Look Hamlet

A New York Times Editors' Choice: "A mind-bending romp through a gender-fluid, eighteenth century London . . . a joyous mash-up of literary genres shot through with queer theory and awash in sex, crime, and revolution." NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New Yorker * HuffPost * Kirkus Reviews * Shortlisted for the Center for Fiction First Novel Prize * "A dazzling tale of queer romance and resistance."--Time Jack Sheppard and Edgeworth Bess were the most notorious thieves, jailbreakers, and lovers of eighteenth-century London. Yet no one knows the true story; their confessions

have never been found. Until now. Reeling from heartbreak, a scholar named Dr. Voth discovers a long-lost manuscript--a gender-defying exposé of Jack and Bess's adventures. Is *Confessions of the Fox* an authentic autobiography or a hoax? As Dr. Voth is drawn deeper into Jack and Bess's tale of underworld resistance and gender transformation, it becomes clear that their fates are intertwined--and only a miracle will save them all. Writing with the narrative mastery of Sarah Waters and the playful imagination of Nabokov, Jordy Rosenberg is an audacious storyteller of extraordinary talent. Praise for *Confessions of the Fox* "A cunning metafiction of vulpine versatility . . . an action-adventure tale with postmodern flourishes; an academic comedy spliced with period erotica; an intimate meditation on belonging."--Katy Waldman, *The New Yorker* "Confessions of the Fox is so goddamned good. Reading it was like an out-of-body experience. I want to run through the streets screaming about it. It should be in the personal canon of every queer and non-cis person. Read it."--Carmen Maria Machado, National Book Award finalist for *Her Body and Other Parties* "A hat tip to *Moby-Dick* . . . a running footnote hall of mirrors to rival Borges . . . one of the most trenchant calls for progressive action that I have read in a very long time."--*The New York Times Book Review* "An ambitious work of metafiction, a sexy queer love story . . . a bold first novel."--*Entertainment Weekly*

The Hundred Brothers

#1 International Bestseller *The Best Exotic Marigold Hotel* meets *The Italian Job* in internationally-bestselling author Catharina Ingelman-Sundberg's witty and insightful comedy of errors about a group of delinquent seniors whose desire for a better quality of life leads them to rob and ransom priceless artwork. Martha Andersson may be seventy-nine-years-old and live in a retirement home, but that doesn't mean she's ready to stop enjoying life. So when the new management of Diamond House starts cutting corners to save money, Martha and her four closest friends—*The Genius*, *The Rake*, *Christina* and *Anna-Gretta* (a.k.a. *The League of Pensioners*)—won't stand for it. Fed up with early bedtimes and overcooked veggies, this group of feisty seniors sets about to regain their independence, improve their lot, and stand up for seniors everywhere. Their solution? The Girl Who Disappeared Twice

THE GLOBAL BESTSELLER Sitting quietly in his room in an old people's home, Allan Karlsson is waiting for a party he doesn't want to begin. His one-hundredth birthday party to be precise. The Mayor will be there. The press will be there. But, as it turns out, Allan will not . . . Escaping (in his slippers) through his bedroom window, into the flowerbed, Allan makes his getaway. And so begins his picaresque and unlikely journey involving criminals, several murders, a suitcase full of cash, and incompetent police. As his escapades unfold, Allan's earlier life is revealed. A life in which - remarkably - he played a key role behind the scenes in some of the momentous events of the twentieth century. Translated by Roy Bradbury.

The Dying Game

A masterly locked-room mystery set in a near-future Orwellian state—for fans of Margaret Atwood's *The Handmaid's Tale*, Dave Eggers' *The Circle*, and Suzanne Collins' *The Hunger Games* Do you live to play? Or play to live? The year is 2037. The Soviet Union never fell, and much of Europe has been consolidated under the totalitarian Union of Friendship. On the tiny island of Isola, seven people have been selected to compete in a forty-eight-hour test for a top-secret intelligence position. One of them is Anna Francis, a workaholic bureaucrat with a nine-year-old daughter she rarely sees and a secret that haunts her. Her assignment: to stage her own death and then to observe, from her hiding place inside the walls of the house, how the six other candidates react to the news that a murderer is among them. Who will take control? Who will crack under pressure? But then a storm rolls in, the power goes out, and the real game begins. . . . Combining suspense, unexpected twists, psychological gamesmanship, and a sinister dystopian future, *The Dying Game* conjures a world in which one woman is forced to ask, "Can I save my life by staging my death?"

The Invisible Life of Addie LaRue

With a New Introduction by Jonathan Franzen There's Rob, Bob, Tom, Paul, Ralph, and Noah; Nick, Dennis, Bertram, Russell, and Virgil. The doctor, the documentary filmmaker, and the sculptor in burning steal; the eldest, the youngest, and the celebrated "perfect" brother, Benedict. In Donald Antrim's mordantly funny novel *The Hundred Brothers*, our narrator and his colossal fraternity of ninety-eight brothers (one couldn't make it) have assembled in the crumbling library of their family's estate for a little sinister fun. Executed with the invention and intelligence of Barthelme and Pynchon, Antrim's taxonomy of male specimens is in equal proportions disturbing and absurdly hilarious.

The Hundred-Year Mystery

The One Hundred-Year-Old Man Who Climbed Out The Window And Disappeared

One of The Millions and BuzzFeed's Most Anticipated Books A spectacularly inventive debut novel that reinvents the tall tale for our times—"Cuyahoga defies all modest description...[it] is ten feet tall if it's an inch, and it's a ramshackle joy from start to finish" (Brian Phillips, author of Impossible Owls). Big Son is a spirit of the times—the times being 1837. Behind his broad shoulders, shiny hair, and church-organ laugh, Big Son practically made Ohio City all by himself. The feats of this proto-superhero have earned him wonder and whiskey toasts but very little in the way of fortune. And without money, Big cannot become an honest husband to his beloved Cloe (who may or may not want to be his wife, honestly). In pursuit of a steady wage, our hero hits the (dirt) streets of Ohio City and Cleveland, the twin towns racing to become the first great metropolis of the West. Their rivalry reaches a boil over the building of a bridge across the Cuyahoga River—and Big stumbles right into the kettle. The resulting misadventures involve elderly terrorists, infrastructure collapse, steamboat races, wild pigs, and multiple ruined weddings. Narrating this "deliriously fun" (Brian Phillips) tale is Medium Son—known as Meed—apprentice coffin maker, almanac author, orphan, and the younger brother of Big. Meed finds himself swept up in the action, and he is forced to choose between brotherly love and his own ambitions. His uncanny voice—plain but profound, colloquial but surprisingly poetic—elevates a slapstick frontier tale into a screwball origin myth for the Rust Belt. In Cuyahoga, tragedy and farce jumble together in a riotously original voice. Evoking the Greek classics and the Bible alongside nods to Looney Tunes, Charles Portis, and Flannery O'Connor, Pete Beatty has written a rollicking revisionist (mid)Western with universal themes of family and fate—an old, weird America that feels brand new.

Alba the Hundred Year Old Fish

Jonas Jonasson's picaresque tale of how one person's actions can have far-reaching—even global—consequences, written with the same light-hearted satirical voice as his bestselling debut novel, *The 100-Year-Old Man Who Climbed Out the Window and Disappeared*. On June 14th, 2007, the King and Prime Minister of Sweden went missing from a gala banquet at the Royal Castle. Later it was said that both had fallen ill: the truth is different. The real story starts much earlier, in 1961, with the birth of Nombeko Mayeki in a shack in Soweto. Nombeko was fated to grow up fast and die early in her poverty-stricken township. But Nombeko takes a different path. She finds work as a housecleaner and eventually makes her way up to the position of chief advisor, at the helm of one of the world's most secret projects. Here is where the story merges with, then diverges from reality. South Africa developed six nuclear missiles in the 1980s, then voluntarily dismantled them in 1994. This is a story about the seventh missile . . . the one that was never supposed to have existed. Nombeko Mayeki

knows too much about it, and now she's on the run from both the South African justice and the most terrifying secret service in the world. She ends up in Sweden, which has transformed into a nuclear nation, and the fate of the world now lies in Nombeko's hands.

A Man Called Ove

In 1919, this barn was built by townspeople, family, and friends. It has stood for a hundred years and will stand for a hundred more. The barn is a symbol of peace and stability and caring and community. In this joyful celebration of a hundred-year barn, Newbery Medal-winning author Patricia MacLachlan and award-winning artist Kenard Pak spin a tender and timeless story about the simple moments that make up a lifetime.

The Hundred-Year Barn

After a long and eventful life Allan Karlsson is moved to a nursing home to await the inevitable. But his health refuses to fail and as his 100th birthday looms a huge party is planned. Allan wants no part of it and decides to climb out the window Char

The Hundred Year Flood

From the author of the international bestseller *The 100-Year-Old-Man Who Climbed Out the Window and Disappeared*, a brilliant satirical novel set in modern Sweden—a story of idealism and fanaticism, gangsters and entrepreneurs, sensationalism and spirituality, that explores the values that matter in contemporary life. In a former brothel turned low-rent hotel, the lives of three unusual strangers—a former female priest, recently fired from her church; the ruined grandson of an ex-millionaire working as a receptionist; and Killer-Anders, a murderer newly released from prison—accidentally collide with darkly hilarious results. Seeing a lucrative opportunity in Killer-Anders, the unlikely trio form an unusual new business. The Priest and The Receptionist will handle strategy and public relations, and coordinate Killer-Anders' "missions." Using the media's obsessive need for sensational, headline-making stories to advertise their talent's superb "skill," they quickly build a clientele of rich Swedish gangsters. Suddenly, they're making an altogether different kind of killing of their own. But when Killer-Anders begins asking deeper questions about purpose and meaning, his curiosity leads him to an unexpected discovery: he finds Jesus. Desperate to save the money machine they've built, The Priest and The Receptionist devise an audacious plan utilizing Killer-Anders' newfound and decidedly fervent faith. Mischievous yet big-hearted, filled with Jonas Jonasson's trenchant humor and delightful twists, *Hitman Anders and the Meaning of It All* is a delightful comic adventure that reminds us it's never too late to start over—and to discover what truly matters.

The Wrong Heaven

Sherman Sage (ca. 1844?1943) was an unforgettable Arapaho man who witnessed profound change in his community and was one of the last to see the Plains black with buffalo. As a young warrior, Sage defended his band many times, raided

enemy camps, saw the first houses go up in Denver, was present at Fort Laramie for the signing of the 1868 treaty, and witnessed Crazy Horse's surrender. Later, he visited the Ghost Dance prophet Wovoka and became a link in the spread of the Ghost Dance religion to other Plains Indian tribes. As an elder, Old Man Sage was a respected, vigorous leader, walking miles to visit friends and family even in his nineties. One of the most interviewed Native Americans in the Old West, Sage was a wellspring of information for both Arapahos and outsiders about older tribal customs. Anthropologist Jeffrey D. Anderson gathered information about Sage's long life from archives, interviews, recollections, and published sources and has here woven it into a compelling biography. We see different sides of Sage—how he followed a traditional Arapaho life path; what he learned about the Rocky Mountains and Plains; what he saw and did as outsiders invaded the Arapahos' homeland in the nineteenth century; how he adjusted, survived, and guided other Arapahos during the early reservation years; and how his legacy lives on today. The remembrances of Old Man Sage's relatives and descendants of friends make apparent that his vision and guidance were not limited to his lifetime but remain vital today in the Northern Arapaho tribe.

The Hundred-Year Marathon

A #1 international bestseller in the vein of Fredrik Bachman's *A Man Called Ove*: an irresistible, funny, charming, and tender-hearted tale about friendship, love, and an old man who is young at heart. "FUNNY AND FRANKA STORY WITH A GREAT DEAL OF HEART."--Graeme Simsion, New York Times bestselling author of *THE ROSIE PROJECT* Technically speaking, Hendrik Groen is elderly. But at age 83 1/4, this feisty, indomitable curmudgeon has no plans to go out quietly. Bored of weak tea and potted geraniums, exasperated by the indignities of aging, Hendrik has decided to rebel--on his own terms. He begins writing an exposé: secretly recording the antics of day-to-day life in his retirement home, where he refuses to take himself, or his fellow "inmates," too seriously. With an eccentric group of friends he founds the wickedly anarchic Old-But-Not-Dead Club--"Rule #3: No Whining Allowed"--and he and his best friend, Evert, gleefully stir up trouble, enraging the home's humorless director and turning themselves into unlikely heroes. And when a sweet and sassy widow moves in next door, he polishes his shoes, grooms what's left of his hair, and determines to savor every ounce of joy in the time he has left, with hilarious and tender consequences. A bestselling phenomenon that has captured imaginations around the world, *The Secret Diary of Hendrik Groen* is inspiring, charming, and laugh-out-loud funny with a deep and poignant core: a page-turning delight for readers of any age.

Staring Down the Wolf

Old Man's Ghosts

One of the 20th century's enduring works, *One Hundred Years of Solitude* is a widely beloved and acclaimed novel known throughout the world, and the ultimate achievement in a Nobel Prize-winning career. The novel tells the story of the rise and fall of the mythical town of Macondo through the history of the Buendía family. It is a rich and brilliant chronicle of life and death, and the tragicomedy of humankind. In the noble, ridiculous, beautiful, and tawdry story of the Buendía family, one sees all of humanity, just as in the history, myths, growth, and decay of Macondo, one sees all of Latin America. Love and lust, war and revolution, riches and poverty, youth and senility -- the variety of life, the endlessness of death, the search for peace and truth -- these universal themes dominate the novel. Whether he is describing an affair of passion or the voracity of capitalism and the corruption of government, Gabriel García Márquez always writes with the simplicity, ease, and purity that are the mark of a master. Alternately reverential and comical, *One Hundred Years of Solitude* weaves the political, personal, and spiritual to bring a new consciousness to storytelling. Translated into dozens of languages, this stunning work is no less than an accounting of the history of the human race.

The Happiest Man on Earth

The hysterical, clever, and unforgettable sequel to Jonas Jonasson's international bestseller *The Hundred-Year-Old Man Who Climbed Out of the Window and Disappeared*. He's back. Even older. Even funnier. It all begins with a hot air balloon trip and three bottles of champagne. Allan and Julius are ready for some spectacular views, but they're not expecting to land in the sea and be rescued by a North Korean ship, and they could never have imagined that the captain of the ship would be harboring a suitcase full of contraband uranium, on a nuclear weapons mission for Kim Jong-un. Yikes! Soon Allan and Julius are at the center of a complex diplomatic crisis involving world figures from the Swedish foreign minister to Angela Merkel and President Trump. Needless to say, things are about to get very, very complicated. Another hilarious, witty, and entertaining novel from bestselling author Jonas Jonasson that will have readers howling out-loud at the escapades and misfortunes of its beloved hundred-year-old hero Allan Karlsson and his irresistible sidekick Julius.

The Deal of a Lifetime

The Sunday Times Top Ten Bestseller 'A truly fascinating - if unnerving - read' The Telegraph 'We can all benefit from Critchlow's book' New Scientist 'Acute, mind-opening, highly accessible - this book doesn't just explain how our lives might pan out, it helps us live better' Bettany Hughes 'A humane and highly readable account of the neuroscience that underpins our ideas of free will and fate' Professor David Runciman So many of us believe that we are free to shape our own destiny. But what if free will doesn't exist? What if our lives are largely predetermined, hardwired in our brains - and our choices over what we eat, who we fall in love with, even what we believe are not real choices at all? Neuroscience is challenging everything we think we know about ourselves, revealing how we make decisions and form our own reality, unaware of the role of our unconscious minds. Did you know, for example, that: * You can carry anxieties and phobias across generations of your family? * Your genes and pleasure and reward receptors in your brain will determine how much you eat? * We can sniff out ideal partners with genes that give our offspring the best chance of survival? Leading neuroscientist Hannah Critchlow draws vividly from everyday life and other experts in their field to show the extraordinary potential, as well as dangers, which come with being able to predict our likely futures - and looking at how we can alter what's in store for us. Lucid, illuminating, awe-inspiring The Science of Fate revolutionises our understanding of who we are - and empowers us to help shape a better future for ourselves and the wider world.

James and the Giant Peach

One of the U.S. government's leading China experts reveals the hidden strategy fueling that country's rise – and how Americans have been seduced into helping China overtake us as the world's leading superpower. For more than forty years, the United States has played an indispensable role helping the Chinese government build a booming economy, develop its scientific and military capabilities, and take its place on the world stage, in the belief that China's rise will bring us cooperation, diplomacy, and free trade. But what if the "China Dream" is to replace us, just as America replaced the British Empire, without firing a shot? Based on interviews with Chinese defectors and newly declassified, previously undisclosed national security documents, *The Hundred-Year Marathon* reveals China's secret strategy to supplant the United States as the world's dominant power, and to do so by 2049, the one-hundredth anniversary of the founding of the People's Republic. Michael Pillsbury, a fluent Mandarin speaker who has served in senior national security positions in the U.S. government since the days of Richard Nixon and Henry Kissinger, draws on his decades of contact with the "hawks" in China's military and intelligence agencies and translates their documents, speeches, and books to show how the teachings of traditional Chinese statecraft underpin their actions. He offers an inside look at how the Chinese really view America and its leaders – as barbarians who will be the architects of their own demise. Pillsbury also explains how the U.S. government has helped – sometimes unwittingly and sometimes deliberately – to make this "China Dream" come true, and he calls for the United

States to implement a new, more competitive strategy toward China as it really is, and not as we might wish it to be. The Hundred-Year Marathon is a wake-up call as we face the greatest national security challenge of the twenty-first century.

Hitman Anders and the Meaning of It All

A hilarious, darkly comic graphic retelling of Shakespeare's *Hamlet* in radically condensed prose by legendary Swedish children's author Barbro Lindgren and illustrator Anna Höglund. Look *Hamlet*. Hamlet not happy. Hamlet's mommy dumb. Hamlet's daddy dead. So begins this wonderfully strange, dark, and hilarious picture book version of Shakespeare's greatest tragedy boiled down to its smallest possible size: 100 words, give or take, and fifteen etchings that look like the lovechild of Beatrix Potter and Edward Gorey. In our despondent antihero, a lop-eared bunny Hamlet with handbag in tow, is somehow embodied all the tremendous pathos of Shakespeare's Danish Prince. And in legendary Swedish children's author Barbro Lindgren's pithy prose resides the poetry of the original, reworked for the era of memes and short attention spans. Bold and brilliant, irreverent and humane, *Look Hamlet* is the perfect irreverent gift for Shakespeare readers of all ages. As the Bard himself wrote: "brevity is the soul of wit."

Meet Ove. He's a curmudgeon--the kind of man who points at people he dislikes as if they were burglars caught outside his bedroom window. He has staunch principles, strict routines, and a short fuse. People call him "the bitter neighbor from hell." But must Ove be bitter just because he doesn't walk around with a smile plastered to his face all the time? Behind the cranky exterior there is a story and a sadness. So when one November morning a chatty young couple with two chatty young daughters move in next door and accidentally flatten Ove's mailbox, it is the lead-in to a comical and heartwarming tale of unkempt cats, unexpected friendship, and the ancient art of backing up a U-Haul. All of which will change one cranky old man and a local residents' association to their very foundations. The acclaimed New York Times bestselling author returns with a new stand-alone novel—a powerful and utterly riveting tale that skillfully moves between past and present to explore the lasting effects of crime on a victim's life. I'd Know You Anywhere Eliza Benedict cherishes her peaceful, ordinary suburban life with her successful husband and children, thirteen-year-old Iso and eight-year-old Albie. But her tranquillity is shattered when she receives a letter from the last person she ever expects—or wants—to hear from: Walter Bowman. There was your photo, in a magazine. Of course, you are older now. Still, I'd know you anywhere. In the summer of 1985, when she was fifteen, Eliza was kidnapped by Walter and held hostage for almost six weeks. He had killed at least one girl and Eliza always suspected he had other victims as well. Now on death row in Virginia for the rape and murder of his final victim, Walter seems to be making a heartfelt act of contrition as his

execution nears. Though Eliza wants nothing to do with him, she's never forgotten that Walter was most unpredictable when ignored. Desperate to shelter her children from this undisclosed trauma in her past, she cautiously makes contact with Walter. She's always wondered why Walter let her live, and perhaps now he'll tell her—and share the truth about his other victims. Yet as Walter presses her for more and deeper contact, it becomes clear that he is after something greater than forgiveness. He wants Eliza to remember what really happened that long-ago summer. He wants her to save his life. And Eliza, who has worked hard for her comfortable, cocooned life, will do anything to protect it—even if it means finally facing the events of that horrifying summer and the terrible truth she's kept buried inside. An edgy, utterly gripping tale of psychological manipulation that will leave readers racing to the final page, *I'd Know You Anywhere* is a virtuoso performance from acclaimed, award-winning author Laura Lippman that is sure to be her biggest hit yet.

The Science of Fate

Life can be beautiful if you make it beautiful. It is up to you. Eddie Jaku always considered himself a German first, a Jew second. He was proud of his country. But all of that changed on 9 November 1938, when he was beaten, arrested and taken to a concentration camp. Over the next seven years, Eddie faced unimaginable horrors every day, first in Buchenwald, then in Auschwitz, then on the Nazi death march. He lost family, friends, his country. Because he survived, Eddie made the vow to smile every day. He pays tribute to those who were lost by telling his story, sharing his wisdom and living his best possible life. For women, understanding how the brain works during the key stages of life - in utero, childhood, puberty and adolescence, pregnancy and motherhood, menopause and old age - is essential to their health. Dr Sarah McKay is a neuroscientist who knows everything worth knowing about women's brains, and shares it in this fascinating, essential book. Dr McKay give insights into brain development during infancy, childhood and the teenage years (including the onset of puberty) and also takes a look at mental health as well as the ageing brain.
