The New York Times film critic shows why we need criticism now more than ever. Few could explain, let alone seek out, a career in criticism. Yet what A.O. Scott shows in *Better Living Through Criticism* is that we are, in fact, all critics: because critical thinking informs almost every aspect of artistic creation, of civil action, of interpersonal life. With penetrating insight and warm humor, Scott shows that while individual critics--himself included--can make mistakes and find flaws where they shouldn't, criticism as a discipline is one of the noblest, most creative, and urgent activities of modern existence. Using his own film criticism as a starting point--everything from his infamous dismissal of the international blockbuster *The Avengers* to his intense affection for Pixar's animated *Ratatouille*--Scott expands outward, easily guiding readers through the complexities of Rilke and Shelley, the origins of Chuck Berry and the Rolling Stones, the power of Marina Abramovich and 'Ode on a Grecian Urn.' Drawing on the long tradition of criticism from Aristotle to Susan Sontag, Scott shows that real criticism was and always will be the breath of fresh air that allows true creativity to thrive. "The time for criticism is always now," Scott explains, "because the imperative to think clearly, to insist on the necessary balance of reason

and passion, never goes away."

This is a book for the person who is hungry for an answer. I know that feeling. I was stuck in it for years and as a Coach and Speaker, I have noticed there is a constant theme for us all. We have read all of the success books, we have gone to the seminars but when we go to execute their wonderful information a feeling comes up. We lay in bed and just don't "feel" like doing what they suggest even though we know it will make our life better. That "feeling" stops us from executing one or more steps they suggest we take to make our lives better. I couldn't overcome that feeling either. Here I was an alcoholic, a sex addict, sugar addict, spending addict, tobacco addict, love addict, I had gone bankrupt, been through two horrific

divorces, a child custody battle, I played two professional sports I never wanted to play and I contemplated suicide. None of the books showed me or explained where that feeling comes from, why we all get it and how to overcome it. Without that information, I couldn't execute all of their wonderful suggestions. So this is my story and how I took all of that great information from all of those great success teachers, I collated it and then added to it. I discuss where that feeling comes from, why we all get it and how to overcome it. This book bridges the gap. When you have this information, this skillset to overcome that "feeling" than you can put into place all of their incredible advice and have the personal and professional success we are all searching for.

PREFACE THE object of this volume is to try and lessen the number of dreadful pauses which so many hostesses have experienced with their guests when no one had courage enough to propose a new game, or had foresight enough to come prepared with a mental list of games that have a right good swing to them. This collection will suffice as a background for working purposes, and while many of them may be familiar, at the same time one does not always think of them readily, and will welcome these as a friend in need. The games under the heading Competitions need preparing in advance, as they cannot be rushed

at the last minute. It is as well to decide before sending out the invitations what is to be the principal game of the evening, and then write it on the invitation card. An Evening with Kate will arouse the curiosity of those who do not know the games, and make them all the more anxious to come and find out..
