Dodo Trilogy is composed of three novels by E.F. Benson. His very first novel, *Dodo: A Detail of the Day* (1893), which featured a portrait of the composer and militant suffragette Ethel Smyth (which she "gleefully acknowledged", according to actress Prunella Scales) was back then fashionably controversial and became an instant success. He repeated the success of *Dodo*, with the same cast of characters a generation later: *Dodo the Second* (1914), "a unique chronicle of the pre-1914 Bright Young Things" and *Dodo Wonders* (1921), "a first-hand social history of the Great War in Mayfair and the Shires. Table of contents: *Dodo*; *A Detail of the Day* *Dodo's Daughter* or *Dodo the Second* *Dodo Wonders* Edward Frederic Benson (1867-1940) was an English novelist, biographer, memoirist, archaeologist and short story writer, known professionally as E.F. Benson. He started his novel writing career in 1893 with the fashionably controversial *Dodo*, which was an instant success, and followed it with a variety of satire and romantic and supernatural melodrama. He repeated the success of *Dodo*, with sequels to this novel, but the greatest success came relatively late in his career with *The Mapp and Lucia* series consisting of six novels and two short stories. The novels feature humorous incidents in the lives of (mainly) upper-middle-class British people in the 1920s and 1930s, vying for social prestige and one-upmanship in an atmosphere of extreme cultural snobbery. Benson was also known as a writer of atmospheric, oblique, and at times humorous or satirical ghost stories.

food or water. Hostages. John Wells is asked to try to find them, but he does so reluctantly. East Africa isn't his usual playing field. And when he arrives, he finds that the truth behind the kidnappings is far more complex than he imagined. The clock is ticking and the White House is edging closer to an invasion of Somalia. Wells has a unique ability to go undercover and stir things up, but if he can't find the hostages soon, they'll be dead—and the U.S. may be in a war it never should have begun.

The London Journal

In 2004, Kennedy took on the world of cell phones, PDAs, faxes, emails and every other communication device that pervade the lives of entrepreneurs and suggested when to tap it, and when to give it the heave-ho. He delivered a fresh take on the mantra “time is money” and showed entrepreneurs how to maximize their time to better manage their business. However, times have changed and so has the technology. In this latest edition, Kennedy tackles the technology of today and delivers new insights and tools for boosting personal productivity in keeping with his “less is more” approach. New material includes how to outsource, buying experts, expertise and time. Kennedy covers virtual assistants, errand-running services, and the far-reaching scope of activities and tasks people are paying others to do for them. Kennedy also adds two new chapters discussing how to get more accomplished by leveraging cooperative relationships, why goal setting (and New Year’s Resolutions) fails and how he manages achievement.

GAY ROMANCE from best selling author R.P. James I have quite the long, hard, veiny problem on my hands I'm traveling across the country on a bus, going to see my girlfriend Stacy who goes to school in another state. But, here's the thing- I actually feel no real attraction to Stacy whatsoever. In fact, I'm secretly gay, but I was brought up in such a strict environment that I've never really been honest with myself about it. I'm mostly dating Stacy to keep up appearances more than anything, and prior to my departure I made the stupid mistake of taking a bunch of arousal medication to get me ready in case intimacy takes place when I get over to her place. Now, I'm stuck with an unshakable case of erection after erection, and I feel as though there's no way for me to get around it through the remainder of the trip. That is, until a friendly, muscular stranger boards the bus and gives me something of a helping hand *Warning: This
