written language both fun and expressive. Unlike traditional primary grade handwriting manuals that seek to introduce the basic techniques of written language to young students, *The Art of Cursive Penmanship* presents the subject of handwriting as a valuable and spontaneous skill for the adult. In this context, it remains an intimate ability of communication and expression; a personal asset for life. By internationally recognized master penman, Michael R. Sull, *The Art of Cursive Penmanship* focuses on practical self-study techniques designed to accommodate anyone's personal or professional schedule. With determined and consistent use, the daily application of these methods will result in progressive improvement of letterforms, legibility, letter spacing, creating one's signature, the appearance of an individual's penmanship, and the physical action of handwriting through proper posture, correct use of hand and arm muscles, paper position, and a comfortable speed of writing. Recommendations are also offered on the most efficient writing instruments to use, so that handwriting becomes a pleasant activity to be enjoyed, rather than an action merely to be effected.

It's been a decade since Lynne Dorfman and Rose Cappelli wrote the first edition of *Mentor Texts* and helped teachers across the country make the most of high-quality children's literature in their writing instruction. In the second edition of this important book Lynne and Rose show teachers how to help students become confident, accomplished writers by using literature as their foundation. The second edition includes brand-new "Your Turn Lessons," built around the gradual release of responsibility model, offering suggestions for demonstrations and shared or guided writing. Reflection is emphasized as a necessary component to understanding why mentor authors chose certain strategies, literary devices, sentence structures, and words. Lynne and Rose offer new children's book titles in each chapter and in a carefully curated and annotated Treasure Chest. At the end of each chapter a "Think About It--Talk About It--Write About It" section invites reflection and conversation with colleagues. The book is organized around the characteristics of good writing--focus,

Targeting Handwriting

"Tumultuous, vibrant, tragic and over too soon."
--Newsday Handwriting is Michael Ondaatje's first new book of poetry since *The Cinnamon Peeler*. The exquisite poems collected here draw on history, mythology, landscape, and personal memories to weave a rich tapestry of images that reveal the longing for--and expose the anguish over--lost loves, homes, and language, as the poet contemplates scents and gestures and evokes a time when "handwriting occurred on waves, / on leaves, the scripts of smoke" and remembers a woman's "laughter with its / intake of breath. Uhh huh." Crafted with lyrical delicacy and seductive power, *Handwriting* reminds us of Michael Ondaatje's stature as one of the finest poets writing today.
