5 Steps to a 5 : AP English Language

Pulitzer Prize Finalist: "A stunning work of biography" about three little-known New England women who made intellectual history (The New York Times). Elizabeth, Mary, and Sophia Peabody were in many ways the American Brontës. The story of these remarkable sisters—and their central role in shaping the thinking of their day—has never before been fully told. Twenty years in the making, Megan Marshall's monumental biography brings the era of creative ferment known as American Romanticism to new life. Elizabeth Peabody, the oldest sister, was a mind-on-fire influence on the great writers of the era—Emerson, Hawthorne, and Thoreau among them—who also published some of their earliest works; it was she who prodded these newly minted Transcendentalists away from Emerson's individualism and toward a greater connection to others. Middle sister Mary Peabody was a passionate reformer who finally found her soul mate in the great educator Horace Mann. And the frail Sophia, an admired painter among the preeminent society artists of the day, married Nathaniel Hawthorne—but not before Hawthorne threw the delicate dynamics among the sisters into disarray. Casting new light on a legendary American era, and on three sisters who made an indelible mark on history, Marshall's unprecedented research uncovers thousands of never-before-seen letters as well as other previously unmined original sources. "A massive enterprise," The Peabody Sisters is an event in American biography (The New York Times Book Review). "Marshall's book is a grand story . . . where male and female minds and sensibilities were in free, fruitful communion, even if men could exploit this cultural richness far more easily than women." —The

Washington Post “Marshall has greatly increased our understanding of these women and their times in one of the best literary biographies to come along in years.” —New England Quarterly

Bellwether Prize winner Hillary Jordan’s provocative new novel, *When She Woke*, tells the story of a stigmatized woman struggling to navigate an America of a not-too-distant future, where the line between church and state has been eradicated and convicted felons are no longer imprisoned and rehabilitated but chromed—their skin color is genetically altered to match the class of their crimes—and then released back into the population to survive as best they can. Hannah is a Red; her crime is murder. In seeking a path to safety in an alien and hostile world, Hannah unknowingly embarks on a path of self-discovery that forces her to question the values she once held true and the righteousness of a country that politicizes faith.

Elements of Literature

A Study in Scarlet is an 1887 detective novel by Scottish author Arthur Conan Doyle. Written in 1886, the story marks the first appearance of Sherlock Holmes and Dr. Watson, who would become the most famous detective duo in popular fiction. The book's title derives from a speech given by Holmes, a consulting detective, to his friend and chronicler Watson on the nature of his work, in which he describes the story's murder investigation as his "study in scarlet": "There's the scarlet thread of murder running through the colorless skein of life, and our duty is

to unravel it, and isolate it, and expose every inch of it."

The Giver

"The Pit and the Pendulum" is a short story written by Edgar Allan Poe and first published in 1842. The story is about the torments endured by a prisoner of the Spanish Inquisition, though Poe skews historical facts. The narrator of the story is deemed guilty for an unnamed crime and put into a completely dark room. He passes out while trying to determine the size of the room. When he wakes up, he realizes there is a large, deep pit in the middle of the room. He loses consciousness again and awakens strapped on his back, unable to move more than his head. He soon realizes there is a large blade-like pendulum hanging above him, slowly getting closer to cutting through his chest. He finds a way to escape but the walls of his prison start to move and close in on him, pushing him closer and closer to falling into the pit. The story is especially effective at inspiring fear in the reader because of its heavy focus on the senses, such as sound, emphasizing its reality, unlike many of Poe's stories which are aided by the supernatural. The traditional elements established in popular horror tales at the time are followed but critical reception has been mixed.

The Scarlet Letter - Student Packet

This remarkable and monumental book at last provides a comprehensive answer to the age-old riddle of whether there are only a small number of 'basic stories' in the world. Using a wealth of examples, from ancient myths and folk tales via the plays and novels of great literature to the popular movies and TV soap operas of today, it shows that there are seven archetypal themes which recur throughout every kind of storytelling. But this is only the prelude to an investigation into how and why we are 'programmed' to imagine stories in these ways, and how they relate to the inmost patterns of human psychology. Drawing on a vast array of examples, from Proust to detective stories, from the Marquis de Sade to E.T., Christopher Booker then leads us through the extraordinary changes in the nature of storytelling over the past 200 years, and why so many stories have 'lost the plot' by losing touch with their underlying archetypal purpose. Booker analyses why evolution has given us the need to tell stories and illustrates how storytelling has provided a uniquely revealing mirror to mankind's psychological development over the past 5000 years. This seminal book opens up in an entirely new way our understanding of the real purpose storytelling plays in our lives, and will be a talking point for years to come.

Still, everyday life must go on and young Maddy Rose must help her mother, especially since her father's death at the Battle of Princeton and now with her beloved brother Jonathan off with Washington's army. But when childhood games become life-and-death actions, Maddy Rose is drawn ever deeper into events that will explode beyond her imagining. As young America stands on the very brink of its fight for freedom, it becomes clear that even the smallest of citizens can play the largest of parts, and that the role of a patriot has nothing to do with age and everything to do with heart. The Wives of the Dead (From: "The Snow Image and Other Twice-Told Tales")

"The *Scarlet Letter* has proved our most enduring classic," writes Sacvan Bercovitch, "because it is the liberal example par excellence of art as ideological mimesis. To understand the office of the A is to see how culture empowers symbolic form, including forms of dissent, and how symbols participate in the dynamics of culture, including the dynamics of constraint." With an approach that both reflects and contests developments in literary studies, Bercovitch explores these connections from two perspectives: first, he examines a historical reading of the novel's unities; and then, a rhetorical analysis of key mid-nineteenth-century issues, at home and abroad. In order to highlight the relation between rhetoric and history, he focuses on the point at which the scarlet letter does its office at last, the moment when Hester decides to come home to America. In *The Office of "The Scarlet Letter"*, Bercovitch argues that the process by which the United States usurped "America" for itself, symbolically, is also the process by which liberalism established political and economic dominance. In the course of his study, he offers sustained discussions of Hawthorne's irony and ambiguity, of aesthetic and social strategies of cohesion, and of the conundrums of liberal dissent. Winner of the Modern Language Association's James Russell Lowe prize, *The Office of "The Scarlet Letter"* provides a theoretical redefinition of the function of symbolism in

culture and an exemplary literary-ideological reading of a major text.

The Scarlet Letter Study Guide

The first ten lies they tell you in high school. "Speak up for yourself--we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless, outcast, because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. As time passes, she becomes increasingly isolated and practically stops talking altogether. Only her art class offers any solace, and it is through her work on an art project that she is finally able to face what really happened at that terrible party: she was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. Her healing process has just begun when she has another violent

encounter with him. But this time Melinda fights back, refuses to be silent, and thereby achieves a measure of vindication. In Laurie Halse Anderson's powerful novel, an utterly believable heroine with a bitterly ironic voice delivers a blow to the hypocritical world of high school. She speaks for many a disenfranchised teenager while demonstrating the importance of speaking up for oneself. *Speak* was a 1999 National Book Award Finalist for Young People's Literature.

Grammardog Guide to The Scarlet Letter

Overnight, Reverend Hooper has taken to wearing a translucent, but dark veil. Believing the veil to be symbolic of his sin, Hooper refuses to remove it, and wears it throughout the rest of his life. Like the majority of Hawthorne's stories, "The Minister's Black Veil" is an allegorical criticism of Puritan beliefs. Hawthorne may have been inspired by clergyman Joseph Moody, who accidentally killed his friend and, in response, wore a black veil until his own death.
