A Change is Gonna Come

Eleven-year-old Charlie Reese has been making the same secret wish every day since fourth grade. She even has a list of all the ways there are to make the wish, such as cutting off the pointed end of a slice of pie and wishing on it as she takes the last bite. But when she is sent to the Blue Ridge Mountains of North Carolina to live with family she barely knows, it seems unlikely that her wish will ever come true. That is until she meets Wishbone, a skinny stray dog who captures her heart, and Howard, a neighbor boy who proves surprising in lots of ways. Suddenly Charlie is in serious danger of discovering that what she thought she wanted may not be what she needs at all. From award-winning author Barbara O'Connor comes a middle-grade novel about a girl who, with the help of a true-blue friend, a big-hearted aunt and uncle, and the dog of her dreams, unexpectedly learns the true meaning of family in the least likely of places. This title has Common Core connections.

Soon to be a major motion picture! Winner of the Newbery Medal and a #1 New York Times bestseller This stirring and unforgettable novel from renowned author Katherine Applegate celebrates the transformative power of unexpected friendships. Inspired by the true story of a captive gorilla known as Ivan, this novel is told from the point of view of Ivan himself. Having spent 27 years behind the glass walls of his enclosure in a shopping mall, Ivan has grown accustomed to humans watching him. He hardly ever thinks about his life in the jungle. Instead, Ivan occupies himself with television, his friends Stella and Bob, and painting. But when he meets Ruby, a baby elephant taken from the wild, he is forced to see their home, and his art, through new eyes. The One and Only Ivan was hailed as a best book of the year by Kirkus, School Library Journal, and Amazon, demonstrating it is a true classic in the making. In the tradition of timeless stories like Charlotte's Web and Stuart Little, Katherine Applegate blends humor and poignancy to create Ivan's unforgettable first-person narration in a story of friendship, art, and hope. An author's note depicts the differences between the fictional story and true events. Plus don't miss The One and Only Bob, Katherine Applegate's return to the world of Ivan, Bob, and Ruby, coming in 2020!

When Kids Can't Read, what Teachers Can Do

Get your head out of your @*&. Snowflake. Stupid liberal. Ignorant conservative. There is much discussion today about the decline in civility in American politics. Couple this phenomenon with the fracturing and hardening of political attitudes, and one might wonder how deliberative democracy, much less political civility, can survive if we can't even talk to people with whom we disagree. Insults are thrown, feelings are hurt, and family and friends, at best, decide to avoid political discussions altogether. At worst, arguments cause social groups to break apart. How can deliberative democracy survive if we can't even speak to people with whom we disagree? As this book argues, we need a new way to discuss politics, one that encourages engagement and room for dissent. One way to approach this challenge is to consider how public opinion changes. By and large, public opinion is sticky and change occurs very slowly; one exception to this is the more recent and significant change in public opinion toward LGBTQ rights and marriage equality. The marriage equality movement is considered one of the great success stories of political advocacy, but why was it so successful? Brian F. Harrison argues that one of the most powerful reasons is that a broad range of marriage equality advocates were willing to engage in contentious and sometimes uncomfortable discussion about their opinions on the matter. They started everyday conversations that got people out of their echo chambers and encouraged them to start

listening and thinking. But the question remains, if simple conversation can work in one arena, can it work in others? And how and where does one approach such conversation? Drawing from social psychology, communication studies, and political science, as well as personal narratives and examples, *A Change is Gonna Come* reflects on the last fifteen years of LGBTQ advocacy to propose practical ways to approach informal political conversation on a variety of contentious issues. This book seeks to answer the seemingly simple question: how can we be politically civil to each other again?

A Newbery Honor Book Today I moved to a twelve-acre rock covered with cement, topped with bird turd and surrounded by water. I'm not the only kid who lives here. There's my sister, Natalie, except she doesn't count. And there are twenty-three other kids who live on the island because their dads work as guards or cook's or doctors or electricians for the prison, like my dad does. Plus, there are a ton of murderers, rapists, hit men, con men, stickup men, embezzlers, connivers, burglars, kidnappers and maybe even an innocent man or two, though I doubt it. The convicts we have are the kind other prisons don't want. I never knew prisons could be picky, but I guess they can. You get to Alcatraz by being the worst of the worst. Unless you're me. I came here because my mother said I had to. "Choldenko's pacing is exquisite. . . . [A] great read."—Kirkus Reviews, starred review From the Trade Paperback edition.

From renowned Newbery-winning author Jerry Spinelli comes a powerful story about how not fitting in just might lead to an incredible life. This classic book is perfect for fans of Gordon Korman and Carl Hiaasen. Just like other kids, Zinkoff rides his bike, hopes for snow days, and wants to be like his dad when he grows up. But Zinkoff also raises his hand with all the wrong answers, trips over his own feet, and falls down with laughter over a word like "Jabip." Other kids have their own word to describe him, but Zinkoff is too busy to hear it. He doesn't know he's not like everyone else. And one winter night, Zinkoff's differences show that any name can someday become "hero." With some of his finest writing to date and great wit and humor, Jerry Spinelli creates a story about a boy's individuality surpassing the need to fit in and the genuine importance of failure. As readers follow Zinkoff from first through sixth grade, it becomes impossible not to identify with and root for him through failures and triumphs. The perfect classroom read.
