The story of the four-wheel-drive tractors built by Steiger, International Harvester, Case, and Case IH is told in dramatic fashion in this authoritative guide. Starting with the development of early four-wheel-drive systems at International Harvester, the book traces the evolution and design some of the most powerful and capable tractors of the twentieth century. With fresh detail on the 4300, 4100, Steiger-built IH tractors, and the 2+2 tractors including the Super 70 series, the book offers prototype drawings of several models--including the complete story of the never-before-published Magnum 2+2-- as well as inside stories and backroom drama that is a must for any enthusiast for farm history or tractors. Learn the complete story of Steiger tractors, which were originally designed and built in the barn of John, Douglass, and Maurice Steiger located near Red Lake Falls, Minnesota. Containing interviews with more than 50 of the people who built Steiger from its humble origin to a world leader, the book traces the evolution of the lime green Steigers in engrossing detail. The book also covers the J.I. Case 4WD line in great detail. In addition, the book tells the story of how each of these significant players in the industry combined under one banner and--together--created one of the current industry-leading technologies, the

Quadtrac. The modern evolution of the Steigers and the introduction of the STX Series (and more) also receive in-depth coverage. The same team that created the award-winning books *Red Tractors 1958-2013* and *Red Combines 1915-2015* created this book, and notable new contributors include Sherry Schaefer (editor of *Heritage Iron* magazine) and noted historian Jim Allen. Contributors include Sherry Schaefer, Oscar H. Will III, Jim Allen, Kenneth Updike, Todd Markle, Gregg Montgomery, Guy Fay, Martin Rickatson, Sarah Tomac, Matthias Buschmann, Jean Cointe, Michael Osweiler, and Johann Dittmer.

The word gelato, in Italian, simply means “ice cream,” but its meaning has shifted to define a type of high-end frozen dessert, made with milk, not cream. Gelato also has 35% less air whipped into it than ice cream, heightening its rich mouthfeel without tipping the scales. Gelato, in all its luxury, is simple to make at home with a standard ice-cream maker. Making *Artisan Gelato*, following on the heels of *Making Artisan Chocolates*, will offer 45+ recipes and flavor variations for exquisite frozen desserts, made from all-natural ingredients available at any grocery store or farmer’s market. From pureeing and straining fruit to tempering egg yolks for a creamy base, the gelato-making techniques included in *Making Artisan Gelato* ensure quality concoctions. Recipe flavors run the gamut—nuts, spices, chocolate, fruit, herbs, and more—with novel flavor pairings that go beyond your

### **My Name Used to Be Muhammad**

Born in Nigeria, Tito Momen was raised to observe the strict and radical teachings of Islam. As early as age five, he was waking before dawn every morning to attend the mosque and pray with the men in his village. By age six, he was training to memorize the Qur'an by copying the entire book word for word. And as he grew he was being raised to emerge as a leader among clerics, capable of leading a jihad to convert nonbelievers to Islam. As a young student he was introduced to Christianity and later baptized in The Church of Jesus Christ of Latter-day Saints, a decision which lead to estrangement from his family and harsh cultural and legal consequences. A memoir of faith, freedom, and redemption, this is an inspirational story of a man whose faith journey lead to a life sentence at a notoriously harsh Egyptian prison until his physical and spiritual release.
