It's bad enough that Echo already has ghosts haunting her 24/7, now her past mistakes want to join the fun and come back to haunt her, too? Moving to Georgia was supposed to be a fresh start. So far, it's turned out to be a fresh start at more chaos. After battling Devourers for the soul of her childhood friend, Echo learns the depth of what her abilities might cost her. She's always been pretty good at failure, which is concerning when the fate of the spiritual world is suddenly in your hands. If that isn't enough pressure already, Echo's personal life is a mess. She and Malachi are both freaked out by her ability to control him and have no idea whether their relationship was ever based on more than their bond as Medium and Keeper. Kyran is keeping his distance from both of them to keep from doing something stupid, things are still tense with her parents, college is proving more than she bargained for, Agent Morton is doubting stability and brings in his son Griffin to help keep her ground-which only causes more problems between her and pretty much everyone, and Echo gets pulled into her first case: a young boy whose mysterious injuries and claims of monsters in his dreams has everyone baffled and terrified of what it might mean if he isn't lying. Oh yeah, and a past mistake Echo thought had already been dealt with is back to settle a score. It can't get much worse than that, right? Except, for Echo, things can always get worse.

Heaven's Peak

Winner of the Pulitzer Prize for Drama and winner of the New York Drama Critics Circle Award for Best Play, this modern American classic is about family, and the legacy of slavery in America. August Wilson has already given the American theater such spell-binding

plays about the black experience in 20th-century America as Ma Rainey's *Black Bottom*, Joe Turner's *Come and Gone*, and the Pulitzer Prize-winning *Fences*. In his second Pulitzer Prize-winner, *The Piano Lesson*, Wilson has fashioned perhaps his most haunting and dramatic work. At the heart of the play stands the ornately carved upright piano which, as the Charles family's prized, hard-won possession, has been gathering dust in the parlor of Berniece Charles's Pittsburgh home. When Boy Willie, Berniece's exuberant brother, bursts into her life with his dream of buying the same Mississippi land that his family had worked as slaves, he plans to sell their antique piano for the hard cash he needs to stake his future. But Berniece refuses to sell, clinging to the piano as a reminder of the history that is their family legacy. This dilemma is the real "piano lesson," reminding us that blacks are often deprived both of the symbols of their past and of opportunity in the present.
