Practical Telephone Handbook and Guide to the Telephone Exchange

“Scotland is known as the Home of Golf and is renowned for its fascinating history, rich culture and heritage and but above all, our golf courses are situated amid some of the most spectacular scenery in the world. Throughout Scotland there is a huge choice of golf courses to suit every skill level, offering quality, value for money, and above all, a fantastic and unique golfing experience. You are never too far from a golf course with more than 400 courses less than an hour from a city or an airport. Furthermore, the average green fee is £45 which is only around \$70. Every golfer in the world should experience golf in Scotland at least once in their lifetime. Up and down the country Scotland offers unique coastal courses and magnificent links golf, complemented by breathtaking parkland, heathland and moorland golf courses, many of which have been designed by renowned golf architects and played by the golfing elite; another reason for cementing Scotland's golfing reputation. Scotland of course boasts the famous greens of Turnberry and The Old Course. But we are not ones to rest on our laurels and new courses are being added to Scotland's amazing collection all the time. Machrihanish Dunes Golf Club, set hard against the shores of the Atlantic Ocean, is the first 18-hole links golf course to be built on the west coast of Scotland in 100 years, while Castle Stuart in the Highlands is a championship links course overlooking the Moray Firth and well-known landmarks that are synonymous with Highlands. With more than 550 courses populating the stunning scenery the length and breadth of the country, you will never be stuck for quality or choice. With all this and more, there is always a reason for visiting Scotland.” Phillip Riddle, Chief Executive VisitScotland

The internet and other new technologies have changed the tourism industry in an unprecedented way, and keeping pace has become challenging. Online information is now one of the primary influences on consumer decisions in nearly all major markets. For example, 41 per cent of tourists arriving in Spain in 2007 had booked through the internet, and in the United States the number of trips bought online exceeded those purchased offline. Such changes are impacting and influencing the way destinations and companies manage and market themselves.

Grow the Core stands conventional wisdom about business growth on its head and provides a proven formula for growing your business in recessionary times. These days, it's a common belief among business leaders across industry sectors that the best way to grow their businesses is to expand into new markets. In reality, virtually all top-performing companies achieve superior results through a leading position in their core business. Unfortunately, there's very little in the way of practical advice on how to do this. Grow the Core shows you how to focus on your core business for brand success, with a program of eight workouts road-tested by the author's consultancy, the brandgym. The book provides inspiration, practical advice and proven tools for building and strengthening your core business. It is packed with case studies from brandgym clients, including Mars, Friesland Campina, SAB Miller and Danone. The book features exclusive brandgym research, in addition to front-line experience on over one hundred brand coaching projects.

Much of the theatre we make starts with a script and a story given to us by someone else. But what happens when we're required to start from scratch? How do we begin to make theatre using our own ideas, our own perspective, our own stories? A Beginner's Guide to Devising Theatre, written by the artistic directors of the award-winning young people's

performance company Junction 25 and is aimed at those new to devising or wanting to further develop their skills. It explores creative ways to create original theatre from a contemporary stimulus. It offers a structure within which to approach the creative process, including ideas on finding a starting point, generating material, composition and design; it offers practical ideas for use in rehearsal; and it presents grounding in terminology that will support a confident and informed approach to production. The book features contributions from some of the young performers who have been a part of Junction 25's work to date, as well as key artists and companies that work professionally in devised theatre, including case studies from Quarantine, the Team, Mammalian Diving Reflex, Nic Green and Ontroerend Goed. The work of Junction 25 is used to illustrate the concepts and ideas set out in the book. Ideal for any student faced with the challenge of creating work from scratch, A Beginner's Guide to Devising Theatre offers constructive guidance, which supports the requirements of students taking Drama and Theatre Studies courses. The book includes a foreword by theatre critic Lyn Gardner.
