Paper Towns

Biblical answers to twenty-five of today's most relevant questions.

The Digital Evolution of Live Music

Named one of the most anticipated books of the year by ELLE, BuzzFeed, Esquire, Bitch Media, Good Housekeeping, Electric Literature, Parade and BookRiot “One of the smartest young writers of her generation.”—Book Riot From the acclaimed cultural critic and New York Times bestselling author of This Will Be My Undoing—a writer whom Roxane Gay has hailed as “a force to be reckoned with”—comes this powerful story of her journey to understand her northern and southern roots, the Great Migration, and the displacement of black people across America. Between 1916 and 1970, six million black Americans left their rural homes in the South for jobs in cities in the North, West, and Midwest in a movement known as The Great Migration. But while this event transformed the complexion of America and provided black people with new economic opportunities, it also disconnected them from their roots, their land, and their sense of identity, argues Morgan Jerkins. In this fascinating and deeply personal exploration, she recreates her ancestors’ journeys across America, following the migratory routes they took from Georgia and South Carolina to Louisiana, Oklahoma, and California. Following in their footsteps, Jerkins seeks to understand not only her own past, but the lineage of an entire group of people who have been displaced, disenfranchised, and disrespected throughout our history. Through interviews, photos, and hundreds of pages of transcription, Jerkins braids the loose threads of her family’s oral histories, which she was able to trace back 300 years, with the insights and recollections of black people she met along the way—the tissue of black myths, customs, and blood that

connect the bones of American history. Incisive and illuminating, *Wandering in Strange Lands* is a timely and enthralling look at America's past and present, one family's legacy, and a young black woman's life, filtered through her sharp and curious eyes.

Kindred

A computer with human-like qualities of artificial intelligence develops criminal obsessions and takes over the completely automated home of Susan Harris

My Life In Peru

Okay. Harken to my tale. Once upon a time (a couple of years ago) there were these brothers who had a bunch of really successful podcasts, and they decided to do a new podcast with their dad, where they all played D&D together as a family, and lo, this new podcast was called *The Adventure Zone*, and verily did it get downloaded over 10 million times, and wow did it totally eat the brains of all who listened, because: It was just. That. Rad. AND THEN did these guys team up with artist Carey Pietsch, and make a graphic novel where the weirdly sweet and brilliant but also super SUPER vulgar and honestly kind of bizarre story of *The Adventure Zone* got adapted into a goofy, innovative, and compelling graphic novel! Let no man deny that it was the best idea ever, right? Reader, we're publishing it.

Crap Kingdom

The popular *QUESTIONS AND ANSWERS IN MAGNETIC RESONANCE IMAGING* is thoroughly revised and updated to reflect the latest advances in MRI technology. Four new chapters explain recent developments in the field in the traditional question and short answer format. This clear, concise and informative text discusses hundreds of the most common questions about MRI, as well as some challenging questions for seasoned MRI specialists.

Yahoo! Unplugged

Critically acclaimed when it was first published, *Tuck Everlasting* has become a much-loved, well-studied modern-day classic. This anniversary edition features an in-depth interview conducted by Betsy Hearne in which Natalie Babbitt takes a look at *Tuck Everlasting* twenty-five years later. What if you could live forever? Is eternal life a blessing or a curse? That is what young Winnie Foster must decide when she discovers a spring on her family's property whose waters grant immortality. Members of the Tuck family, having drunk from the spring, tell Winnie of their experiences watching life go by

and never growing older. But then Winnie must decide whether or not to keep the Tucks' secret—and whether or not to join them on their never-ending journey. Praise for Tuck Everlasting by Natalie Babbitt: “A fearsome and beautifully written book that can't be put down or forgotten.” —The New York Times “Exciting and excellently written.” —The New York Times Book Review “With its serious intentions and light touch the story is, like the Tucks, timeless.” —Chicago Sun-Times “Probably the best work of our best children's novelist.” —Harper's “Natalie Babbitt's great skill is spinning fantasy with the lilt and sense of timeless wisdom of the old fairy tales. . . . It lingers on, haunting your waking hours, making you ponder.” —The Boston Globe “This book is as shapely, crisp, sweet, and tangy as a summer-ripe pear.” —Entertainment Weekly This title has Common Core connections.

American Entomologist

A wildly original and hilarious debut novel about the typical high school experience: the homework, the awkwardness, and the mutant creatures from another galaxy. When Darren Bennett meets Eric Lederer, there's an instant connection. They share a love of drawing, the bottom rung on the cruel high school social ladder and a pathological fear of girls. Then Eric reveals a secret: He doesn't sleep. Ever. When word leaks out about Eric's condition, he and Darren find themselves on the run. Is it the government trying to tap into Eric's mind, or something far darker? It could be that not sleeping is only part of what Eric's capable of, and the truth is both better and worse than they could ever imagine. From the Trade Paperback edition.

you the tools to give your clients or your organization a visible, vital marketing presence online

Love You Forever

"Written for those suffering from Lyme disease, especially chronic Lyme, and their families and friends, *Suffering the Silence* provides a sensitive, human look at the illness and the struggle its patients face in finding recognition and treatment."

The New Answers Book

New York Times bestseller! If your funny older sister were the former deputy chief of staff to President Barack Obama, her behind-the-scenes political memoir would look something like this. Alyssa Mastromonaco worked for Barack Obama for almost a decade, and long before his run for president. From the then-senator's early days in Congress to his years in the Oval Office, she made Hope and Change happen through blood, sweat, tears, and lots of briefing binders. But for every historic occasion—meeting the queen at Buckingham Palace, bursting in on secret climate talks, or nailing a campaign speech in a hailstorm—there were dozens of less-than-perfect moments when it was up to Alyssa to save the day. Like the time she learned the hard way that there aren't nearly enough bathrooms at the Vatican. Full of hilarious, never-before-told stories, *WHO THOUGHT THIS WAS A GOOD IDEA?* is an intimate portrait of a president, a book about how to get stuff done, and the story of how one woman challenged, again and again, what a "White House official" is supposed to look like. Here Alyssa shares the strategies that made her successful in politics and beyond, including the importance of confidence, the value of not being a jerk, and why ultimately everything comes down to hard work (and always carrying a spare tampon). Told in a smart, original voice and topped off with a couple of really good cat stories, *WHO THOUGHT THIS WAS A GOOD IDEA?* is a promising debut from a savvy political star.

Suffering the Silence

Tenth-grader Tom Parking's dream of being swept away to a fantasy land where he becomes a hero nearly comes true when he finds himself the Chosen One of a nameless world, the most annoying, least "cool" place in the universe.

Who Thought This Was a Good Idea?

"Library catalogue in 1911" (31 p.) appended to v. 4.

What I Didn't Post on Instagram

This groundbreaking volume offers a fresh approach to conceptualizing the historical geography of North America by taking a thematic rather than a traditional regional perspective. Leading geographers, building on current scholarship in the field, explore five central themes. Part I explores the settling and resettling of the continent through the experiences of Native Americans, early European arrivals, and Africans. Part II examines nineteenth-century European immigrants, the reconfiguration of Native society, and the internal migration of African Americans. Part III considers human transformations of the natural landscape in carving out a transportation network, replumbing waterways, extracting timber and minerals, preserving wilderness, and protecting wildlife. Part IV focuses on human landscapes, blending discussions of the visible imprint of society and distinctive approaches to interpreting these features. The authors discuss survey systems, regional landscapes, and tourist and mythic landscapes as well as the role of race, gender, and photographic representation in shaping our understanding of past landscapes. Part V follows the urban impulse in an analysis of the development of the mercantile city, nineteenth- and twentieth-century planning, and environmental justice. With its focus on human-environment interactions, the mobility of people, and growing urbanization, this thoughtful text will give students a uniquely geographical way to understand North American history. From figuring out what your dream is to quitting in a way that exponentially increases your chance of success, Quitter is full of inspiring stories and actionable advice. This book is based on 12 years of cubicle living and my true story of cultivating a dream job that changed my life and the world in the process. It's time to close the gap between your day job and your dream job. It's time to be a quitter.

Bridge of Clay

According to experts in the field of psychology, more than half of parents experience some sort of separation anxiety when their child leaves for college. You may have been looking forward to your child's departure for 18 years, but now that the time has finally come you are experiencing mixed emotions. What to Expect When Your Child Leaves for College will provide you with valuable information and will help make the transition easier. In this new book, you will learn how to

encourage independence, how to offer support, how to handle the drop-off, how to deal with empty nest syndrome, how to talk to your child about his or her emotions, how to keep the lines of communication open, how to plan meaningful family time, and how to teach your child to live on his or her own. Additionally, you will be provided with insight into your child's emotions, which will help you understand his or her behavior, such as spending excessive amounts of time with friends, ignoring you, or being disagreeable. You will learn how to handle the emotional rollercoaster, how to give your child time to adjust to college life, how to prepare for your child's first visit home, and how to help others deal with the transition. By reading this book, you will learn how your life will change, and you will discover ways to fill the void. *What to Expect When Your Child Leaves for College* provides you with countless ways to prepare yourself for your child's departure, as well as advice from parents, students, and psychologists. Whether your first child is leaving for college or it is your youngest child going away to school, you will find ways to cope with this difficult time in your life. Atlantic Publishing is a small, independent publishing company based in Ocala, Florida. Tuck Everlasting

Master of suspense Steve Alten always takes readers to the edge with his non-stop, adrenaline-charged novels. Now, in *The*

Trench, Alten shows just how deep fear can run when you don't know what lurks beneath the surface Its appetite is ravenous. Its teeth, scalpel-sharp. For the first time, the captive twenty-ton Megalodon shark has tasted human blood, and it wants more On the other side of the world, in the silent depths of the ocean, lies the Marianas Trench, where the Megalodon has spawned since the dawn of time. Paleobiologist Jonas Taylor once dared to enter this perilous cavern. He alone faced a Megalodon shark and cut its heart out. Now, as the body count rises and the horror of a monster's attack grips the California coast, Jonas must begin the hunt again, and return to the waking nightmare of THE TRENCH "A fast-paced thriller with many plot twists." —Booklist "A nail-biting summer read." —Kirkus Reviews

The Berenstain Bears come to life with puzzles, activity pages, and stickers in the newest Berenstain Bears sticker and activity book---The Berenstain Bears Christmas Fun Sticker and Activity Book. Celebrate Christmas fun with the Bear family and their Bear Country friends and neighbors."

Hatchet

By understanding how and when common sense fails, we can improve our understanding of the present and better plan for the future. Drawing on the latest scientific research, along with a wealth of historical and contemporary examples, Watts shows how common sense reasoning and history conspire to mislead us into believing that we understand more about the world of human behavior than we do; and in turn, why attempts to predict, manage, or manipulate social and economic systems so often go awry. It seems obvious, for example, that people respond to incentives; yet policy makers and managers alike frequently fail to anticipate how people will respond to the incentives they create. Social trends often seem to be driven by certain influential people; yet marketers have been unable to identify these "influencers" in advance. And although successful products or companies always seem in retrospect to have succeeded because of their unique qualities, predicting the qualities of the next hit product or hot company is notoriously difficult even for experienced professionals. Watts' argument has important implications in politics, business, and marketing, as well as in science and everyday life.

The Journal of the Royal Astronomical Society of Canada

Weird Thoughts

Seventeen short stories are featured in Thomas Wm. Hamilton's latest book *Weird Thoughts*. Spanning the years 1912 to fifty million years in the future, the book's genres cover science fiction, fantasy, and satire. The stories are followed by seven essays in the field of astronomy, including issues that can be easily misunderstood by the general public. The author was previously an astronomy professor who worked three years on the Apollo Project, determining orbital characteristics, fuel usage, and radar accuracy requirements for space travel. This experience is described in one of the astronomy essays in the book. Three stories set in the far future describe wars taking place among highly evolved animals, including intelligent monkeys, raccoons, dogs, cats, and dolphins. One tale describes an alternate world in which a murder victim gains justice in a time travel adventure. The U.S. presidency is at stake! In other stories, teenagers discover the importance of Spell Check while doing magic, and then there's the tale about Halley's Comet.

The Trench

The Seventh Edition of *Information Privacy Law* has been revised to include the California Consumer Privacy Act, the GDPR, Carpenter, state biometric data laws, and many other new developments. A clear, comprehensive, and cutting-edge introduction to the field of information privacy law, *Information Privacy Law* contains the latest cases and materials exploring issues of emerging technology and information privacy, and the extensive background information and authorial guidance provide clear and concise introductions to various areas of law. New to the Seventh Edition: Additional Coverage or updates to: California Consumer Privacy Act Carpenter v. United States General Data Protection Regulation State biometric data laws New FTC enforcement actions, including Facebook Professors and students will benefit from: Extensive coverage of FTC privacy enforcement, HIPAA and HHS enforcement, standing in privacy lawsuits, among other topics. Chapters devoted exclusively to data security, national security, employment privacy, and education privacy. Sections on government surveillance and freedom to explore ideas. What to Expect When Your Child Leaves for College

Special edition slipcase edition of John Green's *Paper Towns*, with pop-up paper town. From the bestselling author of *The Fault in our Stars*. Quentin Jacobsen has always loved Margo Roth Spiegelman, for Margo (and her adventures) are the stuff of legend at their high school. So when she one day climbs through his window and summons him on an all-night road trip of revenge he cannot help but follow. But the next day Margo doesn't come to school and a week later she is still missing. Q

soon learns that there are clues in her disappearance . . . and they are for him. But as he gets deeper into the mystery - culminating in another awesome road trip across America - he becomes less sure of who and what he is looking for. Masterfully written by John Green, this is a thoughtful, insightful and hilarious coming-of-age story.

The Adventure Zone: Here There Be Gerblins

Set in rural Oklahoma during the late 1980s, *Where the Dead Sit Talking* is a startling, authentically voiced and lyrically written Native American coming-of-age story. With his single mother in jail, Sequoyah, a fifteen-year-old Cherokee boy, is placed in foster care with the Troutt family. Literally and figuratively scarred by his mother's years of substance abuse, Sequoyah keeps mostly to himself, living with his emotions pressed deep below the surface. At least until he meets seventeen-year-old Rosemary, another youth staying with the Troutts. Sequoyah and Rosemary bond over their shared Native American background and tumultuous paths through the foster care system, but as Sequoyah's feelings toward Rosemary deepen, the precariousness of their lives and the scars of their pasts threaten to undo them both.

The Boy Who Couldn't Sleep and Never Had To

The renowned Internet commentator and author of *How to Fix the Future* "expos[es] the greed, egotism and narcissism that fuels the tech world" (Chicago Tribune). The digital revolution has contributed to the world in many positive ways, but we are less aware of the Internet's deeply negative effects. *The Internet Is Not the Answer*, by longtime Internet skeptic Andrew Keen, offers a comprehensive look at what the Internet is doing to our lives. The book traces the technological and economic history of the Internet, from its founding in the 1960s through the rise of big data companies to the increasing attempts to monetize almost every human activity. In this sharp, witty narrative, informed by the work of other writers, reporters, and academics, as well as his own research and interviews, Keen shows us the tech world, warts and all. Startling and important, *The Internet Is Not the Answer* is a big-picture look at what the Internet is doing to our society and an investigation of what we can do to try to make sure the decisions we are making about the reconfiguring of our world do not lead to unpleasant, unforeseen aftershocks. "Andrew Keen has written a very powerful and daring manifesto questioning whether the Internet lives up to its own espoused values. He is not an opponent of Internet culture, he is its conscience, and must be heard." —Po Bronson, #1 New York Times–bestselling author

Everything Is Obvious

"This second edition maintains the book's basis on fundamentals, whilst including experience gained from the rapid growth of renewable energy technologies as secure national resources and for climate change mitigation, more extensively

illustrated with case studies and worked problems. The presentation has been improved throughout, along with a new chapter on economics and institutional factors. Each chapter begins with fundamental theory from a scientific perspective, then considers applied engineering examples and developments, and includes a set of problems and solutions and a bibliography of printed and web-based material for further study. Common symbols and cross referencing apply throughout, essential data are tabulated in appendices. Sections on social and environmental aspects have been added to each technology chapter." -- back cover.

Questions & Answers in Magnetic Resonance Imaging

Octavia E. Butler's 1979 masterpiece and ground-breaking exploration of power and responsibility, for fans of *The Handmaid's Tale*, *The Power* and Yaa Gyasi's *Homegoing*. With an original foreword by Ayòbámi Adébayò. 'If you've ever tweeted "All Lives Matter" someone needs to shove this book into your hand, and quickly' *The Pool* Nineteenth-century Maryland is a very dangerous place for a black woman - but Dana has no choice but to go there, and keep going back. Rufus calls Dana to him whenever his life is threatened. Neither of them understands his power, nor how two such different people will come to depend on each other for survival. And the longer Dana spends with Rufus, the more aware she is that her own life might be over before it's even begun. This is the extraordinary story of two people bound by blood, separated by so much more than time - and confronting the inescapable ties between past and present.

Future Music

This New York Times bestselling novel from acclaimed author Walter Dean Myers tells the story of Steve Harmon, a teenage boy in juvenile detention and on trial. Presented as a screenplay of Steve's own imagination, and peppered with journal entries, the book shows how one single decision can change our whole lives. *Monster* is a multi-award-winning, provocative coming-of-age story that was the first-ever Michael L. Printz Award recipient, an ALA Best Book, a Coretta Scott King Honor selection, and a National Book Award finalist. *Monster* is now a major motion picture called *All Rise* and starring Jennifer Hudson, Kelvin Harrison, Jr., Nas, and A\$AP Rocky. The late Walter Dean Myers was a National Ambassador for Young People's Literature, who was known for his commitment to realistically depicting kids from his hometown of Harlem.

Social Media Strategy

The shocking, never-before-told story of the bizarre world inside the legendary Playboy Mansion—and, finally, the secret truth about the man who holds the key—from one of the few people who truly knows: Hef's former #1 girlfriend and star of *The Girls Next Door* A spontaneous decision at age twenty-one transformed small-town Oregon girl Holly Sue Cullen into

Holly Madison, Hugh Hefner's #1 girlfriend. But like Alice's journey into Wonderland, after Holly plunged down the rabbit hole, what seemed like a fairytale life inside the Playboy Mansion—including A-list celebrity parties and her own #1-rated television show for four years—quickly devolved into an oppressive routine of strict rules, manipulation, and battles with ambitious, backstabbing bunnies. Life inside the notorious Mansion wasn't a dream at all—and quickly became her nightmare. After losing her identity, her sense of self-worth, and her hope for the future, Holly found herself sitting alone in a bathtub contemplating suicide. But instead of ending her life, Holly chose to take charge of it. In this shockingly candid and surprisingly moving memoir, this thoughtful and introspective woman opens up about life inside the Mansion, the drugs, the sex, the abuse, the infamous parties, and her real behind-the-scenes life with Bridget, Kendra, and, of course, Mr. Playboy himself. With great courage, Holly shares the details of her subsequent troubled relationship, landing her own successful television series, and the hard work of healing, including her turn on Dancing with the Stars. A cautionary tale and a celebration of personal empowerment, *Down the Rabbit Hole* reminds us of the importance of fighting for our dreams—and finding the life we deserve.

Wandering in Strange Lands

The unforgettable, New York Times bestselling family saga from Markus Zusak, the storyteller who gave us the extraordinary bestseller *THE BOOK THIEF*, lauded by the New York Times as "the kind of book that can be life-changing." NAMED ONE OF THE BEST BOOKS OF THE YEAR BY ENTERTAINMENT WEEKLY • THE WALL STREET JOURNAL "One of those monumental books that can draw you across space and time into another family's experience in the most profound way." —The Washington Post "Mystical and loaded with heart, it's another gorgeous tearjerker from a rising master of them." —Entertainment Weekly "Devastating, demanding and deeply moving." —Wall Street Journal The breathtaking story of five brothers who bring each other up in a world run by their own rules. As the Dunbar boys love and fight and learn to reckon with the adult world, they discover the moving secret behind their father's disappearance. At the center of the Dunbar family is Clay, a boy who will build a bridge—for his family, for his past, for greatness, for his sins, for a miracle. The question is, how far is Clay willing to go? And how much can he overcome? Written in powerfully inventive language and bursting with heart, *BRIDGE OF CLAY* is signature Zusak.

North American Odyssey

Playing off the themes in the Caldecott Medal-winning children's book *Where the Wild Things Are*, this informative, practical, and encouraging guide will help parents guide boys down the path to healthy and authentic manhood. *Wild Things* addresses the physical, emotional, and spiritual parts of a boy, written by two therapists who are currently engaged in clinical work with boys and their parents and who are also fathers raising five sons. Contains chapters such as "Sit Still! Pay

Attention!” “Deficits and Disappointments,” and “Rituals, Ceremonies, and Rites of Passage.”

Where the Dead Sit Talking

NOW A MAJOR MOTION PICTURE FROM FOX 2000 STARRING MILO VENTIMIGLIA, AMANDA SEYFRIED, AND KEVIN COSTNER
MEET THE DOG WHO WILL SHOW THE WORLD HOW TO BE HUMAN The New York Times bestselling novel from Garth Stein—a heart-wrenching but deeply funny and ultimately uplifting story of family, love, loyalty, and hope—a captivating look at the wonders and absurdities of human life . . . as only a dog could tell it. “Splendid.” —People “The perfect book for anyone who knows that compassion isn’t only for humans, and that the relationship between two souls who are meant for each other never really comes to an end. Every now and then I’m lucky enough to read a novel I can’t stop thinking about: this is one of them.” —Jodi Picoult “It’s impossible not to love Enzo.” —Minneapolis Star Tribune “This old soul of a dog has much to teach us about being human. I loved this book.” —Sara Gruen

The Art of Racing in the Rain

The concept of ‘live’ has changed as a consequence of mediated culture. Interaction may occur in real time, but not necessarily in shared physical spaces with others. The Digital Evolution of Live Music considers notions of live music in time and space as influenced by digital technology. This book presents the argument that live music is a special case in digital experience due to its liminal status between mind and body, words and feelings, sight and sound, virtual and real. Digital live music occupies a multimodal role in a cultural contextual landscape shaped by technological innovation. The book consists of three sections. The first section looks at fan perspectives, digital technology and the jouissance of live music and music festival fans. The second section discusses music in popular culture, exploring YouTube and live music video culture and gaming soundtracks, followed by the concluding section which investigates the future of live music and digital culture. gives perspectives on the function of live music in digital culture and the role of digital in live music focuses on the interaction between live and digital music takes the discussion of live music beyond economics and marketing, to the cultural and philosophical implications of digital culture for the art includes interviews with producers and players in the digital world of music production furthers debate by looking at access to digital music via social media, websites, and applications that recognise the impact of digital culture on the live music experience

Wild Things

I first met Faby in the summer of 2000. On line. I was having a very bad day, just taking a break, checking my e-mail, and this little window popped up, saying “hello” My first response was, “who are you and what do you want?” She said her name

was Fabiola, but her friends call her Ann, and she just wants a friend. It took us five years of talking on line before I went down there to see her. We talked on yahoo quick chat for the longest time. After spending one week with her, I could not stand being with out her. I returned to Lima, Peru, South America in Jan. of 2006. I love my wife very much. This is my story, some of the things I did, and seen while I was there.

Weird in a World That's Not

An honest, sharp-witted, practical guide to help you get and keep the job you want—from an outsider whose been there and done it, a woman who went from being a broke, divorced, college dropout to running some of the biggest websites in the world. Jennifer Romolini started her career as an awkward twenty-seven-year-old misfit, navigated her way through New York media and became a boss—an editor-in-chief, an editorial director, and a vice president—all within little more than a decade. Her book, *Weird In A World That's Not*, asserts that being outside-the-norm and achieving real, high-level success are not mutually exclusive, even if the perception of the business world often seems otherwise, even if it seems like only office-politicking extroverts are set up for reward. Part career memoir, part real-world guide, *Weird in a World That's Not* offers relatable advice on how to achieve your dreams, even when the odds seem stacked against you. Romolini helps you face down your fears, find a career that's right for you, and get and keep a job. She tackles practical issues and offers empathetic, clear-cut answers to important questions: How do I navigate the awkwardness of networking? How do I deal with intense office politics? How do I leave my crappy job? How do I learn how to be a boss not just a #boss? And, most importantly: How do I do all this and stay true to who I really am? Authentic, funny, and moving, *Weird in a World That's Not* will help you tap into your inner tenacity and find your path, no matter how offbeat you are.

Monster

Celebrate the thirtieth anniversary of the Newbery Honor-winning survival novel *Hatchet* with a pocket-sized edition perfect for travelers to take along on their own adventures. This special anniversary edition includes a new introduction and commentary by author Gary Paulsen, pen-and-ink illustrations by Drew Willis, and a water resistant cover. *Hatchet* has also been nominated as one of America's best-loved novels by PBS's *The Great American Read*. Thirteen-year-old Brian Robeson, haunted by his secret knowledge of his mother's infidelity, is traveling by single-engine plane to visit his father for the first time since the divorce. When the plane crashes, killing the pilot, the sole survivor is Brian. He is alone in the Canadian wilderness with nothing but his clothing, a tattered windbreaker, and the hatchet his mother had given him as a present. At first consumed by despair and self-pity, Brian slowly learns survival skills—how to make a shelter for himself, how to hunt and fish and forage for food, how to make a fire—and even finds the courage to start over from scratch when a tornado ravages his campsite. When Brian is finally rescued after fifty-four days in the wild, he emerges from his ordeal with

new patience and maturity, and a greater understanding of himself and his parents.

YouTube and Video Marketing

As her son grows up from little boy to adult man, a mother secretly rocks him each night as he sleeps.
