description has not been authorized by Pseudonymous Bosch. As much as he'd love to sing the praises of his book (he is very vain), he wouldn't want you to hear about his brave 11-year old heroes, Cass and Max-Ernest. Or about how a mysterious box of vials, the Symphony of Smells, sends them on the trail of a magician who has vanished under strange (and stinky) circumstances. And he certainly wouldn't want you to know about the hair-raising adventures that follow and the nefarious villains they face. You see, not only is the name of this book secret, the story inside is, too. For it concerns a secret. A Big Secret.

In the Name of Science

This exhaustively researched reference book explores the origins and meanings of the most common names in the language, bringing together fascinating information on the numerology, astrology, gem stones, and herb science surrounding our names. Original.

Destroy this Book in the Name of Science

A NEW YORK TIMES BESTSELLER Know My Name is a gut-punch, and in the end, somehow, also blessedly hopeful. --Washington Post Universally acclaimed, rapturously reviewed, and an instant New York Times bestseller, Chanel Miller's breathtaking memoir gives readers the privilege of knowing her not just as Emily Doe, but as Chanel Miller the writer, the artist, the survivor, the fighter. (The Wrap). Her story of trauma and transcendence illuminates a culture biased to protect perpetrators, indicting a criminal justice system designed to fail the most vulnerable, and, ultimately, shining with the courage required to move through suffering and live a full and beautiful life. Know My Name will forever transform the way we think about sexual assault, challenging our beliefs about what is acceptable and speaking truth to the tumultuous reality of healing. Entwining pain, resilience, and humor, this memoir will stand as a modern classic.

In the Name of the Nation

Discovering an ancient text that reveals for every generation thirty-six secret individuals whose lives affect the fate of the world, professor David Shepherd is horrified to learn that all but three of the current generation's Hidden Ones have met unnatural deaths that sparked brutal wars and terror attacks. Reprint.

The Names of Plants

New York Times bestseller Maureen Johnson takes on Jack the Ripper in this captivating paranormal thriller! The day that Louisiana teenager Rory Deveaux arrives in London to start a new life at boarding school is also the day a series of brutal murders breaks out over the city, killings mimicking the horrific Jack the Ripper spree of more than a century ago. Soon "Rippermania" takes hold of modern-day London, and the police are left with few leads and no witnesses. Except one. Rory spotted the man police believe to be the prime suspect. But she is the only one who saw him--the only one who can see him. And now Rory has become his next target. In this edge-of-your-seat thriller, full of suspense, humor, and romance, Rory will learn the truth about the secret ghost police of London and discover her own shocking abilities.

The Book of Lost Names

"Everything epic fantasy should be: rich, cruel, gorgeous, brilliant, enthralling and deeply, deeply satisfying. I loved it."—Lev Grossman on *The Ruin of Kings* You can have everything you want if you sacrifice everything you believe. Kihrin D'Mon is a wanted man. Since he destroyed the Stone of Shackles and set demons free across Quur, he has been on the run from the wrath of an entire empire. His attempt to escape brings him into the path of Janel Theranon, a mysterious Joratese woman who claims to know Kihrin. Janel's plea for help pits Kihrin against all manner of dangers: a secret rebellion, a dragon capable of destroying an entire city, and

Kihrin's old enemy, the wizard Relos Var. Janel believes that Relos Var possesses one of the most powerful artifacts in the world—the Cornerstone called the Name of All Things. And if Janel is right, then there may be nothing in the world that can stop Relos Var from getting what he wants. And what he wants is Kihrin D'Mon. Jenn Lyons continues the Chorus of Dragons series with *The Name of All Things*, the epic sequel to *The Ruin of Kings* *A Chorus of Dragons* 1: *The Ruin of Kings* 2: *The Name of All Things* 3: *The Memory of Souls* At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

A Man by the Name of Ziegler

Fair, witty appraisal of cranks, quacks, and quackeries of science and pseudoscience: hollow earth, Velikovsky, orgone energy, Dianetics, flying saucers, Bridey Murphy, food and medical fads, and much more.

In the Name of Peace

THE DAYS BETWEEN Christmas and New Year's Eve are dead days, when spirits roam and magic shifts restlessly just beneath the surface of our lives. A magician called Valerian must save his own life within those few days or pay the price for the pact he made with evil so many years ago. But alchemy and sorcery are no match

against the demonic power pursuing him. Helping him is his servant, Boy, a child with no name and no past. The quick-witted orphan girl, Willow, is with them as they dig in death fields at midnight, and as they are swept into the sprawling blackness of a subterranean city on a journey from which there is no escape. Praise for *The Book of Dead Days*: “Beautifully paced and sometimes blood-soaked. . . . A very tangible sense of evil.”—*The Guardian* “Subtle menace and power.”—*The Independent* “Packed with drama, mystery, and intrigue.”—*The Bookseller*

The Name of this Book is Dogme95

Science, as Andrew Goliszek proves in this compendious, chilling, and eye-opening book, has always had its dark side. Behind the bright promise of life-saving vaccines and life-enhancing technologies lies the true cost of the efforts to develop them. Knowledge has a price; often that price has been human suffering. The ethical limits governing use of the human body in experimentation have been breached, redefined, and breached again---from the moment the first plague-ridden corpse was heaved over the fortifications of a besieged medieval city to the use of cutting-edge gene therapy today. Those limits are in constant need of redefinition, for the goals and the techniques have become both more refined and more secretive. The German and Japanese human experiments of the 1930s and 1940s horrified the world when they came to light. These barbaric exercises in pseudoscience grew out of assumptions of racial superiority. The subjects were

deemed subhuman; ordinary guidelines could therefore be suspended. What has happened in the decades since World War II has differed only in degree. Explicitly or implicitly, any organization or government that undertakes or sponsors scientific research applies some measure of human worth. Experimentation rests upon an equation that balances suffering against gain, the good of the collective against the rights of the individual, and the risk of unknown consequences against the rewards of scientific discovery. Everything depends upon who makes that equation. The sobering and gripping accumulation of evidence in this book proves exactly what has been justified in the name of science. The science of "eugenics" justified enforced sterilization. The need to gain an upper hand in the Cold War justified CIA experiments involving mind control and drugs. The desperate race to control nuclear proliferation was used to justify radiation experiments whose effects are still being felt today. Chemical warfare, gene therapy, molecular medicine: These subjects dominate headlines and even direct our government's foreign policy, yet the whole truth about the experimentation behind them has never been made public. Though not a cheering book, *In the Name of Science* is a crucially important one, and it deserves a wide audience. A biologist by training, Goliszek presents each topic clearly and explains fully its significance and implications. Connecting the history of scientific experimentation through time with the topics that are likely to dominate the future, he has performed an invaluable service. No other book on the market provides the research included here, or presents it with such persuasive force.

I Can't Remember the Name of this Book

Perfect for inquisitive children who love to have fun, there are a dozen press-out projects to create in this book, demonstrating some of the best bits of maths. Projects include fiery flexagons, mathemagical card tricks and mind-bending Möbius strips. There are also lots of fascinating facts, colouring and doodling activities that will keep children busy for hours (all in the name of maths, of course).

Fads and Fallacies in the Name of Science

Inspired by the #SayHerName campaign launched by the African American Policy Forum, these poems pay tribute to victims of police brutality as well as the activists insisting that Black Lives Matter. Elliott engages poets from the past two centuries to create a chorus of voices celebrating the creativity, resilience, and courage of Black women and girls. This collection features forty-nine powerful poems, four of which are tribute poems inspired by the works of Lucille Clifton, Audre Lorde, Nikki Giovanni, and Phillis Wheatley. This provocative collection will move every reader to reflect, respond-and act.

Understanding YHWH

This book unlocks the Jewish theology of YHWH in three central stages of Jewish thought: the Hebrew bible, rabbinic literature, and medieval philosophy and mysticism. Providing a single conceptual key adapted from the philosophical debate on proper names, the book paints a dynamic picture of YHWH's meanings over a spectrum of periods and genres, portraying an evolving interaction between two theological motivations: the wish to speak about God and the wish to speak to Him. Through this investigation, the book shows how Jews interpreted God's name in attempt to map the human-God relation, and to determine the measure of possibility for believers to realize a divine presence in their midst, through language.

Murder in the Name of Allah

Joy, peace, and power---these are only some of the gifts promised to those who trust in the name of the Lord. Praying the Names of Jesus will lead you into a richer and more rewarding relationship with Christ by helping you to understand and to pray his names on a daily basis. Prince of Peace, Lamb of God, Bread of Life, Immanuel through his names and titles you will come to understand more fully how Jesus reveals God's heart to you. Praying the Names of Jesus focuses on twenty-six of Jesus' most prominent names and titles to provide six months' worth of devotions. Each week provides a unique devotional program designed for personal prayer and study or for use in small groups. Praying the Names of Jesus is the

companion volume to the bestselling *Praying the Names of God*. In ways both surprising and profound, it reveals a rich portrait of Jesus that can move you toward a deeper experience of his goodness and love.

Say Her Name

"A professor of forensic anthropology, James Donovan is the reasonable sibling among the passionate, impulsive Donovans. But there's nothing reasonable about his reaction to baker Gracie Roberts. She's all wild curls and mouth-watering curves, as deliciously tempting as the sugary treats she's famous for--and twice as irritating. But before long, James decides that getting a taste of her is one indulgence he can't pass up"--Page 4 of cover.

Know My Name

NAME YOUR BUSINESS. TELL YOUR STORY. Advertising and marketing masters from Ogilvy to Godin have proven the value of words when it comes to building a brand, attracting an audience, and making a sale. In our increasingly crowded and noisy world, a name is the foundation of every product, brand, or business—and it needs to stand out. In *The Naming Book*, Bullhorn Creative founder and partner Brad Flowers presents a clear framework for crafting and choosing the name that

sticks. With a five-step blueprint that takes you from brainstorming to trademarking, this book is the ultimate guidebook to naming anything. You'll learn how to: Set clear goals for your name and brand before you start Craft a brainstorming list based on your business mission Build a brand unique to you by creating your own word Find the balance between "cool" and clear Narrow down your list of names with five easy tests

The Name of this Book is Secret

A spectre is haunting world cinema - the spectre of a Danish 'new wave' led by mercurial director Lars Von Trier. In 1995, when Von Trier and three comrades issued a 10-point 'Vow of Chastity' for the making of simpler, more truthful movies, cynics in the film business refused to take it seriously. Five years on, the international success of the raw, uncompromising 'Dogme95' films - Festen, The Idiots, Mifune, The King is Alive - has fired a volley of shots across the bows of a staid and bloated industry. Richard Kelly's investigation of the Dogme95 movement is a piece of 'gonzo journalism' in which Kelly sallies forth in search of the Dogme brothers and their accomplices, seeking to hammer out the truth from the lies in this austere and anarchic piece of cinematic mischief.

The Name of the Game

In the Name of the Children

A collection of true crime cases includes the case of Jerry Harris, a self-made millionaire whose disappearance prompted his wife's eight-year search for answers

The Book of Dead Days

"The voice that narrates *In the Name of the Children: An F.B.I. Agent's Relentless Pursuit of the Nation's Worst Predators*, which Rinek wrote with the journalist Marilee Strong, sounds warm and humane, qualities missing from much crime writing. Their book is a professional job, filled with illuminating details about the day-to-day operations of the bureau." —New York Times Book Review FBI Special Agent Jeff Rinek had a gift for getting child predators to confess. All he had to do was share a piece of his soul . . . *In the Name of the Children* gives an unflinching look at what it's like to fight a never-ending battle against an enemy far more insidious than terrorists: the predators, lurking amongst us, who seek to harm our children. During his 30-year career with the FBI, Jeff Rinek worked hundreds of investigations involving crimes against children: from stranger abduction to serial homicide to ritualized sexual abuse. Those who do this kind of work are required to plumb the depths of human depravity, to see things no one should ever have to

see—and once seen can never forget. There is no more important—or more brutal—job in law enforcement, and few have been more successful than Rinek at solving these sort of cases. Most famously, Rinek got Cary Stayner to confess to all four of the killings known as the Yosemite Park Murders, an accomplishment made more extraordinary by the fact that the FBI nearly pinned the crimes on the wrong suspects. Rinek's recounting of the confession and what he learned about Stayner provides perhaps the most revelatory look ever inside the psyche of a serial killer and a privileged glimpse into the art of interrogation. In *The Name of the Children* takes readers into the trenches of real-time investigations where every second counts and any wrong decision or overlooked fact can have tragic repercussions. Rinek offers an insider's perspective of the actual case agents and street detectives who are the boots on the ground in this war at home. By placing us inside the heart and mind of a rigorously honest and remarkably self-reflective investigator, we will see with our own eyes what it takes—and what it costs—to try to keep our children safe and to bring to justice those who prey on society's most vulnerable victims. With each chapter dedicated to a real case he worked, *In the Name of the Children* also explores the evolution of Rinek as a Special Agent—whose unorthodox, empathy-based approach to interviewing suspects made him extraordinarily successful in obtaining confessions—and the toll it took to have such intimate contact with child molesters and murderers. Beyond exploring the devastating impact of these unthinkable crimes on the victims and their families, this book offers an unprecedented look at how investigators and

their loved ones cope while living in the specter of so much suffering.

The Names

This book is a reference for botanists and horticulturalists, including an historic account of names and a comprehensive glossary.

If You're Reading This, It's Too Late

Inspired by an astonishing true story from World War II, a young woman with a talent for forgery helps hundreds of Jewish children flee the Nazis in this unforgettable historical novel from the international bestselling author of the “epic and heart-wrenching World War II tale” (Alyson Noel, #1 New York Times bestselling author) *The Winemaker’s Wife*. Eva Traube Abrams, a semi-retired librarian in Florida, is shelving books one morning when her eyes lock on a photograph in a magazine lying open nearby. She freezes; it’s an image of a book she hasn’t seen in sixty-five years—a book she recognizes as *The Book of Lost Names*. The accompanying article discusses the looting of libraries by the Nazis across Europe during World War II—an experience Eva remembers well—and the search to reunite people with the texts taken from them so long ago. The book in the photograph, an eighteenth-century religious text thought to have been taken

from France in the waning days of the war, is one of the most fascinating cases. Now housed in Berlin's Zentral- und Landesbibliothek library, it appears to contain some sort of code, but researchers don't know where it came from—or what the code means. Only Eva holds the answer—but will she have the strength to revisit old memories and help reunite those lost during the war? As a graduate student in 1942, Eva was forced to flee Paris after the arrest of her father, a Polish Jew. Finding refuge in a small mountain town in the Free Zone, she begins forging identity documents for Jewish children fleeing to neutral Switzerland. But erasing people comes with a price, and along with a mysterious, handsome forger named Rémy, Eva decides she must find a way to preserve the real names of the children who are too young to remember who they really are. The records they keep in *The Book of Lost Names* will become even more vital when the resistance cell they work for is betrayed and Rémy disappears. An engaging and evocative novel reminiscent of *The Lost Girls of Paris* and *The Alice Network*, *The Book of Lost Names* is a testament to the resilience of the human spirit and the power of bravery and love in the face of evil.

What's in a Name?

Orig. pub.: New York: Simon & Schuster, c1978.

Destroy This Book in the Name of Maths: Pythagoras Edition

What Is the Name of This Book?

This book deconstructs the equation of nationalism with the extreme right in Russia. Nationalism now extends throughout all of the country and can not be seen as a phenomenon confined to the margins of society. This study rejects the interpretation that understands Kremlin-backed patriotism as simply part of a fascist trend in Russia and as a rapprochement between the political authorities and the extreme right. A simplistic analysis of such a paradoxical phenomenon addresses neither the basic issue of social consensus nor that of the inherent relationship between national identity and citizenship.

The Name of the Rose

I don't know how you got here but this page isn't for you. This is an extremely dangerous book with a very deadly secret. It is an alarming account of two extraordinary adventurers, a missing magician's diary, a symphony of smells and a deadly secret. different types of readers will thoroughly enjoy this tale including fans of Anthony Horowitz and Lemony Snicket. The book is an interesting read where many types of emotions overwhelm you such as horror, grief, mystery, anxiety the lot. Mixed with a hint of sweet satisfaction that you have finally read the story. I honestly do not know how I lived without reading the book - it baffles me." - Guardian Children's Books Shortlisted Bedfordshire Children's Book of the Year Award 2009, selected for the Premier League Reading Stars programme

This Isn't What It Looks Like

Traces the history of this popular new wave band, discusses each of their recordings, and explains how their music has evolved

In the Name of the Family

Murder in the Name of Allah is the first translation into English of Mazhab Ke Nam Per Khoon, a re-affirmation of the basic tenets of Islam. Hardly a day passes on which an Islamic event does not make headlines. The president of a Muslim country is assassinated by the supporters of Muslim brotherhood; a European journalist is taken hostage by Islamic Jihad; a Pan-American aircraft is hijacked by another Muslim group; American university professors are taken into custody by

Hezbollah; Two passenger carrying airplanes were slammed in to world trade center. The glare of 'Islamic' revolution in Iran is reflected through the flares of every gulf oil refinery. This book is a reminder that the purpose of any religion is the spread of peace, tolerance and understanding. It argues that the meaning of Islam—submission to the will of God—has been steadily corrupted by minority elements in the community. Instead of spreading peace, the religion has been abused by fanatics and made an excuse for violence and the spread of terror, both inside and outside the faith. In confirming the true spirit of Islam, it makes the point to followers of all religions that the future of mankind depends on the intrinsic values of love, tolerance, and freedom of conscience and of belief.

The Name of the Wind

Baby-naming has become an art form with parents today, but where do parents go to find names and their meanings? The Name Book offers particular inspiration to those who want more than just a list of popular names. From Aaron to Zoe, this useful book includes the cultural origin, the literal meaning, and the spiritual significance of more than 10,000 names. An appropriate verse of Scripture accompanies each name, offering parents a special way to bless their children.

Hello, My Name Is Awesome

Every year, 6 million companies and more than 100,000 products are launched. They all need an awesome name, but many (such as Xobni, Svbtle, and Doostang) look like the results of a drunken Scrabble game. In this entertaining and engaging book, ace naming consultant Alexandra Watkins explains how anyone—even noncreative types—can create memorable and buzz-worthy brand names. No degree in linguistics required. The heart of the book is Watkins's proven SMILE and SCRATCH Test—two acronyms for what makes or breaks a name. She also provides up-to-date advice, like how to make sure that Siri spells your name correctly and how to nab an available domain name. And you'll see dozens of examples—the good, the bad, and the “so bad she gave them an award.” Alexandra Watkins is not afraid to name names.

The Name of Death

Set against the backdrop of a lush and exotic Greece, *The Names* is considered the book which began to drive "sharply upward the size of his readership" (Los Angeles Times Book Review). Among the cast of DeLillo's bizarre yet fully realized characters in *The Names* are Kathryn, the narrator's estranged wife; their son, the six-year-old novelist; Owen, the scientist; and the neurotic narrator obsessed with his own neuroses. A thriller, a mystery, and still a moving examination of family, loss, and the amorphous and magical potential of language itself, *The Names* stands with any of DeLillo's more recent and highly acclaimed works. "The Names

not only accurately reflects a portion of our contemporary world but, more importantly, creates an original world of its own."--Chicago Sun-Times "DeLillo sifts experience through simultaneous grids of science and poetry, analysis and clear sight, to make a high-wire prose that is voluptuously stark."--Village Voice Literary Supplement "DeLillo verbally examines every state of consciousness from eroticism to tourism, from the idea of America as conceived by the rest of the world to the idea of the rest of the world as conceived by America, from mysticism to fanaticism."--New York Times

The Name of the Star

The powerful true-life story of a Brazilian boy who could have been a fisherman but instead became the biggest professional killer known to the world--soon to be a major motion picture. Julio Santana as seen through the eyes of acclaimed investigative reporter Klester Cavalcanti is not a monster--he is a loyal son, a family man, a devout Christian who is tormented by his conscience with every shot. But in a cruel and lawless area of Brazil, where every life has its price, respect for life is a luxury that he can't afford. Trained by his uncle, an assassin, and initiated in murder at 17 years of age, Santana proved to be a natural. Without moralizing about mass murderer, The Name of Death attempts to show how such a career can be not so very different from other ordinary working lives. The portrait that emerges in this riveting narrative, based on seven years of phone

conversations between Cavalcanti and Santana, is not only that of a man but also that of a country. Describing in detail only a handful of the almost 500 murders Santana carried out, Cavalcanti reveals just how lawless much of the interior of Brazil has been for the past 50 years. The state, the police, and the security forces play almost no part in establishing the rule of law--except when they are suppressing the guerrilla threat of the early 1970s. Cavalcanti shows just how easy it is for a boy like Julio to take the law into his own hands, and what a wild place Brazil has been and in many ways continues to be. The Name of Death is being adapted into a major motion picture produced by Fernando Meirelles (director of City of God, Blindness, and The Constant Gardener) and Globo Filmes, for release in Brazil in July 2017 and distribution in the U.S. the following year.

The Book of Names

The Naming Book

Before the Corleones, before the Lannisters, there were the Borgias. One of history's notorious families comes to life in a captivating novel from the author of The Birth of Venus. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY COSMOPOLITAN (UK) AND THE TIMES (UK) "In the end, what's a historical novelist's

obligation to the dead? Accuracy? Empathy? Justice? Or is it only to make them live again? Dunant pays these debts with a passion that makes me want to go straight out and read all her other books.”—Diana Gabaldon, *The Washington Post*

Bestselling novelist Sarah Dunant has long been drawn to the high drama of Renaissance Italy: power, passion, beauty, brutality, and the ties of blood. With *In the Name of the Family*, she offers a thrilling exploration of the House of Borgia’s final years, in the company of a young diplomat named Niccolò Machiavelli. It is 1502 and Rodrigo Borgia, a self-confessed womanizer and master of political corruption, is now on the papal throne as Alexander VI. His daughter Lucrezia, aged twenty-two—already three times married and a pawn in her father’s plans—is discovering her own power. And then there is his son Cesare Borgia, brilliant, ruthless, and increasingly unstable; it is his relationship with Machiavelli that gives the Florentine diplomat a master class in the dark arts of power and politics. What Machiavelli learns will go on to inform his great work of modern politics, *The Prince*. But while the pope rails against old age and his son’s increasingly erratic behavior, it is Lucrezia who must navigate the treacherous court of Urbino, her new home, and another challenging marriage to create her own place in history. Sarah Dunant again employs her remarkable gifts as a storyteller to bring to life the passionate men and women of the Borgia family, as well as the ever-compelling figure of Machiavelli, through whom the reader will experience one of the most fascinating—and doomed—dynasties of all time. “Enthralling . . . combines flawless historical scholarship with beguiling storytelling.”—*The Guardian* “Renaissance-rich

Access Free The Name Of This Book Is Secret 1 Pseudonymous Bosch

details fill out the humanity of the Borgias, rendering them into the kind of relatable figures whom we would hope to discover behind the cold brilliance of The Prince.”—NPR “[Dunant] has an enviable command of this complex political scene, with its shifting alliances and subtle betrayals. . . . [She] has a special gift for attending to her female characters.”—The New York Times

The Name Book

Beware! Dangerous secrets lie between the pages of this book. OK, I warned you. But if you think I'll give anything away, or tell you that this is the sequel to my first literary endeavor, *The Name of This Book is Secret*, you're wrong. I'm not going to remind you of how we last left our heroes, Cass and Max-Ernest, as they awaited initiation into the mysterious Terces Society, or the ongoing fight against the evil Dr. L and Ms. Mauvais. I certainly won't be telling you about how the kids stumble upon the Museum of Magic, where they finally meet the amazing Pietro! Oh, blast! I've done it again. Well, at least I didn't tell you about the missing Sound Prism, the nefarious Lord Pharaoh, or the mysterious creature born in a bottle over 500 years ago, the key to the biggest secret of all. I really can't help myself, now can I? Let's face it - if you're reading this, it's too late.

The Name of All Things

Access Free The Name Of This Book Is Secret 1 Pseudonymous Bosch

WARNING! Appearances can be deceptive This book is NOT filled with ancient magic, mystical clairvoyants and the marvels of time travel. This is NOT a book detailing the latest top secret investigations of the Terces Society. You will NOT find stolen treasure, masked bandits and bloodthirsty knights between the pages of this book. But before you go, just remember one thing This Isn't What It Looks Like. The utterly gripping fourth fantastic book in the "Secret" series in which Cass's mind has been transported back to medieval England after she dared to taste the Midnight Sun's deadly chocolate. She must seek out her ancient ancestor and founder of the Terces Society, the jester, and help him escape the evil clutches of Lord Pharaoh, founder of the Midnight Sun. To Cass's horror, when she wakes from her coma she has forgotten everything. But a school trip to a medieval fair stirs her memories and she is confronted with a menacing blast from her time-travelling past "The crazy, upside-down, inside-out, mysterious, madcap and fun, fun, fun Pseudonymous Bosch is back with another extraordinary, out-of-this-world chapter in his seriously addictive children's 'Secret Series'. Bursting out all over with comic characters and intriguing adventures, this is top-class entertainment for kids aged 10 and over, combining comical capers with old-fashioned mystery, sparkling adventure and lashings of Bosch's zany humour." - Lancashire Evening Post

The Name of this Book is Talking Heads

Always Get the Name of the Dog is a guide to journalistic interviewing, written by a journalist, for journalists. It features advice from some of the best writers and reporters in the business, and takes a comprehensive view of media interviewing across multiple platforms, while emphasizing active learning to give readers actionable steps to become great media interviewers. Through real scenarios and examples, this text takes future journalists through the steps of the interview, from research to source identification to question development and beyond. Whether you are a journalism student or an experienced reporter looking to sharpen your skills, this text can help make sure you get all you need from every interview you conduct.

Praying the Names of Jesus

In 1327, Brother William of Baskerville is sent to investigate charges of heresy against Franciscan monks at a wealthy Italian abbey but finds his mission overshadowed by seven bizarre murders.

Names of God

'This is a magnificent book' Anne McCaffrey 'I was reminded of Ursula K. Le Guin, George R. R. Martin, and J. R. R. Tolkein, but never felt that Rothfuss was imitating

anyone' THE TIMES 'I have stolen princesses back from sleeping barrow kings. I burned down the town of Trebon. I have spent the night with Felurian and left with both my sanity and my life. I was expelled from the University at a younger age than most people are allowed in. I tread paths by moonlight that others fear to speak of during day. I have talked to Gods, loved women, and written songs that make the minstrels weep. My name is Kvothe. You may have heard of me' So begins the tale of Kvothe - currently known as Kote, the unassuming innkeeper - from his childhood in a troupe of traveling players, through his years spent as a near-feral orphan in a crime-riddled city, to his daringly brazen yet successful bid to enter a difficult and dangerous school of magic. In these pages you will come to know Kvothe the notorious magician, the accomplished thief, the masterful musician, the dragon-slayer, the legend-hunter, the lover, the thief and the infamous assassin.

In the Name of Love

God reveals Himself through HIS NAMES. We can grow in RELATIONSHIP with Him by learning HIS NAMES and reflecting on their meaning. The LORD is our SHEPHERD, PRIEST, KING, and FRIEND
