In the Time of Oil

Ten Girls to Watch

Any parent can identify with the feeling that girls growing up in America face a treacherous future; Girls Uncovered unveils the facts. In a follow up to their eye-opening release Hooked, obstetricians Joe McIlhaney and Freda Bush present stunning scientific research on the development of young girls in America's increasingly reckless sexual culture. They survey the reality of prevalent sexual behaviors and attitudes as well as their psychological, social, physical, and spiritual effects. Despite the harrowing facts revealed by their studies, McIlhaney and Bush give us hope through their expertise as physicians and parents of daughters. Girls Uncovered provides fundamental wisdom and practical advice to help parents, counselors, and church leaders guide young girls safely through the challenges they will face so they can achieve their potential and enjoy full health, hope, and happiness.

Ten Girls from Dickens

Sixteen-year-old Max and 10-year-old Tessa were fully prepared for another horrible summer vacation. While they always hoped to go somewhere fun like Disney World or Universal Studios, they usually went somewhere weird and cheap that their father, former boy bander Don Masters, found in an ad in a truck stop coupon magazine. But this year was different. Where they went couldn't be found on any map or in any truck stop coupon book. They passed through a portal to a place called Turtle Island, an alternate version of America that diverged from our history before the pilgrims landed at Plymouth Rock. It was there where they met world famous action movie star Jordie Paine -- star of such films as I Plan to Kill You Now and the sequel, I Plan to Kill You Now, Too, the ninja film, Chuck Butcher: Sword Wielding Jackal, as well as the light-hearted romp, Harry Hinklehoffer and the Giant Dancing Toad of East Nebraska -- who would be their guide in this strange new world. Jordie, they later learned, brought the Masters family to Turtle Island for a very specific reason. Because they look just like the ruthless first family of Turtle Island, the Masters are pawns in a coup to overthrow the dictator. But things don't go as planned and the Masters wind up in the Survival Games, Turtle Island's national pastime/system of justice where criminals competitors, or crimpetitors, compete for their freedom. In this scifi comedy, the stakes are very simple -- if they win, they rule, if they lose, they must suffer the consequences.

When sixteen-year old Jacey Adison's parents tell her they must move again, she has never questioned their life style. Until now When Jacey was two, her parents fled the protection of their birthplace, the mystical dimension of Nemele. Leaving was the only solution her parents believed might allow them to keep their family together and alive. The Adisons have been running from a sect of iniquitous beings from Nemele who covet Jacey. Her parents have repressed their adversaries' relentless tracking efforts by not utilizing their own mystical powers. They have chosen to conceal themselves within the only realm they knew they'd be able to survive. They are living under their self-imposed powerless sanctions on Earth, which constitutes the nineteenth nation of Nemele. Her parents have never revealed their true identities to Jacey, consequently keeping her true lineage and unique birthright from her. Jacey's family has pretended to be non-magical humans as a ploy to prevent an ancient omnipotent entity from killing more innocent beings in its relentless quest to possess Jacey. Nemele's inhabitants have been the elemental architectural guides of a number of nations throughout the cosmos. As Elemental Governors, they've influenced the evolution of eighteen other realms throughout the galaxy. Air, earth, wind, fire and water are gifted to each member within the Nemelite Society. It is during their Awakening, or adolescent stage of development, that their talents emerge. Every legend, myth and folklore human beings have believed in and have worshiped since the beginning of time originate within Nemele. Representatives from each of the nineteen nations form the Guild of Elders, a federation to oversee and rule Nemele. From Greek Gods to shape-shifting dragons, all exist. Born as an anomaly, Jacey possesses rare abilities that both virtuous and corrupt entities seek to use as their own. Should either side prevail, Jacey may be the saviour or downfall of every world within Nemele's domains. Blindly thrust into life and death situations, Jacey learns of her true powers within her dreaming and conscious states.

The All-Girl Filling Station's Last Reunion

Before the discovery of oil in the late 1960s, Oman was one of the poorest countries in the world, with only six kilometers of paved roads and one hospital. By the late 1970s, all that had changed as Oman used its new oil wealth to build a modern infrastructure. In the Time of Oil describes how people in Bahla, an oasis town in the interior of Oman, experienced this dramatic transformation following the discovery of oil, and how they now grapple with the prospect of this resource's future depletion. Focusing on shifting structures of governance and new forms of sociality as well as on the changes brought by mass schooling, piped water, and the fracturing of close ties with East Africa, Mandana Limbert shows how personal memories and local histories produce divergent notions about proper social conduct, piety, and gendered religiosity. With close attention to the subtleties of everyday life and the details of archival documents, poetry, and local histories, Limbert provides a rich historical ethnography of oil development, piety, and social life on the Arabian Peninsula.

Tanglewood Tales

This book was written to help a person find their internal quarrels in written words. Written words bring about a different perspective. To overcome something, you must be able to see it from a different viewpoint, you must be able to analyze and understand it in order to accept it or move past it. The most important step in the healing process is acknowledgement that what you are feeling is okay to feel, and that you are not alone in those feelings. Get lost in this book and find yourself in it, all at the same time. Emotional clarity.

But when the storm dumps magic instead of rain, the city plunges into chaos and Letta gains power she never knew existed. Now she's a target for the very man she hoped to capture. Can she adapt to magic in time to save herself and the life of his next victim, a twelve-year-old girl?

Ephaidria

New York Times bestselling author of *On the Island*, Tracey Garvis Graves, presents the compelling, hopelessly romantic novel of unconditional love. Annika Rose is an English major at the University of Illinois. Anxious in social situations where she finds most people's behavior confusing, she'd rather be surrounded by the order and discipline of books or the quiet solitude of playing chess. Jonathan Hoffman joined the chess club and lost his first game—and his heart—to the shy and awkward, yet brilliant and beautiful Annika. He admires her ability to be true to herself, quirks and all, and accepts the challenges involved in pursuing a relationship with her. Jonathan and Annika bring out the best in each other, finding the confidence and courage within themselves to plan a future together. What follows is a tumultuous yet tender love affair that withstands everything except the unforeseen tragedy that forces them apart, shattering their connection and leaving them to navigate their lives alone. Now, a decade later, fate reunites Annika and Jonathan in Chicago. She's living the life she wanted as a librarian. He's a Wall Street whiz, recovering from a divorce and seeking a fresh start. The attraction and strong feelings they once shared are instantly rekindled, but until they confront the fears and anxieties that drove them apart, their second chance will end before it truly begins.

NEW YORK TIMES BESTSELLER • Look for special features inside. Join the Random House Reader's Circle for author chats and more. The one and only Fannie Flagg, beloved author of *Fried Green Tomatoes at the Whistle Stop Cafe*, *Can't Wait to Get to Heaven*, and *I Still Dream About You*, is at her hilarious and superb best in this new comic mystery novel about two women who are forced to reimagine who they are. Mrs. Sookie Poole of Point Clear, Alabama, has just married off the last of her daughters and is looking forward to relaxing and perhaps traveling with her husband, Earle. The only thing left to contend with is her mother, the formidable Lenore Simmons Krackenberry. Lenore may be a lot of fun for other people, but is, for the most part, an overbearing presence for her daughter. Then one day, quite by accident, Sookie discovers a secret about her mother's past that knocks her for a loop and suddenly calls into question everything she ever thought she knew about herself, her family, and her future. Sookie begins a search for answers that takes her to California, the Midwest, and back in time, to the 1940s, when an irrepressible woman named Fritzi takes on the job of running her family's filling station. Soon truck drivers are changing their routes to fill up at the All-Girl Filling Station. Then, Fritzi sees an opportunity for an even more groundbreaking adventure. As Sookie learns about the adventures of the girls at the All-Girl Filling Station, she finds herself with new inspiration for her own life. Fabulous, fun-filled, spanning decades and generations, and centered on a little-known aspect of America's twentieth-century story, *The All-Girl Filling Station's Last Reunion* is another irresistible novel by the remarkable Fannie Flagg. Praise for *The All-Girl Filling Station's Last Reunion* "A beautifully told tale, world-class humor, and characters who live forever in a grateful reader's world. Fannie Flagg keeps getting better and better. *The All-Girl Filling Station's Last Reunion* proves it."—Pat Conroy "If all the self-help books that promote ways to 'find yourself' were stacked in an enormous pile . . . none would approach the sweet wisdom with which Flagg infuses *The All-Girl Filling Station's Last Reunion*."—Richmond Times-Dispatch "It's Flagg's pleasure to hit her characters with several happy endings, but the real happiness is that she's given us another lovable—and quirky—novel."—The Washington Post

FIVE STAR REVIEW by READERS' FAVORITE A story about first loves, lasting friendships, and remembering that family will always be there, whether you realize it or not. CHARLOTTE Hubbard dreams about falling in love on a daily basis, but she's long rejected the idea that someone would ever be interested in an overweight, unappealing girl like her; an opinion that is shared by her way more popular and attractive sister who seems to enjoy pointing out Charlotte's flaws as much as possible. AND . . . Then there's MILES Fiester, who thinks that making the basketball team is as impossible as getting the girl he's liked since grade school to notice him. He'd have more luck getting his deadbeat dad to visit him for a day. But, in the first few weeks of high school, Charlotte and Miles come to discover that life is unpredictable, love happens when you least expect it, and there's always a first for everything."
