### A Nation on Fire

Alan Brinkley's American History sets the standard for balance of perspective and the exploration of ongoing historical questions. In this AP edition, we are pleased to announce a number of firsts for American History: a new primary-source feature that makes connections between the present and the past; a new pedagogy program that helps students to comprehend and think critically about content; and a groundbreaking set of digital tools, powered by Connect; that create a unique learning environment. The result is greater course success. Connect to the stories, connect to the experience, connect to success in history. - Back cover.

### The Age of Entitlement

2015 Recipient of the American Book Award The first history of the United States told from the perspective of indigenous peoples Today in the United States, there are more than five hundred federally recognized Indigenous nations comprising nearly three million people, descendants of the fifteen million Native people who once inhabited this land. The centuries-long genocidal program of the US settler-colonial regimen has largely been omitted from history. Now, for the first time, acclaimed historian and activist Roxanne Dunbar-Ortiz offers a history of the United States told from the perspective of Indigenous peoples and reveals how Native Americans, for centuries, actively resisted expansion of the US empire. In An Indigenous Peoples' History of the United States, Dunbar-Ortiz adroitly challenges the founding myth of the United States and shows how policy against the Indigenous peoples was colonialist and designed to seize the territories of the original

inhabitants, displacing or eliminating them. And as Dunbar-Ortiz reveals, this policy was praised in popular culture, through writers like James Fenimore Cooper and Walt Whitman, and in the highest offices of government and the military. Shockingly, as the genocidal policy reached its zenith under President Andrew Jackson, its ruthlessness was best articulated by US Army general Thomas S. Jesup, who, in 1836, wrote of the Seminoles: “The country can be rid of them only by exterminating them.” Spanning more than four hundred years, this classic bottom-up peoples’ history radically reframes US history and explodes the silences that have haunted our national narrative.

### **The American Nation**

Conventional wisdom holds that America has been a Christian nation since the Founding Fathers. But in *One Nation Under God*, historian Kevin M. Kruse argues that the idea of “Christian America” is nothing more than a myth—and a relatively recent one at that. The assumption that America was, is, and always will be a Christian nation dates back no further than the 1930s, when a coalition of businessmen and religious leaders united in opposition to the FDR’s New Deal. With the full support of Dwight Eisenhower in the 1950s, these activists—the forerunners of the Religious Right—propelled religion into the public sphere. Church membership skyrocketed; Congress added the phrase “under God” to the Pledge of Allegiance and made “In God We Trust” the country’s official motto. For the first time, America became a thoroughly religious nation. Provocative and authoritative, *One Nation Under God* reveals how the comingling of money, religion, and politics created a false origin story that continues to define and divide American politics today.

### **American Destiny**

NOTE: You are purchasing a standalone product; MyHistoryLab does not come packaged with this content. If you would like to purchase both the physical text and MyHistoryLab, search for ISBN-10: 0133894479 / ISBN-13: 9780133894479. That package includes ISBN-10: 0205960987 / ISBN-13: 9780205960989 and ISBN-10: 0205967779 / ISBN-13: 9780205967773. MyHistoryLab should only be purchased when required by an instructor. For courses in U.S. History Help students bridge the present and the past *The American Nation: A History of the United States, Fifteenth Edition* surveys American history in a way that bridges the present to the past, emphasizing the relevance of history to contemporary readers. By showing how history connects to the experiences and expectations that mark students’ lives, the authors bring the study of the American past to life, and engage students deeply in the course. Also available with MyHistoryLab® MyHistoryLab for the U.S. History Survey course extends learning online, engaging students and improving results. Media resources with assignments bring concepts to life, and offer students opportunities to practice applying what they’ve learned. And Writing Space helps educators develop and assess concept mastery and critical thinking through writing, quickly and easily. Please note: this version of MyHistoryLab does not include an eText. *The American Nation: A History of the United States, Fifteenth Edition* is also available via REVEL™, an immersive learning experience designed for the way today's students read, think, and learn.

### **The Second Founding: How the Civil War and Reconstruction Remade the Constitution**

In this study of American 19th-century secret orders, the author argues that religious practices and gender roles became increasingly feminized in Victorian America and that secret societies, such as the Freemasons, offered men and boys an alternative, male counterculture.

### **A Memory of Light**

"In *A Nation on Fire*, journalist Clay Risen relies on dozens of interviews and reams of newly declassified documents to offer a sweeping day-by-day, city-by-city account of the riots, from the looting and burning in Washington to explosions of violence in Chicago, Baltimore, Kansas City, and 117 other cities, large and small. Taking readers inside the Oval Office, the Pentagon, and city halls across the country, he introduces them to key players at every level - from the first army soldier to enter Washington to the crack team of Johnson aides who managed the crisis from inside the White House to the civil rights leaders who helped avert violence in Memphis, where King was shot."--BOOK JACKET.

### **American Destiny**

From the Pulitzer Prize-winning scholar, a timely history of the constitutional changes that built equality into the nation's foundation and how those guarantees have been shaken over time. The Declaration of Independence announced equality as an American ideal, but it took the Civil War and the subsequent adoption of three constitutional amendments to establish that ideal as American law. The Reconstruction amendments abolished slavery, guaranteed all persons due process and equal protection of the law, and equipped black men with the right to vote. They established the principle of birthright citizenship and guaranteed the privileges and immunities of all citizens. The federal government, not the states, was charged with enforcement, reversing the priority of the original Constitution and the Bill of Rights. In grafting the principle of equality onto the Constitution, these revolutionary changes marked the second founding of the United States. Eric Foner's compact, insightful history traces the arc of these pivotal amendments from their dramatic origins in pre-Civil War mass meetings of African-American "colored citizens" and in Republican party politics to their virtual nullification in the late nineteenth century. A series of momentous decisions by the Supreme Court narrowed the rights guaranteed in the amendments, while the states actively undermined them. The Jim Crow system was the result. Again today there are serious political challenges to birthright citizenship, voting rights, due process, and equal protection of the law. Like all great works of history, this one informs our understanding of the present as well as the past: knowledge and vigilance are always necessary to secure our basic rights.

### **U.S. History**

### **Give Us the Ballot**

Edited by Eric Foner and coordinated with each chapter of the text, this companion to Give Me Liberty! includes primary-source documents touching on the theme of American freedom. The freedom theme is explored in the words of well-known historical figures and ordinary Americans. Each document is accompanied by an introductory headnote and study questions.

### **Crisis in American Institutions**

This best-selling text emphasizes that social and cultural changes are the pervasive realities of our era. One of the main themes of Contemporary Society is that the transition from an industrial to a post-industrial order in the modern world is fraught with difficulties, as was the transition from an agricultural to an industrial order in an earlier era. Within this framework, we can observe the increasing fragmentation of the social order, which tends to lead people away from community and a common purpose and often invites conflict and disunity. At the same time, countervailing social forces are also at work, providing some stability, some shelter in the storm. Finally, societies are faced with the rapid and transformative power of information technology, a fact that propels separate groups of people into a global entity.

### **Contemporary Society**

USAs historie indtil 1996

### **How to Fight Anti-Semitism**

The Boston Massacre. The Dred Scott decision. The Chicago Seven. O.J. Simpson. These are some of the trials that have both shaped and fascinated American society. Alan M. Dershowitz, who has been either a lawyer, consultant, or commentator on some of the most celebrated cases of the 1970s, 80s and 90s, highlights the trials he believes to be the most significant in our history, and discusses how they were central to the development of America's political and social structure.

## Where To Download The American Nation 14th Edition

This text helps students get beyond merely compiling dates and facts; it teaches them how to incorporate their own ideas into their papers and to tell a story about history that interests them and their peers. Covering brief essays and the documented resource paper, the text explores the writing and researching processes, different modes of historical writing (including argument), and offers guidelines for improving style as well as documenting sources. --From publisher's description.

### **American History**

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Bridging the present to the past. American Destiny's mission is to show readers how history connects to the experiences and expectations that mark their lives. The authors pursue that mission through a variety of distinctive features, including American Lives essays and Re-Viewing the Past movie essays. This book is the abridged version of The American Nation, 14th edition. Note: MyHistoryLab does not come automatically packaged with this text. To purchase MyHistoryLab, please visit [www.MyHistoryLab.com](http://www.MyHistoryLab.com) or use ISBN: 9780205216550.

### **Conversations in Black**

What would actually make America great: more people. If the most challenging crisis in living memory has shown us anything, it's that America has lost the will and the means to lead. We can't compete with the huge population clusters of the global marketplace by keeping our population static or letting it diminish, or with our crumbling transit and unaffordable housing. The winner in the future world is going to have more—more ideas, more ambition, more utilization of resources, more people. Exactly how many Americans do we need to win? According to Matthew Yglesias, one billion. From one of our foremost policy writers, *One Billion Americans* is the provocative yet logical argument that if we aren't moving forward, we're losing. Vox founder Yglesias invites us to think bigger, while taking the problems of decline seriously. What really contributes to national prosperity should not be controversial: supporting parents and children, welcoming immigrants and their contributions, and exploring creative policies that support growth—like more housing, better transportation, improved education, revitalized welfare, and climate change mitigation. Drawing on examples and solutions from around the world, Yglesias shows not only that we can do this, but why we must. Making the case for massive population growth with analytic rigor and imagination, *One Billion Americans* issues a radical but undeniable challenge: Why not do it all, and stay on top forever?

### **Worldmark Encyclopedia of the Nations: United Nations**

## Where To Download The American Nation 14th Edition

Explains the origins of the Fourteenth Amendment's birthright citizenship provision, as a story of black Americans' pre-Civil War claims to belonging.

### **Secret Ritual and Manhood in Victorian America**

Whether you're thinking of switching to a Macintosh computer, are looking into the latest Apple products, or have a Mac and want to learn about Mac OS X Leopard, then *Macs For Dummies, 10th Edition* will get you going. Here you'll learn all about how to compare the different desktop and laptop models to choose your perfect match, make Mac OS X Leopard work your way, use the new iLife 2008 digital lifestyle applications, get online and connect to a wired or wireless network, and run Windows on your Mac so you can keep the Microsoft programs you need. You'll also discover how to: Navigate your way around the Mac interface and work with icons and folders Best utilize OS X, work with the new Photo Booth, and manage clutter with Exposé and Spaces Get connected, start a Web-browsing Safari, use e-mail and iChat, and shop online Join .Mac and take advantage of iDisk backups, IMAP mail, and Web Gallery Explore all that iTunes offers, process digital photos with iPhoto, make iMovies, and have fun with GarageBand Use Windows on your Mac and transfer Windows files It's a perfect time to join the Mac generation, especially if you're a Windows user who's been thinking of defecting. *Macs For Dummies, 10th Edition* will get you there, helping you pick peripherals, download freebie programs, set up user accounts, implement security secrets, troubleshoot your Mac, and experience the iLife.

### **A Patriot's History of the United States**

A major American intellectual and “one of the right’s most gifted and astute journalists” (The New York Times Book Review) makes the historical case that the reforms of the 1960s, reforms intended to make the nation more just and humane, left many Americans feeling alienated, despised, misled—and ready to put an adventurer in the White House. Christopher Caldwell has spent years studying the liberal uprising of the 1960s and its unforeseen consequences and his conclusion is this: even the reforms that Americans love best have come with costs that are staggeringly high—in wealth, freedom, and social stability—and that have been spread unevenly among classes and generations. Caldwell reveals the real political turning points of the past half-century, taking you on a roller-coaster ride through Playboy magazine, affirmative action, CB radio, leveraged buyouts, iPhones, Oxycotin, Black Lives Matter, and internet cookies. In doing so, he shows that attempts to redress the injustices of the past have left Americans living under two different ideas of what it means to play by the

rules. Essential, timely, hard to put down, The Age of Entitlement “is an eloquent and bracing book, full of insight” (New York magazine) about how the reforms of the past fifty years gave the country two incompatible political systems—and drove it toward conflict.

This classic rhetoric/ reader/ research guide/ handbook offers the reader a complete course in writing in the rhetorical modes in one comprehensive volume. Includes critical reading/writing; research, readings that serve as models for good writing.

### **One Nation Under God**

For the past three decades, many history professors have allowed their biases to distort the way America’s past is taught. These intellectuals have searched for instances of racism, sexism, and bigotry in our history while downplaying the greatness of America’s patriots and the achievements of “dead white men.” As a result, more emphasis is placed on Harriet Tubman than on George Washington; more about the internment of Japanese Americans during World War II than about D-Day or Iwo Jima; more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin. A Patriot’s History of the United States corrects those doctrinaire biases. In this groundbreaking book, America’s discovery, founding, and development are reexamined with an appreciation for the elements of public virtue, personal liberty, and private property that make this nation uniquely successful. This book offers a long-overdue acknowledgment of America’s true and proud history.

### **Macs For Dummies**

New York Times Bestseller In the most ambitious one-volume American history in decades, award-winning historian and New Yorker writer Jill Lepore offers a magisterial account of the origins and rise of a divided nation, an urgently needed reckoning with the beauty and tragedy of American history. Written in elegiac prose, Lepore's groundbreaking investigation places truth itself—a devotion to facts, proof, and evidence—at the center of the nation's history. The American experiment rests on three ideas—"these truths," Jefferson called them—political equality, natural rights, and the sovereignty of the people. And it rests, too, on a fearless dedication to inquiry, Lepore argues, because self-government depends on it. But has the nation, and democracy itself, delivered on that promise? These Truths tells this uniquely American story, beginning in 1492, asking whether the course of events over more than five centuries has proven the nation's truths, or belied them. To answer that question, Lepore traces the intertwined histories of American politics, law, journalism, and technology, from the colonial town meeting to the nineteenth-century party machine, from talk radio to twenty-first-century Internet polls, from Magna Carta to the Patriot Act, from the printing press to Facebook News. Along the way, Lepore's sovereign chronicle is filled with arresting sketches of both well-known and lesser-known Americans, from a parade of presidents and a rogues' gallery of political mischief makers to the intrepid leaders of protest movements, including Frederick Douglass, the famed abolitionist orator; William Jennings Bryan, the three-time presidential candidate and ultimately tragic populist; Pauli Murray, the visionary civil rights strategist; and Phyllis Schlafly, the uncredited architect of modern conservatism. Americans are descended from slaves and slave owners, from conquerors and the conquered, from immigrants and from people who have fought to end immigration. "A nation born in contradiction will fight forever over the meaning of its history," Lepore writes, but engaging in that struggle by studying the past is part of the work of citizenship. "The past is an inheritance, a gift and a burden," These Truths observes. "It can't be shirked. There's nothing for it but to get to know it."

### **The American Nation**

Water Conservation and Wastewater Treatment in BRICS Nations: Technologies, Challenges, Strategies, and Policies addresses issues of water resources—including combined sewer system overflows—assessing effects on water quality

standards and protecting surface and sub-surface potable water from the intrusion of saline water due to sea level rise. The book's chapters incorporate both policies and practical aspects and serve as baseline information for future adaptation plans in BRICS nations. Users will find detailed important information that is ideal for policymakers, water management specialists, BRICS nation undergraduate or university students, teachers and researchers. Presents tools and techniques that can be used to preserve water resources, including groundwater and surface water Provides geophysical methods to quantitatively monitor physical earth processes associated with water resources, such as contaminant transport and ecological and climate change investigations and monitoring Includes desalination techniques which can solve the issue of scarce drinking water

### **The American Nation**

An award-winning journalist envisions the future of leadership, excellence, and prosperity in Black America with this "urgent and pathbreaking" work (Marc Lamont Hill). Hard-hitting, thought-provoking, and inspiring, *Conversations in Black* offers sage wisdom for navigating race in a radically divisive America and, with help from his mighty team of black intelligentsia, veteran journalist Ed Gordon creates hope and a timeless narrative on what the future of black leadership should look like and how we can get there. In *Conversations in Black*, Gordon brings together some of the most prominent voices in Black America today, including Stacey Abrams, Harry Belafonte, Charlamagne tha God, Michael Eric Dyson, Alicia Garza, Jemele Hill, Iyanla VanZant, Eric Holder, Killer Mike, Angela Rye, Al Sharpton, T.I., and Maxine Waters, and so many more to answer questions about vital topics affecting our nation today, such as: Will the black vote control the 2020 election? Do black lives really matter? After Obama's presidency, are black people better off? Are stereotypical images of people of color changing in Hollywood? How is "Black Girl Magic" changing the face of black America? We are bombarded with media, music, and social media messages that enforce stereotypes of people of color. In this groundbreaking book, Gordon sets out to clarify what black power and excellence really look like -- and shows everyone the way forward into a new age of prosperity and pride.

### **The Soul of America**

"No longer the exclusive province of the far right and far left, anti-semitism finds a home in identity politics and the reaction against identity politics, in the renewal of "America first" isolationism and the rise of one-world socialism. An ancient hatred increasingly allowed into modern political discussion, anti-semitism has been migrating toward the mainstream in dangerous ways, amplified by social media and a culture of conspiracy that threatens us all. This timely book is Weiss's cri de couer: an unnerving reminder that Jews must never lose their hard-won instinct for danger, and a powerful case for renewing Jewish and liberal values to guide us through this uncertain moment. Not just for the sake of America's Jews, but

for the sake of America"--

### **The American Pageant**

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

### **The Broken Heart of America**

The Wheel of Time ® is a PBS Great American Read Selection! Now in development for TV! Since 1990, when Robert Jordan's The Wheel of Time® burst on the world with its first book, The Eye of the World, readers have been anticipating the final scenes of this extraordinary saga, which has sold over forty million copies in over thirty languages. A Memory of Light is the fantastic conclusion to the internationally-bestselling epic fantasy juggernaut. The Wheel of Time turns and Ages come and go, leaving memories that become legend. Legend fades to myth, and even myth is long forgotten when the Age that gave it birth returns again. In the Third Age, an Age of Prophecy, the World and Time themselves hang in the balance. What was, what will be, and what is, may yet fall under the Shadow. When Robert Jordan died in 2007, all feared that these concluding scenes would never be written. But working from notes and partials left by Jordan, established fantasy writer Brandon Sanderson stepped in to complete the masterwork. With The Gathering Storm (Book 12) and Towers of Midnight (Book 13) behind him, both of which were # 1 New York Times hardcover bestsellers, Sanderson now re-creates the vision that Robert Jordan left behind in A Memory of Light. Edited by Jordan's widow, who edited all of Jordan's books, A Memory of Light will delight, enthrall, and deeply satisfy all of Jordan's legions of readers. The Wheel of Time turns, and Ages come and pass. What was, what will be, and what is, may yet fall under the Shadow. Let the Dragon ride again on the winds of time. TV series update: "Sony will produce along with Red Eagle Entertainment and Radar Pictures. Rafe Judkins is attached to write and executive produce. Judkins previously worked on shows such as ABC's "Agents of SHIELD," the Netflix series "Hemlock Grove," and the NBC series "Chuck." Red Eagle partners Rick Selvage and Larry Mondragon will executive produce along with Radar's Ted Field and Mike Weber. Darren Lemke will also executive produce, with Jordan's widow Harriet McDougal serving as consulting producer." —Variety The Wheel of Time® New Spring: The Novel #1 The Eye of the World #2 The Great Hunt #3 The Dragon Reborn #4 The Shadow Rising #5 The Fires of Heaven #6 Lord of Chaos #7 A

### **A Short Guide to Writing about History**

#1 NEW YORK TIMES BESTSELLER • Pulitzer Prize-winning author Jon Meacham helps us understand the present moment in American politics and life by looking back at critical times in our history when hope overcame division and fear. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR • The Christian Science Monitor • Southern Living Our current climate of partisan fury is not new, and in *The Soul of America* Meacham shows us how what Abraham Lincoln called the “better angels of our nature” have repeatedly won the day. Painting surprising portraits of Lincoln and other presidents, including Ulysses S. Grant, Theodore Roosevelt, Woodrow Wilson, Franklin D. Roosevelt, Harry S. Truman, Dwight Eisenhower, and Lyndon B. Johnson, and illuminating the courage of such influential citizen activists as Martin Luther King, Jr., early suffragettes Alice Paul and Carrie Chapman Catt, civil rights pioneers Rosa Parks and John Lewis, First Lady Eleanor Roosevelt, and Army-McCarthy hearings lawyer Joseph N. Welch, Meacham brings vividly to life turning points in American history. He writes about the Civil War, Reconstruction, and the birth of the Lost Cause; the backlash against immigrants in the First World War and the resurgence of the Ku Klux Klan in the 1920s; the fight for women’s rights; the demagoguery of Huey Long and Father Coughlin and the isolationist work of America First in the years before World War II; the anti-Communist witch-hunts led by Senator Joseph McCarthy; and Lyndon Johnson’s crusade against Jim Crow. Each of these dramatic hours in our national life have been shaped by the contest to lead the country to look forward rather than back, to assert hope over fear—a struggle that continues even now. While the American story has not always—or even often—been heroic, we have been sustained by a belief in progress even in the gloomiest of times. In this inspiring book, Meacham reassures us, “The good news is that we have come through such darkness before”—as, time and again, Lincoln’s better angels have found a way to prevail. Praise for *The Soul of America* “Brilliant, fascinating, timely . . . With compelling narratives of past eras of strife and disenchantment, Meacham offers wisdom for our own time.”—Walter Isaacson “Gripping and inspiring, *The Soul of America* is Jon Meacham’s declaration of his faith in America.”—Newsday “Meacham gives readers a long-term perspective on American history and a reason to believe the soul of America is ultimately one of kindness and caring, not rancor and paranoia.”—USA Today

### **Racial and Ethnic Groups**

A searing portrait of the racial dynamics that lie inescapably at the heart of our nation, told through the turbulent history of the city of St. Louis. From Lewis and Clark's 1804 expedition to the 2014 uprising in Ferguson, American history has been made in St. Louis. And as Walter Johnson shows in this searing book, the city exemplifies how imperialism, racism, and capitalism have persistently entwined to corrupt the nation's past. St. Louis was a staging post for Indian removal and imperial expansion, and its wealth grew on the backs of its poor black residents, from slavery through redlining and urban renewal. But it was once also America's most radical city, home to anti-capitalist immigrants, the Civil War's first general emancipation, and the nation's first general strike -- a legacy of resistance that endures. A blistering history of a city's rise and decline, *The Broken Heart of America* will forever change how we think about the United States.

### **American government**

Presents a controversial history of violence which argues that today's world is the most peaceful time in human existence, drawing on psychological insights into intrinsic values that are causing people to condemn violence as an acceptable measure.

### **Crime in the United States 2020**

Essays that consider how classic movies have reflected history include the writings of such noted historians as Paul Fussell, Antonia Fraser, and Gore Vidal

### **Past Imperfect**

Our American Government textbook adheres to the scope and sequence of introductory American government courses nationwide. We have endeavored to make the workings of American Government interesting and accessible to students while maintaining the conceptual coverage and rigor inherent in the subject at the college level. With this objective in mind, the content of this textbook has been developed and arranged to provide a logical progression from the fundamental principles of institutional design at the founding, to avenues of political participation, to thorough coverage of the political structures that constitute American government. The book builds upon what students have already learned and emphasizes connections between topics as well as between theory and applications. The goal of each section is to enable students not just to recognize concepts, but to work with them in ways that will be useful in later courses, future careers, and as engaged citizens. The organization and pedagogical features were developed and vetted with feedback from American government instructors dedicated to the project.

## **These Truths: A History of the United States**

### **Water Conservation and Wastewater Treatment in BRICS Nations**

Crime in the United States contains findings from the Federal Bureau of Investigation (FBI) of the offenses known to law enforcement. This reference is the most comprehensive official compilation of crime statistics in the United States and is an important addition to your library's collection. Since the FBI no longer prints these findings, Bernan Press continues to provide this practical information in convenient book form. In this intricately detailed source, legal and law enforcement professionals, researchers, and those who are just curious will find violent and property crime statistics for the nation as well as for regions, states, counties, cities, towns, and even college and university campuses. Crime in the United States includes statistics for: Offenses known to police Violent crime offenses: murder, forcible rape, robbery, and aggravated assault Property crime offenses: burglary, larceny-theft, motor vehicle theft, and arson Clearance data: crimes solved by police or cleared by exceptional means Persons arrested Police employees: sworn officers and civilian law enforcement personnel Hate crimes with data by offense type, location, bias motivation, victim type, number of victims, and race of offender

Give Us the Ballot tells this story for the first time. In this groundbreaking narrative history, Ari Berman charts both the transformation of American democracy under the VRA and the counterrevolution that has sought to limit voting rights, from 1965 to the present day. The act enfranchised millions of Americans and is widely regarded as the crowning achievement of the civil rights movement. And yet, fifty years later, we are still fighting heated battles over race, representation, and political power, with lawmakers devising new strategies to keep minorities out of the voting booth and with the Supreme Court declaring a key part of the Voting Rights Act unconstitutional. Berman brings the struggle over voting rights to life through meticulous archival research, in-depth interviews with major figures in the debate, and incisive on-the-ground reporting. In vivid prose, he takes the reader from the demonstrations of the civil rights era to the halls of Congress to the chambers of the Supreme Court. At this important moment in history, Give Us the Ballot provides new insight into one of the most vital political and civil rights issues of our time.
