’s Ten Best Book of the Year A California Literary Review Best Book of 2009 An L.A. Times Top 25 Non-Fiction Book of 2009 An NPR Best Book of the Year, Best Memoir With this stunning graphic memoir, David Small takes readers on an unforgettable journey into the dark heart of his tumultuous childhood in 1950s Detroit, in a coming-of-age tale like no other.

At the age of fourteen, David awoke from a supposedly harmless operation to discover his throat had been slashed and one of his vocal chords removed, leaving him a virtual mute. No one had told him that he had cancer and was expected to die. The resulting silence was in keeping with the atmosphere of secrecy and repressed frustration that pervaded the Small household and revealed itself in the slamming of cupboard doors, the thumping of a punching bag, the beating of a drum. Believing that they were doing their best, David's parents did just the reverse. David's mother held the family emotionally hostage with her furious withdrawals, even as she kept her emotions hidden — including from herself. His father, rarely present, was a radiologist, and although David grew up looking at X-rays and drawing on X-ray paper, it would be years before he discovered the shocking consequences of his father's faith in science. A work of great bravery and humanity, *Stitches* is a gripping and ultimately redemptive story of a man's struggle to understand the past and reclaim his voice.

Ben's story takes place in 1977 and is told in words. Rose's story in 1927 is told entirely in pictures. Ever since his mother died, Ben feels lost. At home with her father, Rose feels alone. When Ben finds a mysterious clue hidden in his mother's room, and when a tempting opportunity presents itself to Rose, both children risk everything to find what's missing. Rich, complex, affecting and beautiful, *WONDERSTRUCK* is a staggering achievement from a uniquely gifted artist.

Hollywood Park

The United States is obsessed with virginity - from the media to schools to government agencies. This panic is ensuring that young women's ability to be moral agents is absolutely dependent on their sexuality. Jessica Valenti, executive editor of *Feministing.com* and author of *Full Frontal Feminism* and *Yes Means Yes*, addresses this poignant issue in her latest book, *The Purity Myth*. Valenti argues that the country's intense focus on chastity is extremely damaging to young women. Through in depth analysis of cultural stereotypes and media messages, Valenti reveals that powerful messages - ranging from abstinence curriculum to "Girls Gone Wild" commercials - place a young woman's worth entirely on her sexuality. Morals are therefore linked purely to sexual behavior, as opposed to values like honesty, kindness, and altruism. Valenti approaches the topic head-on, shedding light on chastity in a historical context, abstinence-only education, pornography, and public punishments for those who dare to have sex, among other critical issues. She also offers solutions that pave the way for a future without a damaging emphasis on virginity, including a call to rethink male sexuality and reframing the idea of "losing it." With Valenti's usual balance of intelligence and wit, *The Purity Myth* presents a powerful and revolutionary argument that girls and women, even in this day and age, are overly valued for their sexuality, and that this needs to stop.

Walking Through Walls

The hilarious first novel by the #1 bestselling author of *Running with Scissors*, *Dry*, *A Wolf at the Table*, and *You Better Not Cry*, *Sellelevision* is Augusten Burroughs's darkly funny and vastly entertaining skewering of a very troubled home-shopping channel. Welcome to the world of *Sellelevision*, America's premier retail broadcasting network. When Max Andrews, the much loved and handsome (that is, lonely and gay) host of a "Toys for Tots" segment, accidentally exposes himself in front of millions of kids, *Sellelevision* faces its first big scandal. As Max struggles to find a new job in television, the popular and perky host Peggy Jean Smythe is receiving sinister emails from a stalker. Popping pills and drinking heavily, she fails to notice that her husband is spending a lot of time with the young babysitter who lives next door. Then there's Leigh, whose affair with married *Sellelevision* boss Howard Toast is going nowhere until she announces their relationship on air. A blistering satire of our overcharged, scandal-obsessed world, *Sellelevision* is "an absolute howl . . . wicked fun" (*New York Daily News*).

Wonderstruck

Class-tested and coherent, this textbook teaches classical and web information retrieval, including web search and the related areas of text classification and text clustering from basic concepts. It gives an up-to-date treatment of all aspects of the design and implementation of systems for gathering, indexing, and searching documents; methods for evaluating systems; and an introduction to the use of machine learning methods on text collections. All the important ideas are explained using examples and figures, making it perfect for introductory courses in information retrieval for advanced undergraduates and graduate students in computer science. Based on feedback from extensive classroom experience, the book has been carefully structured in order to make teaching more natural and effective. Slides and additional exercises (with solutions for lecturers) are also available through the book's supporting website to help course instructors prepare their lectures.

The Curious Incident of the Dog in the Night-Time

What if you could have your own real dragon? While that might seem like just a fantasy, today cutting-edge science has brought us to the point where it might really be possible. This book looks into the possibilities of making living, fire-breathing dragons. The world has been fascinated with dragons for thousands of years. Fictional dragons still have a firm place in pop culture, such as Smaug from *The Hobbit* as well as the dragons in *Game of Thrones* and in the *How to Train Your Dragon* movies. This new book discusses using powerful technologies such as CRISPR gene editing, stem cells, and bioengineering to make real dragons. It also goes through what useful information we can learn from animals such as Pteranodons and amazing present-day creatures in our quest to build actual dragons. The book goes on to discuss the possibility of building other mythical creatures such as unicorns and mermaids. Overall, *How to Build A Dragon* is also meant as a satirical look at cutting-edge science, and it pokes fun at science hype. Anyone who is interested in dragons or

cutting-edge science will enjoy this book! It is written in a humorous, approachable way making science fun and easy to understand, including for young adults. The author is well-known scientist Paul Knoepfler who is familiar to the public for his science, his blog The Niche, and his frequent contributions to lay stories on new science concepts such as stem cells and CRISPR. He also is known for his TED talk on designer babies with more than 1.3 million views, and his two books — . The co-author, his daughter Julie Knoepfler, is a high school student interested in science and writing. She has her own blog on literary and film analysis, and enjoys taking a humorous look at culture through writing.

Lust & Wonder

Beautiful and wealthy Antoinette Cosway's passionate love for an English aristocrat threatens to destroy her idyllic West Indian island existence and her very life

Family Life: A Novel

NEW YORK TIMES BESTSELLER “As sweet and funny and sad and true and heartfelt a memoir as one could find.” —from the foreword by Augusten Burroughs Ever since he was young, John Robison longed to connect with other people, but by the time he was a teenager, his odd habits—an inclination to blurt out non sequiturs, avoid eye contact, dismantle radios, and dig five-foot holes (and stick his younger brother, Augusten Burroughs, in them)—had earned him the label “social deviant.” It was not until he was forty that he was diagnosed with a form of autism called Asperger’s syndrome. That understanding transformed the way he saw himself—and the world. A born storyteller, Robison has written a moving, darkly funny memoir about a life that has taken him from developing exploding guitars for KISS to building a family of his own. It’s a strange, sly, indelible account—sometimes alien yet always deeply human.

"As a little boy, I had a dream that my father had taken me to the woods where there was a dead body. He buried it and told me I must never tell. It was the only thing we'd ever done together as father and son, and I promised not to tell. But unlike most dreams, the memory of this one never left me. And sometimes I wasn't altogether sure about one thing: was it just a dream?" When Augusten Burroughs was small, his father was a shadowy presence in his life: a form on the stairs, a cough from the basement, a silent figure smoking a cigarette in the dark. As Augusten grew older, something sinister within his father began to unfurl. Something dark and secretive that could not be named. Betrayal after shocking betrayal ensued, and Augusten's childhood was over. The kind of father he wanted didn't exist for him. This father was distant, aloof, uninterested And then the "games" began. With *A Wolf at the Table*, Augusten Burroughs makes a quantum leap into

untapped emotional terrain: the radical pendulum swing between love and hate, the unspeakably terrifying relationship between father and son. Told with scorching honesty and penetrating insight, it is a story for anyone who has ever longed for unconditional love from a parent. Though harrowing and brutal, *A Wolf at the Table* will ultimately leave you buoyed with the profound joy of simply being alive. It's a memoir of stunning psychological cruelty and the redemptive power of hope.

That Was Then, This Is Now

Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

You've eaten too much candy at Christmas but have you ever eaten the face off a six-foot stuffed Santa? You've seen gingerbread houses but have you ever made your own gingerbread tenement? You've woken up with a hangover but have you ever woken up next to Kris Kringle himself? Augusten Burroughs has, and in this caustically funny, nostalgic, poignant, and moving collection he recounts Christmases past and present—as only he could. With gimlet-eyed wit and illuminated prose, Augusten shows how the holidays bring out the worst in us and sometimes, just sometimes, the very, very best.

****THE INSTANT NEW YORK TIMES BESTSELLER**** "A Gen-X This Boy's Life Music and his fierce brilliance boost Jollett; a visceral urge to leave his background behind propels him to excel. In the end, Jollett shakes off the past to become the captain of his own soul. *Hollywood Park* is a triumph." —O, The Oprah Magazine "This moving and profound memoir is for anyone who loves a good redemption story." —Good Morning America, 20 Books We're Excited for in 2020 "Several years

ago, Jollett began writing *Hollywood Park*, the gripping and brutally honest memoir of his life. Published in the middle of the pandemic, it has gone on to become one of the summer's most celebrated books and a New York Times best seller" –Los Angeles Magazine *HOLLYWOOD PARK* is a remarkable memoir of a tumultuous life. Mikel Jollett was born into one of the country's most infamous cults, and subjected to a childhood filled with poverty, addiction, and emotional abuse. Yet, ultimately, his is a story of fierce love and family loyalty told in a raw, poetic voice that signals the emergence of a uniquely gifted writer. We were never young. We were just too afraid of ourselves. No one told us who we were or what we were or where all our parents went. They would arrive like ghosts, visiting us for a morning, an afternoon. They would sit with us or walk around the grounds, to laugh or cry or toss us in the air while we screamed. Then they'd disappear again, for weeks, for months, for years, leaving us alone with our memories and dreams, our questions and confusion. So begins *Hollywood Park*, Mikel Jollett's remarkable memoir. His story opens in an experimental commune in California, which later morphed into the Church of Synanon, one of the country's most infamous and dangerous cults. Per the leader's mandate, all children, including Jollett and his older brother, were separated from their parents when they were six months old, and handed over to the cult's "School." After spending years in what was essentially an orphanage, Mikel escaped the cult one morning with his mother and older brother. But in many ways, life outside Synanon was even harder and more erratic. In his raw, poetic and powerful voice, Jollett portrays a childhood filled with abject poverty, trauma, emotional abuse, delinquency and the lure of drugs and alcohol. Raised by a clinically depressed mother, tormented by his angry older brother, subjected to the unpredictability of troubled step-fathers and longing for contact with his father, a former heroin addict and ex-con, Jollett slowly, often painfully, builds a life that leads him to Stanford University and, eventually, to finding his voice as a writer and musician. *Hollywood Park* is told at first through the limited perspective of a child, and then broadens as Jollett begins to understand the world around him. Although Mikel Jollett's story is filled with heartbreak, it is ultimately an unforgettable portrayal of love at its fiercest and most loyal.

Magical Thinking

The Tenth Anniversary Edition of the New York Times bestselling book that has sold over half a million copies in paperback. "I was addicted to "Bewitched" as a kid. I worshipped Darren Stevens the First. When he'd come home from work and Samantha would say, 'Darren, would you like me to fix you a drink?' He'd always rest his briefcase on the table below the mirror in the foyer, wipe his forehead with a monogrammed handkerchief and say, 'Better make it a double.'" (from Chapter Two) You may not know it, but you've met Augusten Burroughs. You've seen him on the street, in bars, on the subway, at restaurants: a twentysomething guy, nice suit, works in advertising. Regular. Ordinary. But when the ordinary person had two drinks, Augusten was circling the drain by having twelve; when the ordinary person went home at midnight, Augusten never went home at all. Loud, distracting ties, automated wake-up calls and cologne on the tongue could only hide so much for so long. At the request (well, it wasn't really a request) of his employers, Augusten lands in rehab, where his dreams of

group therapy with Robert Downey Jr. are immediately dashed by grim reality of fluorescent lighting and paper hospital slippers. But when Augusten is forced to examine himself, something actually starts to click and that's when he finds himself in the worst trouble of all. Because when his thirty days are up, he has to return to his same drunken Manhattan life—and live it sober. What follows is a memoir that's as moving as it is funny, as heartbreaking as it is true. Dry is the story of love, loss, and Starbucks as a Higher Power.

It's Kind of a Funny Story

A collection of personal writings features observations on such topics as a contest of wills with a deranged cleaning lady, the emotional side of killing a rodent in one's home, and the brief fame that accompanies starring in a commercial.

Sense and Sensibility

The #1 New York Times Bestseller An Entertainment Weekly Top Ten Book of the Year Now a Major Motion Picture This is the true story of a boy who wanted to grow up with the Brady Bunch, but ended up living with the Addams Family. Augusten Burroughs's mother gave him away to be raised by her psychiatrist, a dead ringer for Santa Claus and a certifiable lunatic into the bargain. The doctor's bizarre family, a few patients and a sinister man living in the garden shed completed the tableau. In the perfect squalor of their dilapidated Victorian house, there were no rules and there was no school. The Christmas tree stayed up until summer and Valium was chomped down like sweets. And when things got a bit slow, there was always the ancient electroshock therapy machine under the stairs 'This is the Brady Bunch on Viagra it is impossible not to laugh at all the jokes; to admire the sardonic, fetid tone; to wonder, slack-jawed and agog, at the sheer looniness of the vista he conjures up' -- Rachel Cooke, Observer
